

## MAN GROUND TO PIECES UNDERNEATH A TRAIN

Wellsville Brakeman Mangled Beyond Recognition While On Duty Near Salineville.

### HE WAS SOON TO HAVE BEEN MARRIED

Mangled so terribly that recognition of him was almost impossible by his most intimate friends, the body of Joseph Sterisel was gathered from the main line of the C. & P. road a mile north of Salineville last evening at about 5:30 o'clock. He had been run down and instantly killed by a west bound freight train.

Sterisel was a brakeman and had been in the employ of the C. & P. company for a year, making his home at Wellsville. He went out on his regular run Tuesday and was returning to Wellsville when he met with the terrible accident. The train upon which he had been working had been ordered to sidetrack and Sterisel was sent back a short distance up the main track to flag a freight train closely following. It was the latter train that killed him, but just how the accident occurred is not known.

Rain was pouring in torrents, the

wind was blowing furiously and total darkness prevailed.

It is supposed that while making his way through the awful blasts he was unconscious of the approach of the train and if he saw it at all it was too late to jump and save himself. The engineer and fireman saw his form, but too late to prevent the mishap and when they got the train to a standstill the body had been ground and torn into numerous pieces. After a long search the remains were gathered into one bleeding and ghastly looking mass and taken to Wellsville, where they were turned over to Undertaker Haugh, who prepared them for shipment.

Sterisel was about 35 years of age. His former home was in Mahanoy City, Pa., where the body will be sent upon the receipt of word from his relatives. It is said that he was married once, his wife dying a few years ago and that he was to have been married again in a short time to a Cleveland girl.

of him he was going at the rate of 40 miles an hour and that he was headed toward any other spot on earth but Lisbon. Chief Wyman heard the shuffle of Stilwell's feet as he ran from the city hall and gave chase, but the young man was too fleet of foot and left the chief in the dim distance.

All of the officers were communicated with immediately and a combined effort was made to land the fugitive, but he was not seen. Chief Wyman went to the home of Stilwell's parents this morning at 4:30 o'clock, thinking that he might find his man, but the father said he and his son were not on speaking terms and he knew better than to come around the house.

Prosecutor Brookes states that Stilwell is not needed badly, the evidence being strong enough, but that he would like to teach Stilwell a lesson. The penalty for contempt of court is severe.

### LABOR DAY PRIZE WAS DIVIDED

Teamsters and Engineers Each Get Half of the \$25 for Best Display.

After a delay of more than a month the award of the prize offered for the best appearance and largest percentage of members in the Labor Day parade was made at the meeting of Trades and Labor Council last night. There was considerable doubt in the minds of the committeemen which of the two unions, the teamsters or the engineers, was deserving of the prize of \$25 and it was finally decided to submit the decision to the two unions concerned. Their decision was to divide the purse equally.

The grievance committee made a complete report upon the settlement of the plumbers' strike and the members were congratulated over their prompt work.

This Nestor of the conclave is receiving, with his commandery, at the Forest City house.

### ADDITIONAL INDICTMENTS HAVE BEEN MADE PUBLIC

Two East Liverpool Cases Among the Batch of True Bills Reported.

Lisbon, October 8.—(Special.)—The following additional indictments returned by the recent grand jury have been given out:

Peter Wollam, charged with interfering with electric light wires in Wellsville.

Cyrus, John and George Newhouse, of Newhouse, a hamlet east of Elkton; assault and battery committed on Charles Harriott May 9, last.

Thomas Dorsey, East Liverpool; selling liquor to a minor.

Barbara Barth, East Liverpool; assault and battery committed on Johann Stebner May 24, last.

### DEAR EXPERIENCE WITH THE MACHINE

Irondale's ex-Mayor Wants Damages From a Nickel-in-the-Slot Proprietor.

### GROUND OF HIS CLAIMS

Lisbon, October 8.—(Special.)—The case of Benjamin J. James, former mayor of Irondale, versus S. S. Creadon, came on for trial before the jury this morning, on appeal from the court of Justice Daniel McIntosh, of Yellow Creek township.

The plaintiff asks \$120 damages, alleged to have accrued to him through the fraudulent representations of the defendant regarding the legality of the use of a certain slot machine. On November 15, 1901, the plaintiff gave to the defendant slot machine privileges in his billiard room in Irondale, on the strength of Creadon's representations that the machine to be installed there was a lawful device; that he had machines in operation in all parts of the state and that he would stand between the owner of the property and any loss or damage.

December 5, 1901, Samuel Rush, whose minor son had lost money by trying to work Creadon's machine, began action to recover damages in the court of Justice W. P. King, in Saline township, Jefferson county. At the solicitation of Creadon, who promised to remunerate him, Mr. James a few days later settled the claim, which, with the costs, amounted to \$120. James now asks judgment for this amount.

The defendant filed an answer in which he held that the plaintiff knew that the slot machine was a gambling device. Charles Boyd, of Wellsville, and Jay S. Paisley, of Salineville, are the plaintiff's attorneys, and Judge J. G. Moore, of Lisbon, and Louis C. Moore, of Salineville, represent the defendant.

### DAUGHTERS OF REBEKAH IN ANNUAL CONVENTION

About 100 Delegates Representing the District Assembled at Lisbon.

Lisbon, October 8.—(Special.)—About 100 visiting delegates were present this morning at 10 o'clock at the opening of the annual convention of the Daughters of Rebekah of the Thirtieth district. The sessions are being held in Odd Fellows' hall. The convention opened with singing, prayer by Rev. George Fowler, of Lisbon. Addresses of welcome by Mayor George T. Farrell, for the city, and Miss Harriet Young, for Lisbon lodge. Mrs. Job Evans, of Home lodge, No. 110, Salem, responded.

The morning session included vocal and instrumental music by Misses Leah King and Daphne Springer, Mrs. C. G. Baxley and Martin Jay Force, of Lisbon. The visiting delegates are being entertained by the local W. C. T. U. Among those in attendance are Grand Master Charles C. Pavey, of Columbus, and the president, Ethel Ritchey, of Delaware, O.

Manila, October 8.—(Special.)—Consul McQuade, stationed at Canton, and other American consuls, are charged with having been involved in a scheme to smuggle Chinese into the Philippines.

### CAMPAIGN PLANS WERE DISCUSSED

Republican Central Committee Held An Enthusiastic Meeting Last Night.

### FORAKER MUCH WANTED

To Address a Rally in This City and It Is Hoped He Will Come—Other Features of Campaign Work Were Talked Over.

The inclement weather last evening was responsible for a small attendance at the city hall of members of the Republican central committee, called together for the purpose of arranging for the campaign now in progress over the state. Notwithstanding this, all business possible to attend to at the present time was given due consideration.

Chairman W. L. Smith being out of the city it was necessary to select a man to fill his place temporarily and W. M. Hill was unanimously chosen. Attorney James McGarry acted as secretary. Acting Chairman Hill announced that a Republican rally is to be held in both the central part of the city and the East End and asked for the wishes of the assemblage as to who the speakers shall be.

It was recalled that Senator J. B. Foraker had promised to make a campaign speech in the city this fall if possible, and he was the unanimous choice of the committee. There is a possibility, however, of his being unable to be present, and acting in accordance with the instructions of the state committee, four names of speakers were chosen, two of which will be appointed. The names are: Senator J. B. Foraker, Senator M. A. Hanna, Hon. J. J. Sullivan, of Warren, and Hon. Randolph Walton. The latter will be assigned to the East End.

The speakers are all eminent men and will be greatly appreciated. Senators Foraker and Hanna are well known locally. Hon. J. J. Sullivan is a self-made man and one of the most brilliant orators in the state. He is a personal friend of Senator W. V. Blake, who recommends him highly and who will do all in his power to get him to accept the invitation. Hon. Mr. Walton is private secretary to Gov. Nash and an orator of no mean ability. The date was not decided upon when the rallies are to be held, but it will occur some time during the next two weeks.

Vacancies noted in the committee were filled as follows:

Second ward, second precinct—E. E. Grosshans, vice A. W. King.

Third ward, first precinct—Gasper Mettsch, vice A. W. Stevenson.

Third ward, second precinct—J. N. Rose, vice L. T. Stevenson.

Secretary McGarry was instructed to prepare a circular letter for distribution among the voters of the city containing the boundaries of the precincts of the several wards. The boundaries—incomplete—are as follows:

First ward, first precinct—From the state line west to the center of Martin street. Second precinct—From center of Martin street west to Ralston's crossing.

Second ward, first precinct—From Ralston's crossing west to center of Broadway, north to Sixth street and Bradshaw avenue. Second precinct—North to Morton street and Calcutta road. Third precinct—North to corporate limits.

Third ward, first precinct—From Broadway west to Jackson street to Sixth street. Second precinct—From Sixth street and West Market street north to corporate limits.

Fourth ward, first precinct—From Jackson and Sixth streets to Carpenter's run. Second precinct—From Sixth street and West Market street to Carpenter's run. Third precinct—All west of the second precinct to the corporate limits.

Agreement Between Uncle Sam And China Put in Effect By Official Action.

Washington, October 8.—(Special.)—The Chinese-American treaty was signed at Shanghai today.

### Rummage Sale Soon.

The Young Ladies' Missionary society of the First Presbyterian church have decided to postpone the rubber sale until some time in the spring, but the rummage sale will be held very soon.

### DRAWING LARGE CROWDS

Hanna, Herrick and Harding Are Holding Successful Campaign Meetings.

Columbus, October 8.—(Special.)—Hanna, Herrick and Harding are drawing large crowds and having very successful meetings. Harding is making a good reputation as a speaker, and according to Chairman Longworth, of the speakers' bureau at Republican headquarters, is more in demand than any other speaker. Hanna and Foraker will address a big meeting here October 29.

Foraker will make many speeches, but his itinerary is yet to be made up. Governor Nash will also take the stump. The state committee is at work on the dates and places for the meetings to be addressed by the 20 or 40 outside speakers who will enter the state.

### VETERANS HAD A FINE REUNION

Old Soldiers of the 104th Will Meet Next Year at Akron.

### THE ELECTION OF OFFICERS

The afternoon exercises yesterday at the thirty-fourth annual reunion of the 104th O. V. L., held at the Cooper opera house, Wellsville, which was prettily decorated and made comfortable for the veterans, proved very interesting and entertaining.

After the meeting was called to order by the president, Rev. Dr. J. C. Taggart, of East Liverpool, opened the ceremonies with a short invocation. The address of welcome by Mayor Fogo followed, welcoming the veterans to the city. This address was responded to by S. S. Cope, the chairman of the day and a member of the local committee.

Regular business was then taken up by the regiment and reports were received and communications read. Communications were read from members of the regiment scattered from coast to coast, expressing their regrets at being unable to attend the reunion. The report of the treasurer was then heard. He stated that at the last meeting held last year at Massillon, there was \$48 in the treasury, but said that \$29 of this had been voted to be given to the McKinley memorial fund at Canton. The treasurer of the regiment displayed a receipt for this donation from the memorial fund committee at Canton and reported a balance of \$28 in the treasury. This was all the report he had to make.

Chairman Cope volunteered the information that there would be no expense connected with the meeting in Wellsville this year, as the local committee proposed to bear all of this expense, so that the amount in the treasury will be increased this year instead of decreased.

The next matter in order was the report of deaths in the different companies during the past year. The following reports were given by each company: Co. A—James Allen; Co. B—No deaths; Co. C—Capt. Hugh Seargent, William G. Alcorn, Luther A. Paxton, Harvey Huston, Herman D. Lead and J. M. Asburn; Co. D—No deaths; Co. E—No deaths; Co. F—No deaths; Co. G—No deaths; Co. H—No deaths; Co. I—Lloyd Heman; Co. K—Henry S. Keppel, David Smith, Charles F. Fox, James A. Bevington, George E. Farmer, James E. Tanner.

The selecting of committees and reports and other miscellaneous business was then taken up after which the meeting was adjourned for supper. The evening session was very successful and was thoroughly enjoyed by the large crowd of survivors of the regiment who were present. The program consisted of a camp fire, which was a sort of social affair, the soldiers conversing with one another on old times and singing old war songs that were suggested. A fine musical and literary program of local talent followed the camp fire and was thoroughly enjoyed.

A short business session was held early this morning and the business of the reunion completed and the comrades allowed to bid one another farewell, perhaps for the last time.

The election of officers resulted as follows: President, Eli Smith, Akron; secretary, J. F. Whittlesey, Akron; treasurer, J. R. Lawrence, Canal Fulton. The next meeting will be held at Akron in October, next year.

## ENGINEERS PRESENT THEIR ULTIMATUM

Unless Their Proposed Scale Is Signed By Monday Next International Union Men Will Quit.

### MATTER REPORTED TO TRADES COUNCIL

An ultimatum, from International Union of Steam Engineers, No. 169, of East Liverpool, to the effect that the members would refuse to go to work on next Monday morning unless the present difficulties are settled, was sent this morning to the manufacturers and others in the city employing members of the union.

This action is said to have been found necessary after every other effort to settle the difficulty had failed. The delegates to Trades and Labor Council from the local reported at the meeting last night that a peaceful settlement had been found impossible, as the committee from the United States Pottery's association persistently failed to show up at the meetings arranged on several occasions.

The determination of the engineers, reached after several months of negotiations, during which time their representatives have met with constant rebuffs, will no doubt be carried into effect on next Monday. While all the

plants in the city are not concerned the results of this action will of a very serious nature. Unless engineers can be secured to fill the places of those who will walk out a majority of the pottery plants and other manufacturing establishments in the city will be tied up and thousands of men thrown out of employment.

At a number of plants in this city and Wellsville, where union engineers are employed, the men are receiving the minimum wages demanded in the new scale, submitted July 10. Quite a number of other employers, other than manufacturing potteries, have stated that they will accede to the demands at the proper time. In the potteries a number of the engineers have been for some time receiving the minimum wage, but the employers have refused to sign the scale, owing to objection to the first clause in the agreement, providing that none but union men be employed. The insistence of the men

### KNIGHTS TEMPLAR AT CLEVELAND

Welcome to the City Followed By a Large And Imposing Parade.

Cleveland, October 8.—Not a hitman marred the events of the Knights Templars' second day of the conclave and everything went forward according to program with flying colors. All the commanderies are now in the city, one of the largest delegations to arrive being that including Lake Erie commandery No. 29, and Hugh DePavens No. 30, both of Buffalo, which come as guests.

At 9:30 a. m., Reed commandery No. 6, of Dayton, acting as a specially chosen escort, marched with the grand commander from the Hollenden to the music temple. There in the hall, the formal opening of the grand commandery session was held at 10 o'clock. On behalf of the city, Member of the Board of Public Service Cooley welcomed the knights to Cleveland, and spoke for 10 minutes in such a vein that he was roundly applauded.

Sir William T. McClean, right eminent grand commander of Ohio, responded to the speech of welcome and the sixty-first annual conclave of the grand commandery of Ohio was declared formally opened. The session, which was of a secret nature, and for the transaction of state commandery business, lasted until 12 o'clock. None but present or past eminent grand commanders are privileged to attend this session, and of those about 750 were present. The grand parade started shortly after 2 o'clock and was a most impressive spectacle.

### WARSHIPS ENTER A COREAN HARBOR

Ninety Russian Vessels Anchor Alongside the Japanese Men of War.

Paris, October 8.—(Special.)—Ninety Russian warships have arrived at Massanaphon harbor, South Korea, and anchored alongside Japanese warships. Several brigades of Russian troops are also encamped on the Korean border.

Regarding the future of Korea diplomatic proceedings are being negotiated at Tokio.

### New Industry in Operation.

Bellaire, October 8.—One more large industry in Bellaire has started, one that counts very much to the city. Yesterday morning fire was started in the Thomas L. Strong enamel works. The contract for this plant was let less than five months ago. It will employ between 200 and 300 people, male and female. This makes four plants of this kind Bellaire has, and all considered the finest. The company will be making ware in a few days.

### MUCH HEATED RIVALRY IN MARRYING BUSINESS

Squire Rose and Justice McCarron Working Hard With Honors About Even.

Two of the local justices, Squire Rose, the senior judge, and Justice H. P. McCarron, "the Irish judge," as he is styled by the former, are engaged in heated rivalry in an attempt to get a monopoly on the "marrying business." Both are hard workers and for the present week honors are about equally divided. Squire Rose having married two couples and obtained five licenses while the younger Justice has actually married three couples. Both are confident of at least double the number before Saturday night.

Two of the couples for whom Squire McCarron tied the nuptial knot passed through the pleasant ordeal this morning, a few minutes before noon. The Justice says it was a real good appetizer for his dinner. Both couples were from New Brighton. They are Grover Kincaid and Miss Mary Free; Thomas Murphy and Miss Elizabeth Lincoln. According to the squire they comprised about the prettiest bevy of Cupid's victims that he has seen together in many a day.

Justice Rose gives but one of his marriages for publication. William D. Teneyck and Miss Fannie E. Cramer, both of the city, called at his home last evening and asked to be married. The squire performed the ceremony with all the grace and dignity of an old fashioned Methodist minister and the couple went away all smiles.

Prize Offered By the News Review to Expert Marksmen Can Now Be Seen.

A handsome silver cup, the trophy offered in the shooting tournament at the News Review's annual outings, has been placed on exhibition in one of the show windows at Lewis Bros. by the East Liverpool Gun club. The cup is of a very graceful design, handsomely gotten up and attracted a great deal of attention.

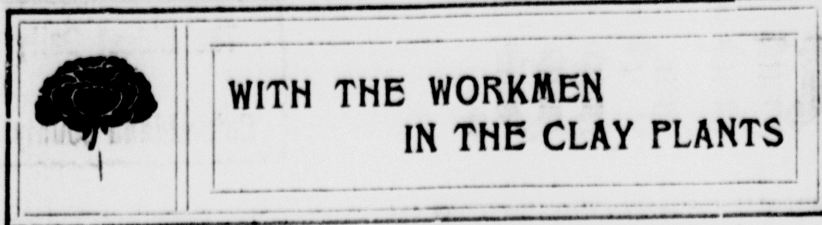

The East Liverpool club, under the conditions of the shoot, is entitled to hold the cup until next year, when it is to be contested for again at the News Review outing.

### Long Idle Mills Start.

Wheeling, October 8.—Sheet mills that have been idle since last June have been ordered to work at the Whitaker mill. The announcement was made Tuesday that sheet mills Nos. 2 and 3 would be started at once, without further delay, and that mills Nos. 1 and 4 would resume operations Monday next.

## A PROGRESSIVE STEP.

East Liverpool is just at present jubilating over the settlement for another year of the wage question in the pottery industry. The matter was adjusted by a board of arbitration and thus a strike was happily averted. The board recommended that its findings be made binding for two years, which would indicate its faith in Republican triumph at the coming elections and the continuation of favorable industrial conditions.

It also marks a distinct advance in the methods applied to wage settlements, says the Youngstown Times. They are made standing and must continue binding until proper notice for review is given by one side. Thus the relations between employer and employee become established on a self-adjusting scale and so long as candor and honesty are shown in their relations by both sides, labor troubles should be impossible.

A similar agreement has been in force between the Carnegie Steel company and its employees for the past four years and this doubtless has been a strong factor in the prosperity of the company and the welfare of its men. The company has a strong reserve and the men nearly all own their own homes and have bank accounts to tide them over a rainy day. In this case the man who is on the pay roll is as fortunate as the man who owns stock in the company, and

## BACK GIVES OUT

Plenty of East Liverpool Readers Have This Experience.

You tax the kidneys, overwork them. They can't keep up the continued strain.

The back gives out—it aches and pains. Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

East Liverpool people tell you how they act.

Mr. William Anderson, of 305 Lison street, says: "During the civil war I enlisted and served three years in the Forty-second Infantry. From the exposure during the war I attribute the severe aching and weakness in the joints and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. Pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

## THE WEATHER.

Ohio—Fair, except rain in northeast portion; cooler; high, but diminishing west winds; Friday fair. Western Pennsylvania—Cooler, with fair in south and showers followed by fair in northern portion; brisk west winds; Friday fair. West Virginia—Cooler, with rain, followed by fair.

In many instances both are identical. So soon as employees understand that theoretically there is an economic wage scale that represents exact justice as between them and their employees, and recognizing this, make such practical wage contracts that the actual wage being paid may be automatically raised or lowered to the theoretical level of just compensation, labor controversies will end, and as in the case of the Carnegie company, when the just level is found, business may be made to run prosperously at that level for years together.

The Carnegie company has now posted notice of its desire to open the wage question and there is no doubt but that the employees will accept the scale suggested as just by the showing of earnings under present business conditions.

East Liverpool will now make mighty poor missionary work for the mightier poor missionary territory for the Democrats, for with local conditions safeguarded by new contracts the community will desire a continuation of general conditions of confidence and prosperity in the nation.

Wage settlements are the safeguard to local conditions and the Republican protective policy is the safeguard to national conditions.

Without the demand for its products no wage contract can secure the fulfillment of its own obligations and it is no protection to the employees.

While the demand for products runs a failure to agree on wages injures only the community in which it occurs, for manufacture will proceed in other sections and the supply be kept up. But when protection is withdrawn from the manufacturer the demand itself disappears and general disaster is inevitable.

Here is illustrated the shortsightedness of the Democratic policy. It argues injury to general business, in other words, the removal of protection from what it is pleased to call "trust made" goods, as a means of benefiting consumers and the laboring people.

On the other hand the Republicans say, maintain conditions of general prosperity and then force a fair division of its fruits by just such wage settlements as the one made at East Liverpool in the pottery industry.

Instead of killing the goose, these potters have attached a good, stout string to her leg, thus insuring that the golden egg shall not get away from them.

Our advice to all laboring men is, vote the Republican ticket, and in matters of wage controversies, emulate the potters of East Liverpool.

## A NEW POTTERY.

Crooksville is to have another pottery. A new company is forming which will be capitalized at \$10,000 or \$15,000 to make specialties, flower pots, fancy ware and other articles made from common clay. It is understood white ware will not be manufactured. Enough of the capital stock has been subscribed to insure the success of the enterprise. Crooksville has two white ware potteries.

## POTTERY NOTES.

Charles Pepin, formerly a sticker-up at the Standard, has taken a jigger at the Union.

Henry Deakin has taken his old pressing bench at McNicol's after absence of several weeks.

## WILL NOT EVACUATE

Russia Proposes Remaining in Manchuria Until Demands Are Granted.

## CHINA HAS APPEALED TO JAPAN

United States Will Not Interfere So Long as Commercial Treaty Is Observed—Is to Be Signed Today—Crisis Is Possible.

Yokohama, Oct. 8.—According to information received here the Russian minister at Peking, M. Lessar, has informed the Chinese foreign office that Russia will never evacuate Manchuria unless her latest demands are granted. China, it is added, has appealed to the Japanese minister, M. Uchida, for Japanese assistance.

Washington, Oct. 8.—The state department has not received direct confirmation of the Associated Press' information from Yokohama, but officials say they would not be surprised to receive such confirmation at any time from Minister Conger. They say they are fully prepared to believe the news that Russia has served notice on China that she will not evacuate Manchuria until her latest demands are granted.

Exactly what these demands are no official of the state department is prepared to say, but the belief is strong that they are practically the same as those reported from Peking last spring and disavowed by the Russian foreign office. It was said on the highest authority that this government had reason to believe that Russia was insisting on the very demands which Count Lamdorff assured Ambassador McCormick had never been presented, and which Count Cassini, the Russian ambassador, told Secretary Hay were merely presented as bases of negotiations.

It was stated by the same authority that this government will not feel called upon to enter protest against Russia's action so long as our commercial treaty, which is to be signed today, is observed and the two ports in Manchuria promised by Russia remain open to the world's commerce.

London, Oct. 8.—The correspondent of the Daily Mail, at Kobe, Japan, telegraphs that Baron von Rosen on Oct. 4 presented a note to the Japanese government contending that Japan had no right to interfere in the question of the evacuation of Manchuria, which solely concerned Russia and China. The note further proposed the partition of Korea and suggested that Japan should take the southern half and Russia the northern provinces. The note was discussed by a council of ministers Oct. 5, and Marquis Yamagata, commander-in-chief of the army, had consultations with the ministers of war and marine. The Japanese government, adds the correspondent, then sent a reply to Baron von Rosen rejecting the Russian proposal. A crisis is possible at any moment.

## Schwab and Morgan & Co.'s Connection With Shipbuilding Company.

New York, Oct. 8.—One of the most interesting statements in connection with the formation of the ill-fated United States Shipbuilding company, told by D. Leroy Dresser, in legal proceedings, was that after a pool of 200,000 preferred and 250,000 common stock had been placed in the hands of Harris, Gates & Co., it was agreed that none of this stock should be marketed until 25,000 preferred and 25,000 common, owned by J. P. Morgan & Co., and 75,000 of each kind, owned by C. M. Schwab, had been first sold.

Mr. Dresser told also of his original agreement with the Trust Company of the Republic to obtain the underwriting of \$3,000,000 of United States Shipbuilding company stock; how this was increased to \$4,700,000 by default of the French subscribers to pay; how Mr. Schwab came to offer his Bethlehem works to the shipbuilding company, and how Morgan & Co. then came into the transaction.

## Danger of Conflict Believed Averted.

Constantinople, Oct. 8.—Since the arrival of Natchovics, the Bulgarian diplomatic agent, there is evidence of a relaxation of the strained relations with Bulgaria. Immediately after M. Natchovics arrived he had a long interview with the sultan's secretary, who repeatedly consulted with Abdul Hamid in the course of the interview. The opinion prevails that all imminent danger of a Turko-Bulgarian conflict has been averted.

## Tornadoes Leave Trail of Death.

Emporia, Kan., Oct. 8.—Three persons killed outright, two fatally injured, and 14 more of less seriously hurt, with enormous property damage, is the net result of tornadoes that prevailed near Hamilton, Greenwood county, and near Alceville, in Coffey county, Kan. The town of Alceville, which has 200 inhabitants, was practically demolished. Wires were prostrated and the list of casualties may yet be incomplete.

## Receiver for Rubber Company.

Akron, O., Oct. 8.—Judge J. A. Kohler has appointed A. E. Kling as receiver to take charge of the business of the Lyon Rubber company, whose officers were recently arrested by the United States authorities for mismanagement of the mails. The petition was filed by O. G. Lyon, a director in the company.

## Contagion! Contagion!

This is the Alarm that must be Sounded Against Catarrh.

It is Contagious! It is Catching! It is Infectious!

Catarrh is a GERM disease and must be so treated henceforth. BRAZILIAN BALM is the only antiseptic that destroys the infectious germ and makes a radical cure.

## A Home Treatment for \$1.00 With Tonic Free

We all know that Small Pox, Typhoid, Diphtheria, Measles, Mumps, Scarlet Fever, Whooping Cough, etc., are "catching." They are "catching" or contagious because they are germ or microbe diseases. This is no theory, it is a proved fact, admitted by all scientific men. Dr. Theodore Potter, the eminent bacteriologist, says: "We can see bacteria, can cultivate them, can identify and grow the different varieties. We can plant them in the bodies of men and animals and reproduce at will the diseases from which the bacteria were obtained."

This is equally true of Catarrh. The catarrh-like breath of the Catarrh victim is laden with these malignant germs, so is the pus. Put a drop of it under a powerful microscope and see the wriggle. They are very minute it is true. It takes 200,000 of them laid side by side to cover an inch on the rule, but there is probably no microbe so long lived, so persistent, so voracious and so hard to kill.

## Not Climatic.

The opinion has widely prevailed that Catarrh was caused by climatic conditions. This is found to be a mistake, and has had most disastrous results, leaving the disease to spread unchecked over wide sections of the country. Possibly some localities are more favorable to its development and violence than others, but there must be the seed before you can get the harvest. Oats must be sown to produce oats, and wheat to produce wheat. The Small Pox microbe must be sown to produce Small Pox, the Mumps microbe

to produce Mumps. So the Catarrh microbe must be sown in to produce Catarrh, climate or no climate. The Catarrh germ will produce Catarrh and nothing else will produce it.

Again, Among the Aborigines of this country Catarrh was unknown. That proves it is not "climatic." Another thing. It took 30 years for Catarrh to get a foothold among us. Forty years ago less than 5 per cent. of the adult population were affected. Today there are over 20,000,000 victims, and rapidly multiplying. Has "climate" done this? Could anything do it but contagion?

## How has it Spread?

The breath! The fetid, germ-laden breath. Also by contact as in kissing. Also from expectorations, and washing in the same bowl, using the same towels, napkins, etc., used by those afflicted with this putrid disease. It does not spring from the blood or any condition of the blood. The Catarrh microbe is never found in the "blood." It is not a "blood disease," and cannot be cured by "blood medicines." It is a germ disease and is propagated as above stated. It could not be propagated through the "blood."

## A Sanitary Problem.

So rapid have been the ravages of this putrid distemper within the last few years that it must soon come to the front as the most vital sanitary problem. The disease is everywhere, but in many localities it is a veritable pestilence. If every house were quarantined where it exists how many houses would fail to display the "Yellow Flag"? Every one must help to stamp out this plague. Every one is vitally interested. Every one who is now free from it must avoid contagion as they would Small Pox or the Cholera. Those who are afflicted with it, even in a mild form, should hasten to get cured, and the other members of the family for their

own safety, should insist on instant action. With united action the plague can be stayed and stamped out.

## One Sure Cure.

Fortunately an antidote has at last been found for this filthy and infectious distemper. At last, after everything else has failed, and even the doctors had given up in despair, Brazilian Balm was discovered. It kills the microbe instantly, it penetrates between the folds and into the deepest passages of the head, healing the ulcers and running sores. It is the most healing balsam in the world. The moment you begin its use it renders its breath and expectoration innocuous (non-contagious). It heals the throat, curing Asthma and Bronchitis. It heals the stomach that has been made raw and ulcerated by swallowing the germ-laden Catarrh pus. It quickly takes Colds and Grippe out of the system. It has been used 15 years and cured tens of thousands, even where the throat was eaten out so you could put your finger into the hole an inch deep. It will cure you.

## A Great Offer.

Catarrh victims have run down systems and impaired vitality. It could hardly be otherwise.

They need a good Tonic to help in restoring their lost vigor. A nerve and strength builder. We have the best remedy for this known to science: TOXICOLA TABLETS. We will from this time on, for the next six months, send a month's treatment of TOXICOLA TABLETS with every \$1.00 bottle of Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a Month's Treatment. See the name is blown in the bottle. B. F. Jackson & Co., Indianapolis, Ind. To summer is the best time to treat Catarrh, as the disease is less violent then than in cold weather.

Because They Bring Quick Results.

## The Dinner Pail

Of the American working men is generally well filled. In some cases it is so well filled, it contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutriment. As a consequence many a working man develops some form of indigestion, which interferes with his health and reduces his working capacity. Where there is indigestion or any other indication of disordered stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Seaton, of Sub Station, Columbus, O., Box 100, writes: "I was taken with severe headache then cramps in my stomach, and food would not digest, then kidney and bladder and my back got weak so I could scarcely get around. At last I had the common remedy, the more I doctored the worse I got until six weeks passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up all hope of being cured. Then I read of Dr. Pierce's Golden Medical Discovery and made a new man out of myself. The first bottle helped me, I thought I would get another and after I had taken eight bottles in about six weeks, I was weighed, and found I had gained twenty-seven (27) pounds. I am as stout and healthy today, I think, as I ever was."

FREE. Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## No Life, No Energy, No Ambition

These are common expressions heard every day, and the finger points that point with unfailing accuracy to the nervous system, and its vitality by overwork, worry or excess of some kind. That any one should allow this condition to go on to complete mental, physical or sexual ruin, is a tragedy that is too often repeated. BAR-BEN Food is a medicine designed expressly for this condition, a medicine that cures by increasing the circulation, stimulating the kidneys and purifying and strengthening the blood, thus building up the very essential life—Nerve Force. This great remedy and the nervous, irritable, weak and trembling feelings disappear. Your sleep will be natural, and you will wake morning feeling strong and vigorous instead of tired. All chronic depression and sense of anxiety will fade from your mind, your nerves will become strong and steady, and your ambition will be restored and perfect health and strength will take the place of weakness and disease. The testimony of thousands of men and women who BAR-BEN has lifted from this hopeless condition of languishing tells the tale of this great remedy more effectively than words can portray. It should be tried for free sample. All druggists or mailed on receipt of price, 50 cents.

## EAST END

### TEARFUL FAREWELLS SAID THIS MORNING

Affecting Scene at the East End Station When Party Left for California.

There was an affecting scene at the little East End passenger station this morning when a number of well known people bid relatives and friends adieu to commence the long journey to California. Quite a number gathered at the platform to say the last farewell and in many eyes there were tears. Mrs. Pearl Martin and her children, Alberta and Caroline; Miss Maude Woodward and her sister and Thomas Atkinson composed the party. Mrs. Martin and the children will go to Los Angeles, where they will visit her brother, Frank Seagrave, a prominent newspaper man of that city. The Misses Woodward will locate in Los Angeles. Mr. Atkinson, who only returned from California last spring, will resume his former work on the street car lines in and around Los Angeles.

### DOING GREAT WORK FOR NEGROES OF THE SOUTH

Rev. J. E. James Lectures on "Mission Work in the Black Belt" Last Night.

Rev. J. E. James, the colored divine and educator, was greeted by a large audience at the Second U. P. church last evening and his lecture upon the subject, "Mission Work in the Black Belt," was greatly enjoyed. The work in which Rev. Mr. James is engaged is of such importance that the ministers of this presbytery have decided to have him speak throughout the presbytery.

Rev. Mr. James told of the great good that is being accomplished through the various churches by educational work in the south. The U. P. church is lending its support to the institution of which he is the principal and much good is being accomplished. Rev. Mr. James is to lecture tonight at West Beaver.

### An Indian Missionary.

Mrs. Jeannette Alter is to lecture at the Second U. P. church next Thursday evening, October 15. Mrs. Alter has spent eight years among the Indians engaged in missionary work, and her lectures have won her a great deal of renown. Her subject will be "Lights and Shadows of Indian Life," dealing for the most part with the amusing side of the red skin.

### Presbytery to Meet.

The fall meeting of the Steubenville presbytery, United Presbyterian church, is to be held Monday and Tuesday of next week at Knoxville. The usual routine business is to be disposed. Rev. D. W. McQuiston, of the Second U. P. church, will attend.

### EAST END AFFAIRS.

Walter Young and Charles Smith went to Pittsburgh today to see the ball game.

Warren Horger, ill for several days, was taken worse during the night, but this morning is able to get around as usual.

Claude Morrow, of the Bradman grocery, went to Pittsburgh today to witness the ball game between Pittsburgh and Boston.

Henry Goodballet left this morning for Marietta, where he will remain several days attending to some business matters.

Lewis Howard and wife were among the many that went to Pittsburgh to take in the exposition, the ball game and the production of "Bluebeard," at the Alvin.

### RECIPROcity PROPOSED WITH OTHER STATES

Ohio to Take Down the Barrier Against Admitting Outside Physicians.

Columbus, October 8.—At the quarterly meeting of the state board of medical registration and examination held yesterday, a resolution was adopted providing for reciprocity in admitting physicians from other states to practice in Ohio.

Heretofore it has been the custom to require all to undergo an examination here before they could practice, no matter how much experience they had had or whether they had received certificates in other states having as high, if not a higher, standard of curriculum in medical schools and corresponding examinations.

In the future those states which require the same qualifications as Ohio and which agree to accept similar certificates of the Ohio men will be admitted to practice in this state without examination.

Ohio has been slow to adopt the

### J. P. McCORMACK CURED OF BACKACHE AND KIDNEY TROUBLE.

Aug. 4 1903, J. P. McCormack of Springfield, Mass., writes: "I shall always be ready to recommend to any sufferer from backache or kidney troubles your very effective Kidney-Wort Tablets. They are absolutely all you claim for them."

Many people suffering from headaches, dizzy feelings, rheumatism, loss of appetite or loss of strength do not think of their kidneys. Yet the kidneys are accountable for more aches and pains than any other organ of the body. They are the unsuspected cause of many serious diseases. The concentrated specific, Kidney-Wort Tablets cures all these symptoms of kidney disease.

reciprocity plan. It has been agitated for some time.

The board revoked the license of Stephen Burkhart, of Nevada, a physician, against whom charges of drunkenness had been preferred by his townspeople. His accusers were, before the board yesterday, but Dr. Burkhart did not appear. His only resource is to appeal to the attorney general and governor.

The board's committee which has been working on a proposed standard of curriculum to be required of medical colleges in Ohio made only a partial report yesterday. It will complete the work by the time of the January meeting.

The anti-hunters' association of Salem township has decided to allow no hunting on their farms in that township this season and no farmer will grant a permit. They did the same thing last season and were annoyed but very little.

The Columbia Fire Brick company of Canton has been incorporated with a capital stock of \$100,000 by Henry A. Wise, Edgar A. Bowman, Ernest T. Hauser, O. M. Coxen and Jacob I. Pierson. It is erecting a big plant at Strasburg, Tuscarawas county.

### Go Prepared.

In preparing for your summer outing a little forethought may save you a good deal of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often recur. For sale by Alvin H. Bulger.

## DECISION IS AWAITED

Result of Alaska Boundary Commission Soon to Be Announced.

### AMERICANS HOPEFUL OF RESULT

Chief Interest Centers in Action of Lord Alverstone—Both Sides Have Been Fully Discussed—Now Up to Commissioners.

London, Oct. 8.—By this evening the Alaskan boundary tribunal will probably have finished all its labors except the pronouncement of its decision. Jacob M. Dickinson, of American counsel, expects to say the last word in the controversy before the adjournment of the afternoon session, after which the commissioners will consider the arguments among themselves in private. They are not expected to take long before announcing the decision or disagreement.

So fully have both sides of the question been thrashed out that there will be little left to be said when the commissioners meet in private, and it is generally believed that if the argu-

LORD JUSTICE ALVERSTONE.

ments have had any influence they have already had their effect. Nothing which has been adduced is believed to have weakened the previously expressed views of the American and Canadian members of the tribunal.

What influence the contentions have had on Lord Alverstone is naturally the chief point of interest and surprise. Unless he sees some reason to disagree with the Canadian case the tribunal can quickly agree to disagree. If the American case has impressed his lordship some interesting private discussions are likely to occur, which may delay the decision.

In any case the best informed opinion is that some result will be reached within two or three days after Counsel Dickinson has closed his arguments. The Americans interested in the case expressed, though in a guarded manner, a more hopeful view than they have hitherto held.

### Workman Killed by Falling Wall.

Omaha, Oct. 8.—A severe wind storm, which struck the eastern portion of Omaha, blew down a brick wall at the north end of the new Union Pacific shops, burying four workmen, one of whom, A. T. Rattliff, of Lawrence, Kan., was killed. Three others were seriously injured and several slightly hurt. Several buildings in the east end were shaken considerably, among them being the five-story building of the Union Pacific headquarters.

### Many Kinds of Motive Power.

Columbus, O., Oct. 8.—Articles of incorporation filed by the Forest City Street Railway company were referred to the attorney general as to their legality. The company proposes to use every kind of power, including steam and electricity, as well as compressed air and gasoline. The secretary of state doubted whether the same company could use steam and electricity under the Ohio laws. The company has \$250,000 capital stock.

### Railroad Track Dynamited.

Sault Ste. Marie, Mich., Oct. 8.—Several feet of the Algoma Central railroad track near the Consolidated Lake Superior company's brick plant was blown up with dynamite. The dynamiters were evidently in too great a hurry to do a complete job. The track was repaired with little trouble and trains are running as usual. In some quarters the attempt is charged to disgruntled employees of the Consolidated company.

### Belt Line Around Youngstown.

Youngstown, O., Oct. 8.—A company composed of the leading manufacturers of the city, of which J. G. Butler is the head, is making preparations for the construction of a belt line about the city. A meeting of the Manufacturers' Belt Line company was held and arrangements made for its reorganization. Entrances are had to all the plants in the valley and connections arranged for with railroads.

### Forgot Name of His Bride.

Youngstown, O., Oct. 8.—John Richardson, aged 40 years, applied at the probate judge's office for a marriage license. He gave his own name, but when he came to his prospective bride's name he said he "clean forgot" it. He asked the judge to wait a few minutes and when he returned the name was neatly written on a slip of paper. The girl's name was Mamie Addie Grass.

## Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Coroner—D. J. JONES, of Massillon.

John W. Gates, who knows something about Wall street himself, calls the stock exchange flurry a rich man's panic. Probably he is right. Shares of many sorts, particularly the industrials, dropped, but government bonds are not affected, the bank clearings remain at a high figure except as the falling off in speculation diminishes them, and the railroads of the country have all the work that they can handle, and more than they can handle conveniently. The mills, mines and factories generally are busy. The excitement is virtually unknown outside of the scope of the operators on Wall street. Moreover, even there the situation is much improved.

Campaign enthusiasm will not be found lacking in East Liverpool, no matter what campaign orators the state committee may send here. Incidentally, however, it should be remembered that such a Republican stronghold is entitled to the best.

A report is out to the effect that a lot of titled women are coming to this country from Europe in search of rich husbands. Let them be careful about accepting candy from Massachusetts schoolmasters.

states the size of Ohio. Its entire population is only about 2,500,000, while it is capable of sustaining twice the entire population of the United States. It has magnificent resources which remain undeveloped because of the revolutionary habit of its people.

Bryan's enthusiastic endorsement of Johnson would effectually dispose of the Cleveland mayor as a factor in Ohio politics, even if the voters of the state had not made up their minds to attend to that job.

Johnson's administrations have added \$5,000,000 to the debt of Cleveland and he is doing his best to increase the amount. Nice recommendation for a man who aspires to be governor of Ohio!

Now that T. C. Platt is to be married at the age of 70 it is recalled that he wrote sentimental poetry in his youthful days. Great men all have their weaknesses.

If the nation can entrust the president with the veto power surely the people of Ohio can do likewise with their governor. The amendment should pass.

The latest lunatic who called at the white house was evidently no crazier than a good many other visitors there. He merely wanted \$750,000 from the government.

There is never any doubt where Senator Hanna stands on a public question. He has the confidence of the people because he takes them into his confidence.

As Charles M. Schwab is credited with having made \$21,000,000 on a recent deal the fact that he had to quit his job is probably not worrying him.

Tom Johnson will get a chance for a joint debate and ought to be happy. It will be better than a press agent to advertise his circus.

Russia has no intention of moving out of Manchuria. "Keep all you can get and get all you can" is her motto.

Tom Johnson is receiving constant reminders that tax reform, like charity, should begin at home.

### OBITUARY

Dawson W. Snowden.

Dawson W. Snowden, aged about 70 years, died at his home on Tomlinson run, south of Chester, last night after an illness of but a few hours. In the afternoon he had been cutting corn, and seemed to be enjoying his usual good health. After the evening meal he was taken suddenly ill and died in a short time thereafter. He is survived by his wife and four children.

Mr. Snowden was well known not only in Chester, but throughout Hancock county. His droll stories abounding in quaint humor won for him friends and acquaintances wherever he went. He was a painter by trade, but recently has devoted all his time to his farm.

The arrangements for the funeral have not been completed.

Everett Donaldson.

Everett Donaldson, who resided about one-half mile west of Mechanics town, died suddenly at his home yesterday afternoon. He was one of the prominent citizens of Fox township, Carroll county, where he has lived all his life. He leaves a wife and family. The funeral services took place this afternoon at Scroggsfield, Rev. Mr. McKnight officiating.

### FRIENDS AND VISITORS

F. H. Croxall was in Pittsburg yesterday.

D. F. Triem, of Salem, was here on business yesterday.

Henry J. Abrams has gone to Lincoln, Neb., to visit M. M. Abrams for a month.

Miss Sarah Law and Miss Florence Walker, of Toronto, visited East Liverpool friends yesterday.

Mr. and Mrs. Arthur Hostetter, of Minerva, were yesterday the guests of Mr. and Mrs. William Hall.

William Calhoun left on his eastern trip today, and expects to see the Boston-Pittsburg ball game today.

President T. J. Duffy, of the N. B. of O. P., addressed the meeting of the local at Kokomo last evening.

Mrs. Sue Carson, College and Fifth streets, left this afternoon for Pittsburg, where she will visit her daughter for a week.

Fred Irven Evans, of Irondale, and Bertha May Crawford, of East Liverpool, were licensed to marry at Wheeling on Tuesday.

About 80 friends and relatives, including many from East Liverpool, attended the celebration of the sixty-seventh wedding anniversary of Mrs. Joseph Bryan, of Georgetown.

### AT THE THEATER

Those who saw the production here have talked so much about it and those who did not have expressed such a desire to see it, that Manager Norris has secured "York State Folks" for next Tuesday evening at the Grand. The seats for this engagement will be placed on sale next Friday morning, and it is expected that the advance sale will be one of the largest in the history of the theater. Already Manager Norris has received a number of requests to hold certain seats, but this will be impossible, as all will be given an equal opportunity. First come, first served.

A manager who expends thousands of dollars in order that nothing will be neglected that might add to the enjoyment of his patrons certainly deserves success, and as a rule he generally gets it. "The Quinlan & Wall Imperial Minstrels" you can rest assured that there is money and push back of it; the beautiful, artistic, pictorial lithographic work is the finest and costliest on the road. So there is no doubt that the Quinlan & Wall Minstrels will meet with the best of success. At the Grand Monday night.

### Killed Husband in Self-Defense.

Dayton, O., Oct. 8.—While his wife, Katharine, was waiting on a customer in their restaurant, W. H. Lane came home drunk and abused her, striking her with his hand, knocking her down. She fled to the kitchen, where he followed her and struck her to the floor a second time. In falling she grabbed a long knife and thrust it through her husband's heart, killing him instantly. Two ribs were completely severed. When she saw what she had done the woman, crazed and grief-stricken, fell upon his body and was covering it with caresses and kisses when the police came.

### Young-Hannay Nuptials.

Washington, Oct. 8.—A distinguished company witnessed the marriage at St. Thomas church, of Miss Elizabeth Young, daughter of Lieutenant General Samuel B. M. Young, chief of staff of the army, and Captain J. R. Hannay, of the Twenty-second Infantry. General Young escorted his daughter to the altar, where the ceremony was performed by Rev. Ernest M. Smith, the rector of the church. Among those present at the wedding were President and Mrs. Roosevelt, Miss Alice Roosevelt and Admiral Dewey.

## WELLSVILLE

WORK MUST BE DONE  
ALL OVER AGAIN

The Storm Filled Up the Water Works Pump Pit And Caused \$2,000 Damages.

The heavy rain storm last evening, besides causing other slight damages, caused a damage to the new water works pumping station pit aggregating about \$2,000. The entire pump pit, which had been excavated to a depth of 25 or 30 feet, was entirely destroyed and will have to be re-excavated.

The Dupresne Engineering company of Pittsburgh, contractors in charge of the work, and who bid to do the work at a rock bottom price, are the losers. They will now lose in the neighborhood of \$1,500 on the contract, as it is stated that they only figured on about \$500 profit.

Cribbing has been placed all around the new pump pit when the men had been working, excepting at the bottom for a distance of about nine feet. The cribbing should have been extended to the entire depth, but the contractors run the risk of fair weather and allowed it to remain in that condition one night. The result was that water washed out the under clay, under the cribbing, and the dirt next to the cribbing soon began to sink and finally caused the cribbing and all to cave in. The pit was nearly filled up.

It will require all the men working every day for three weeks or a month to repair the damage done, and this work will be started at once. This delay will prove a serious one, as it is rapidly approaching the time for cold weather and the exterior work ought to be completed before that time. The contractors will work night and day to complete the job.

## Promised to Pay \$5.

Thomas Madden, a young man who resides in the West End and who has not figured in the mayor's court for some time, was again taken in the toils yesterday by Chief Houser on a charge of being drunk and disorderly and fighting. He was brought before the mayor last evening and pleaded guilty. He was released upon his promise to pay a fine of \$5 to the mayor as soon as he could earn that amount.

## SIMPLY BREATH IT

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation. The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1, and if after using you can say that it has not helped you, you will have your money back. What other treatment for catarrh is sold under a guarantee like this?

## SOUTH SIDE

## FIERCE FIGHT

At Tin Mill Results Unhappily for Two Italian Laborers.

A fierce fight in which two Italians were worsted by a full fledged American citizen occurred at the tin mill this morning. But for prompt and vigorous action on the part of Mill Officer Crosser the fight might have resulted in a tragedy. As it was one of the Italians received several painful scap wounds, which were dressed by Dr. W. P. Donohoo.

It is understood that the Italians resented the remarks concerning them made by some of their fellow workmen. A quarrel ensued which soon developed into a rough and tumble fight. Officer Crosser clanked to be near and arrested the trio before they had time to knock out each other.

When taken before Mayor Mercer, all pleaded guilty and were fined \$9.00 each. Thereupon the Italians filed charges against three boys, employees of the mill, for provoking a breach of the peace by taunting and insulting them. The boys were arrested but no evidence worthy of consideration being offered, they were promptly released.

## Drowned the Chickens.

Samuel Mack, of New Cumberland, has moved to Wellsburg. He took his effects a part of the way by skiff, the other part they floated. En route they had a mishap. The load consisted of about three wagon loads of furniture, etc. Every thing went lovely and the chickens were high and dry until Mingo was reached, when the skiff struck a stone, sinking the whole outfit. The three sailors managed to escape, but succeeded in drowning 75 out of the 100 chickens.

## Entertains Junior League.

Members of the Junior League of the M. E. church and their invited friends are looking forward with pleasant anticipations to a party to be given in their honor Friday evening at the home of G. H. Johnston on Virginia avenue. Under the direction of the Misses Johnston, there will be many interesting diversions planned.

## CHESTER NOTES.

O. O. Allison is in New Cumberland today on business.

Mr. and Mrs. Joseph Moore, of Fairview, were in town today.

Mrs. Sarah Riley is gradually growing weaker. She cannot recover.

Logan Wells went to Rochester this morning, where has obtained employment.

Joseph Metz is making excavations for a new house to be built on Montana avenue.

The strong wind last night tore off a part of the roof of a box car standing on the switch to the Knowles' pottery.

Mrs. George Weaver, of Steubenville, is here on a visit to Mr. Weaver, who works here. They will move to Chester soon.

The morning train carried two extra coaches to accommodate the Burgettstown fair excursionists, but they were not needed.

Reed Johnston, living two miles east of Chester, sold his chattel property today at public auction. Squire W. C. Johnston was auctioneer.

Clark T. McCutcheon has returned from Rony's Point, where he was called by the critical illness of his father, whose condition is somewhat improved.

Rev. Mr. Wilson, who has been invited to come here as pastor of the Presbyterian church, will preach here a week from Sunday, and is expected to accept the call.

INDEPENDENT TEAM  
IN HIGH SCHOOL.

Boys Form a New Football Organization and Elect Coach and Officers.

The prophecy of the News Review that greater interest would be manifested in football this season than ever before in the history of the city is certainly being realized. In this issue are the announcements of two new teams and the end is not yet. A number of the alumni of the local high school have organized a team and have named it "The Independent High School Team."

Dr. Roy Haverfield, who played last year with the Ohio Medical University eleven, has been selected as coach and the following officers have been elected: Blaine Cochran, manager; Joe Grannan, captain and Ernest Thompson, treasurer. The team colors are green and white.

Practice will be commenced at once and it is expected to be in condition to play in a short time. Games will be arranged with high school and college teams from surrounding cities.

The lineup is as follows:

Ernest Thompson, left end; Frank Gardner, left tackle; George Eckhardt, left guard; John Evans, center; Nicholas Fleisch, right guard; Blaine Cochran, right tackle; Floyd Miller or Will Smith, right end; Will Davidson, quarter back; Alfred Cartwright or Harold Hoskins, left half; Joe Grannan, right half; Fred Mountford, full back.

## The Ancient Girdle.

In Rome a man's investiture of his girdle showed that he was intent on work of some nature. When he took it off and let his tunic fall it was patent to all that business was over and that he was free to speak to his friends at his and their leisure. Thus the girdle served a purpose negative in its character, of course, but a purpose nevertheless. Its sphere of usefulness did not end here. It was figurative of property. When a man or woman put off his or her girdle it was a token of renunciation of some right or privilege. The widow of Philip L. duke of Burgundy, for instance, renounced her right of succession by "putting off her girdle on the duke's tomb." Per contra, the princes of Ireland in taking the oath of fealty to King John, laid aside their girdles, their spears and their caps. "In the ceremony of excommunication," says a writer, "the bishop cut or tore away from the culprit the girdle that was about him and the newly made husband in Rome took from his wife the maiden girdle of sheep's wool in which she was bound up to the day of her marriage."

Another Crank at White House. Washington, Oct. 8.—John Decker of Norwich, Conn., who evidently is a mechanic, about 44 years old, entered the White House soon after the doors were opened. The officials thought from his actions that he was a crank and arrested him. He was not armed and made no resistance when placed under arrest. He was turned over to the police authorities.

Decker was examined later in the day, pronounced insane and removed to the government insane asylum.

## Barber Killed by Bartender.

Vincennes, Ind., Oct. 8.—George McAndrew, white, shot Roy Beard, colored, killing him instantly. Beard, who is a barber, went into Martin's saloon, where McAndrew is bartender, began a quarrel and started toward McAndrew with a razor. McAndrew then drew his revolver from his hip pocket and shot Beard. The negroes are greatly excited, and trouble is feared. McAndrew was immediately placed in jail.

Dies of Injuries in Football Game. Chicago, Oct. 8.—Gustave Julius Becker, the 16-year-old boy who was injured in football practice at Lake Forest academy, is dead. Becker's back was broken Sept. 18, in a collision with another boy. The body will be taken to Helen, N. M., where the boy's parents live.

W. C. T. U. Shows Big Gain. Canton, O., Oct. 8.—The state convention of the W. C. T. U. was occupied with reports from the county presidents. The reports show a total membership of 12,094 in 604 local unions. This is a gain of 93 unions and 560 members for the year.

On Trial for Brutal Crime. Berlin, Oct. 8.—The trial of Andreas Dippold, a private tutor, who tied Heinz Koch, the 14-year-old son of Director Koch, of the Deutsche bank, to a bed and whipped him to death, began at Bayreuth. Heinz, with a younger brother, who was also fearfully punished, lived with the tutor in a secluded house. A medical board has decided that Dippold is sane. He alleges that he whipped the boys on the authority of their parents.

Four Deaths from Yellow Fever. Laredo, Tex., Oct. 8.—There has been one additional death from yellow fever, the latest victim being Thomas W. Hutton, 28 years old, a machinist employed by the Mexican National Railroad company. The situation in Nuevo Laredo does not show any improvement. Reports received from that city show three deaths and a great number of new cases. No new cases are reported from Monterey.

ENGINEERS PRESENT  
THEIR ULTIMATUM

Continued from First Page.

on this demand has greatly complicated the situation, as several of the engineers of the city are members of the N. A. S. E., another organization. The N. A. S. E. is an educational society and it is not concerned in the demands of No. 139.

It will be remembered that in order to settle the dispute, which has been in existence since July 10, the date of presenting the new scale, H. B. Erdhaus, an international officer of the union, was sent here to conduct the negotiations. Upon his arrival he withdrew the demand in the form presented by the men and substituted the form used and sanctioned by the international body. The difference in the two sets of demands is very slight.

Mr. Erdhaus called upon a number of employers and arranged for a meeting with the committee from the United States Potters' association. The committee failed to appear at the appointed place and at the appointed hour. In the midst of these difficulties and disappointments Mr. Erdhaus was called to Columbus by the alleged defalcations of George M. Collier, state examiner of steam engineers. The settlement of the difficulty then reverted to local unionists, but they did not succeed in having the scale adopted.

While the failure of local No. 139 to have their new wage agreement adopted was reported to Trades and Labor Council last night, no help was asked of that body except that moral support be given.

Mr. Erdhaus upon leaving the city stated that the question of a settlement was now up to the local and the international association, and it is figured that the decision of the men to walk out has been sanctioned at headquarters.

The committee appointed some time ago from the Potters' association to deal with the engineers' demands is composed of Messrs. H. A. Keffler, of the Severs, H. P. Knoblock, of the Dresden, and J. T. Smith, of the Smith & Phillips. The committee will not hold a meeting some time before Saturday to determine a course of action.

## Automobilists Reach Pine Hill.

Pine Hill, N. Y., Oct. 8.—The automobilists which are making the endurance test of the National Association of Automobile Manufacturers to Pittsburgh, made the run from Weehawken to Pine Hill in exceptionally good time, considering the heavy roads encountered. All the cars have so far escaped without serious accident, and several have made a clean record. The innovation of spreading confetti at the curves of the roads proved effective and only two operators reported losing their way. The first of the cars in the contest reached Pine Hill in a driving storm at 3 o'clock in the afternoon. By 6 o'clock 27 out of the 34 competing cars had arrived. At 8 o'clock all but four reached the carriage and were quartered for the night.

## Big Bequest to University.

Irvine, N. Y., Oct. 8.—The will of Frederick Galtman bequeaths \$100,000 outright to Cornell university. The income of \$40,000 and the use of the Irvine estate is bequeathed to his sister, Mary G. Howe, during her life. After disposing of amounts ranging from \$500 to \$5,000 to 20 relatives, the residue, in addition to the \$100,000 gift, is left to Cornell university. The value of the estate is estimated at more than \$1,000,000.

## On Trial for Brutal Crime.

Berlin, Oct. 8.—The trial of Andreas Dippold, a private tutor, who tied Heinz Koch, the 14-year-old son of Director Koch, of the Deutsche bank, to a bed and whipped him to death, began at Bayreuth. Heinz, with a younger brother, who was also fearfully punished, lived with the tutor in a secluded house. A medical board has decided that Dippold is sane. He alleges that he whipped the boys on the authority of their parents.

## Four Deaths from Yellow Fever.

Laredo, Tex., Oct. 8.—There has been one additional death from yellow fever, the latest victim being Thomas W. Hutton, 28 years old, a machinist employed by the Mexican National Railroad company. The situation in Nuevo Laredo does not show any improvement. Reports received from that city show three deaths and a great number of new cases. No new cases are reported from Monterey.

**REALM OF SPORTS**  
**FAMOUS ROYAL TIGERS**  
**AGAIN IN THE FIELD**  
**SEVEN OF THE OLD MEN IN THE LINEUP.**  
Practicing Hard And May Play the First Game With Lisbon on the 17th.

A name once famous in local foot ball circles has been revived and will once more be used to designate a team. Four years ago the Royal Tigers gained fame by winning some great games, but in the end met a crushing defeat and finally passed out of existence. Some of the players quit the game, while others have continued with other teams. Whether or not the team can win back the lost laurels remains to be seen, but they are starting out in a way to make them selves felt. They have secured the grounds near the Laughlin potteries, hands for all the players and will put in the evenings at hard practice. They expect to be ready to play by a week from Saturday, and the first game will likely be with Lisbon.

In the lineup are seven of the old Tiger players, some of whom later played with the Oaklands. The two guards, Fetty and Goodballer, will average 200 pounds, the former weighing about 214 and the latter about 185. Both were fine players in the old days and can soon get into condition again. Seagriff had the reputation of being the best center in town when he was playing the game. The team will also be strong on the ends if "China" Wedekert and Nelson are placed there. Bulger, who will likely play tackle, is another heavy man and a good player. Allison is getting lots of praise for his work at quarter and from Morrow, Angle and Morford can be selected two great backs. Altogether the Tigers number 16.

Claude Morrow, the Grove City college player, will coach the team. He is an experienced and heady player and will soon have the men working together with precision. Harry Herbert has been selected manager and his successful guidance of the East End Grays under very trying conditions is enough to warrant the statement that a better man could not have been selected.

The Tigers have announced that they will tackle the oyster proposition first of all, having arranged for an oyster supper at Larkins' hall on the night of October 13. Oysters will be served in every style and a fine musical program will be provided.

**Young's Pitching Puzzles Pittsburghers—Almost a Shutout.**

Pittsburgh, Oct. 8.—A crowd that occupied every seat in the grand stand and bleachers and every available foot of standing room and then overflowed into the field three or four deep turned out to witness the second game of the championship series. Except for high winds it was an ideal day for baseball. Ground rules were adopted and three bases allowed on a ball going in the crowd.

Young's pitching was too much for the Pittsburghers. He had them completely at his mercy, and it was only through an error by Parent in the eighth inning that prevented a shutout.

Kennedy, for Pittsburgh, was hit in the sixth and seventh innings, although errors were responsible for most of the runs scored. Thompson relieved Kennedy at the end of the eighth and did well. Aside from Young's pitching the batting of Dougherty and Collins were the only features. Score:

**PAY FOR THE RACE.**

**Democrats Decline to Be Candidates For Cash.**

Stark and Richland Counties Report Similar Cases—"Curative Act" Pre- sence Thrown Aside—Is Johnson or Clarke the Senate Candidate?

Two thoughts arise at once and nat- urally in connection with the report by reputable and responsible newspa- pers that Mr. Johnson has been offer- ing to provide money for Democratic candidates for the legislature to en- courage them to make the race. One is, as to the effect of these revela- tions upon Mr. Johnson's reputation for keen political honor. The other is, as to Mr. Clarke's chances in case Johnson provides the cash and cap- tures the legislature. Is John H. Clarke really running for the United States senatorship, or is he only per- mitted to think that he is a candidate?

The Richland county case, as stated by the Mansfield News, is somewhat complicated. The News names the men who were asked by Johnson but de- clined to be the Democratic candidate for the legislature in that Democratic county. First was C. N. Gaumer, the Democratic editor and former repre- sentative. Burr Gongwer, Johnson's private secretary, urged Gaumer to run against Representative Earhart, who was entitled to the second term by party usage. Gaumer declined and said that he agreed with Earhart that the curative act was a good thing. Gongwer told Gaumer that did not matter, as all Johnson wanted was to make his word good that Earhart would not be re-elected. What mag- nificent statesmanship and splendid devotion to principle that did show in Johnson.

Colonel T. T. Dill, Robert Hutch- erson, R. B. McCrory and T. Y. McCray of Mansfield, and Riley Bicker of Shelby all declined when asked. Hutch- erson was called to Cleveland by John- son, and in the latter's house was offered the "sinews of political warfare," besides pay of all campaign expenses, but told Johnson that the Richland Democrats wanted Earhart re-elected. Not until all the available had re- fused Johnson's overtures did he take up with the present candidate, Her- shey. These are the men who are against Johnson in Richland county, and Johnson's approval of them dis- counts all his denunciations of them since they turned him down.

No name is given by the Alliance Review in a statement by it along the same line, but the Review says that it is "in good standing financially and, if the charge is not true, recourse and recompense to the injured party can be had through the courts." This charge is "that recently a prominent Democrat of Alliance" asked a per- sonal friend for help and advice be- cause "Tom L. Johnson had offered to give said Democrat his, Tom L. Johnson's, personal check for \$2,000, if said Democrat would become a Dem- ocratic candidate for the state legisla- ture and use the money in an effort to secure his election." No more need scarcely be said at this time on this subject. Until these charges shall be cleared up in both the Richland and Stark county cases, any citizens of Ohio, who may have been presuming upon the spotless purity as a polit- ician of the reformed franchise-pro- curer, at present in control of the Democratic machine, may as well withhold their judgment.

**IT HELPED IN RUSSIA.**

"Noble and Heroic Attitude of Roose- velt and Hay."  
Mr. J. B. Greenhut of Peoria, Ill., who has been abroad investigating the cause of the massacre at Kishenev and the present condition of the Jews under Russian despotism, in his official report, gives this splendid praise from all who know the facts:

"However, what impressed and gratified me most was the statement and consensus of opinion of all these men—namely, that while the relief funds which were so generously for- warded from all parts of the world were indeed welcome, as it enabled them to give material assistance to those poor creatures whose all had been destroyed and who, if the early assistance had not been received, would have starved to death, but above all they said what they prized and welcomed most was the noble and heroic attitude taken by President Roosevelt and Secretary Hay in their behalf. They said over and over again that the moral influence exerted through the action taken by our Administration could not be enforced officially. It nevertheless had imme- diate effect on the Russian govern- ment, and resulted in a change of the governor and the officials generally in Kishenev, who are said to be less harsh to the Jewish population than their predecessors had been."

**PERTINENT POINTS.**

The papers have to talk about Cleveland until election because that city is a living example of Johnson- ism. One little local incident was the Johnson raid to drive the bootblacks and newsboys off the streets to pre- vent the little chaps from earning a living.

Be it ordained by the council of the city of East Liverpool, State of Ohio:  
Section 1. That certain indebtedness heretofore incurred by the city of East Liverpool, amounting to \$92,925.00, hereby determined and declared to be an existing valid and binding obligation of said city.  
Section 2. To provide means to extend the time of payment of said indebtedness, which forms its limits of taxation the city of East Liverpool, Ohio, is unable to pay at maturity, the council of the city of East Liverpool to an aggregate amount of Ninety Two Thousand Nine Hundred and Twenty Five Dollars (\$92,925.00), which said bonds shall be in the denomination of one Thousand Dollars (\$1,000) each except that bond No. 1 shall be for the sum of Ninety Three Dollars (\$93.00) and the balance of said bonds shall be in the denomination of one Thousand Dollars (\$1,000) each. The said bonds shall be issued at the office of the City Treasurer in the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent per annum, payable semi-annually, at the same place, and said bonds shall be dated August 17, 1903, and shall run for a period of not less than ten nor more than thirty years from their date.  
Section 3. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds not so taken shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of said bonds, except the premium and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose; and the premium and accrued interest received from such sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.  
Section 5. This ordinance shall take effect and be in force from and after the date hereof, and after the expiration of thirty days from the date hereof, and shall be in force from and after the expiration of thirty days from the date hereof, and shall be in force from and after the expiration of thirty days from the date hereof.

## TESTIFY FOR TILLMAN

State Finishes Its Side of Case  
and Defense Is Now  
Heard.

## EDITORIALS USED AS EVIDENCE

According to a Witness Gonzales  
Threatened to Fill Tillman Full of  
Lead—Members of Colonel's Regi-  
ment Testify in His Behalf.

Lexington, S. C., Oct. 8.—The de-  
fense in the case of J. H. Tillman en-  
tered upon the presentation of its tes-  
timony. Solicitor Thurmond announced  
that the state had no further evidence  
and would rest. Nine witnesses for  
the defense were heard. It is esti-  
mated that the defense will consume  
the remainder of the week with its  
witnesses. Juror Sharpe, who has  
been sick for the past three days, was  
able to take his seat, although court  
was adjourned an hour earlier on his  
account.

The defense first renewed the mo-  
tion to have the jury instructed to dis-  
regard all testimony relatives to the  
possession of a weapon by the defend-  
ant a day or two prior to the shoot-  
ing, contending that no connection  
had been shown between that and the  
shooting. The court ruled that the  
testimony was competent in view of  
other testimony given by witnesses  
for the state.

Editorials from the Columbia State  
relating to J. H. Tillman were then  
read and offered in evidence by the  
defense.

In ruling on a point in controversy  
affecting the introduction of editorials  
the court stated that the purpose for  
which the editorials was submitted  
was to show the feeling existing be-  
tween the defendant and N. G. Gon-  
zales.

## Gonzales Made Threats.

The first witness called was T. D.  
Mitchell, who was a resident of Co-  
lumbia in 1902. He was asked if he  
had had any conversation with N. G.  
Gonzales in 1902, in which the name  
of J. H. Tillman was mentioned. He  
replied in the affirmative, saying he  
met Gonzales in the street, and asked  
him if he did not "think it about time  
to let up" on old Jim. Witness said  
Gonzales replied, "I can slap his face  
and he wouldn't resent it."

The witness further stated that  
Gonzales said:

"If he ever bats his eyes at me I'll  
fill him so full of lead he can't tote it  
off."

The witness said he told Tillman of  
the conversation. On cross-examina-  
tion witness said he forced the con-  
versation on Gonzales; also that he  
knew Gonzales by sight, but never  
was introduced to him, and further,  
that he had told a few days after the  
shooting that the conversation would  
be good evidence for the defendant.

A J. Flowers, a street railway con-  
ductor, testified that he overheard a  
conversation on his street car in Co-  
lumbia in 1902, in which Gonzales said  
that "if he did not succeed in defeat-  
ing Tillman in the governor's office  
he would never be seated, because he  
would kill the rascal!"

Said Gonzales Carried a Gun.

N. B. Cheshire, a printer on an An-  
derson, S. C., newspaper, was asked  
to state what he told Tillman at a  
campaign meeting in Anderson in 1900.

BRIGHT'S DISEASE AND  
DIABETES NEWS

Office German Democrat,  
San Francisco, Oct. 1, 1903.

Dear Sir:—For many years an edi-  
tor myself, I address you by request  
and as a simple duty. A great dis-  
covery has been made in this city.  
It is fraught with so much importance  
and yet is so hard to believe, that  
those who are personally cognizant  
should add the weight of their influ-  
ence, be it great or small.

I not only know by contact with  
many of the beneficiaries but was my-  
self rescued from Bright's Disease by  
it. The cure has been found, and the  
difficulty in believing it is costing  
many lives. It is astounding how far  
our prejudices carry us. But the  
great fact is here, and acceptance  
means recovery.

After my own unexpected release I  
wouldn't let my friends rest and sev-  
eral took the treatment and recov-  
ered. One was Charles F. Wacker,  
the Sixth street merchant. He had  
diabetes and thought he was going to  
die. He got well and passed for a  
\$5,000 policy.

I say to you as a brother editor that  
those of your friends who have dia-  
betes or Bright's Disease, and every  
one knows of some, that they can re-  
cover. I will be glad as one of many  
survivors out here to give you further  
information.

Yours, etc.,

CHAS. H. ENGELKE.

We sent for the Fulton Compounds  
to which the above refers and now  
have them in stock. They are the  
first cures the world has ever seen  
for chronic Bright's disease and dia-  
betes. We are sole agents. Free  
 pamphlet.

the state on the ground that the state-  
ment was not made by Gonzales, and  
consequently heresay. The jury was  
sent out, when the witness said:

"I told him a representative of the  
State (newspaper) told me that Gon-  
zales carried a gun for him and that  
he had better not jump on him with a  
stick, for it he did he would get h—  
shot out of him."

After a lengthy argument by coun-  
sel extending beyond the dinner recess  
the court ruled that the testimony was  
competent, and the witness made the  
statement before the jury.

The witness was in Colonel Till-  
man's regiment, and on cross-exami-  
nation said he paid particular atten-  
tion to the statement as he wanted to  
tell Tillman what was said. He said  
when he told the defendant the latter  
looked as if it hurt him, but made no  
reply.

James Davis, the last witness called,  
had but begun his testimony when  
Judge Gary ordered an adjournment,  
that the sick juror might not be over-  
taxed.

## AIRSHIP A FAILURE.

Prof. Langley's "Buzzer" Dives Into  
Potomac River.

Wide Water, Va., Oct. 8.—The 60-  
foot steel-built flying machine, the cli-  
max of years of exhaustive study in  
the efforts of Prof. Samuel F. Lang-  
ley, secretary of the Smithsonian in-  
stitute, to solve the problem of me-  
chanical flight in midair, was again  
launched, and the experiment, care-  
fully planned and delayed for months,  
proved a complete failure.

The immense airship sped rapidly  
along its 70-foot track, was carried by  
its own momentum for 100 yards and  
then fell gradually into the Potomac  
river, whence it emerged a total wreck.  
Prof. Charles S. Manley, who has been  
Prof. Langley's chief assistant in the  
work preliminary to the attempted  
flight, made the ascent in the aero-  
drome and escaped with a ducking.

At no time was there any semblance  
of flight, the initial momentum, the  
lightness of the machine and the sus-  
taining surface of the wings furnish-  
ing the conditions which account for  
the 100-yard transit of the air bird  
from its 60-foot elevation to the water.

## Just Like a Happy Family.

New York, Oct. 8.—Mayor Low,  
Comptroller Grout and President  
Furness, of the board of aldermen, cen-  
tral figures in the complicated polit-  
ical situation in greater New York,  
met at a session of the board of esti-  
mate and their personal attitude was  
strangely true to their political atti-  
tude. The mayor shook hands rather  
cordially with Furness, but his only  
greeting to Grout was a formal in-  
clination of the head. Grout's acknowl-  
edgment was a nod that was short  
and quick. Grout and Furness clasped  
hands across the table in warm and  
effusive welcome and their extended  
arms made an arch on a line with the  
face of the mayor, who sat quietly at  
the head of the table. Officially they  
all talked, but the proceedings were  
formal and frigid.

## River Barges for Freight Traffic.

Kansas City, Oct. 8.—A proposition  
to start a line of river barges on the  
Missouri river to relieve the freight  
congestion and to provide a weapon  
to force the railways to grant lower  
freight charges has been made. It  
is proposed to run the line between  
Kansas City and St. Louis, where a  
connection can be had with the river  
service from New Orleans, Pittsburg  
and other points, and eventually the  
service may be extended to St. Joseph.  
The freight system of this part of  
the country has, it is stated, out-  
grown the present railway facilities.  
The names of those back of the pro-  
ject are withheld.

## Prairie Fire Raging.

Quinter, Kan., Oct. 8.—A great prairie  
fire which started three miles north  
of Grainfield is now raging in the ter-  
ritory north of the Salina river.  
Farmers and residents of Grainfield  
on the south, and Hoxie, on the north,  
have kept it out of their towns, and  
it is traveling east toward Hill City,  
along the north side of the Salina.  
The wind has been blowing from the  
northwest and the smoke from the  
fire can be seen from this place, which  
is 15 miles distant.

## Woman Lawyer Admitted to Bar.

New York, Oct. 8.—Miss Gabrielle  
Townsend Stewart, lawyer, after three  
years' practice in Cleveland, has been  
admitted to the bar of New York.  
Unlike man women lawyers, Miss  
Stewart refuses to confine her prac-  
tice to so-called office work. She fights  
a criminal case in open court. Miss  
Stewart has come from Cleveland to  
make her home with her mother and  
brothers on the Hudson near this city.  
She will take a downtown office in a  
few days.

## Royal Marriage Consummated.

Darmstadt, Oct. 8.—Princess Alice  
of Battenberg and Prince Andrew of  
Greece were married Evangelically at  
the court church. The bridal pair  
and all the royal and princely guests  
then proceeded to the Russian chapel,  
some streets distant, where the Greek  
service, far more imposing than the  
first one, took place.

## CHALLENGE ACCEPTED.

Tom Johnson Will Debate Taxation  
With Prohibitionist.

Columbus, O., Oct. 8.—The Pro-  
hibition state committee issued a chal-  
lenge for a joint debate between Tom  
L. Johnson, Democratic candidate for  
governor, and Rev. L. S. Creamer, the  
Prohibition candidate. They propose  
Mr. Johnson's favorite subject, tax-  
ation, as the theme for the debate. As  
Johnson on the stump here said when  
talking about Hanna that a candidate  
who would not meet his opponent in  
debate was not entitled to the votes  
of the people, it is thought he will  
accept.

Columbus, O., Oct. 8.—Charles P.

Salen, chairman of the state Demo-  
cratic committee, accepted the chal-  
lenge of the Rev. Nelson D. Creamer,  
Prohibition candidate for governor, for  
a debate with Tom L. Johnson, Demo-  
cratic candidate, on the question of  
taxation, agreeing to have Mr. John-  
son discuss it with him Oct. 19, at  
Cleveland.

In his letter, however, Mr. Salen  
points out that he thinks the debate  
useless, as the Prohibition platform  
takes no stand on taxation, and be-  
cause the issue of the campaign is  
really "To determine whether what  
Senator Hanna stands for or what  
Mayor Johnson stands for is favored  
by the voters."

Doctor Shot by Italian.  
Corono, L. I., Oct. 8.—Dr. Rodney  
C. Coombs, of Coombs' sanitarium,  
was shot and seriously wounded, it is  
alleged, by Nicholas Montana, an  
Italian. Montana's wife had been an  
inmate of the institution until a few  
days ago, when she escaped from that  
place and her present whereabouts  
are unknown to her husband.

Studying Cotton Culture.  
Charleston, S. C., Oct. 8.—Sir Daniel  
Morris, British imperial commissioner  
of agriculture for the West Indies  
and John R. Rovell, of Barbadoes, ar-  
rived here for the purpose of study-  
ing the culture of sea island cotton.  
They will spend several days visit-  
ing plantations about Charleston.

evening concerts from September 20 to 15th  
inclusive. The Fadedettes Woman's Orchestra  
will be the musical attraction from Sep-  
tember 16th to 20th, inclusive. Sousa and  
his band will be at the Exposition from  
September 21st to October 31st, inclusive.  
From October 1st to 10th, inclusive, Vesseli-  
ni and his band will be the musical feature  
and from October 11th to 24th, inclusive,  
Bamrosch and his reorganized New York  
Symphony Orchestra will give daily con-  
certs.

Special features of this year's Exposition  
will include the Infant Incubator; new  
Theatricals, presenting the Vitaphone and  
Illustrated Songs; Johnstown Flood; Fun-  
ny Laugh-a-bit; Cave of the Winds; Dan-  
cing Automaton; Mysterious Chamber; To-  
bacco Slide; Miniature Railway; Merry-

# Procrastination the Thief of Time.

Shake off its Devil Fish Tenacles which are binding you and buy that home now that you have been intending to for these many seasons. We describe below 7 propositions out of 300. If none of these suit you, call at our office and inquire of the 293 others. We can suit your case. Try us.

**\$1450**

A nice, well ordered and well kept house of 4 rooms and a kitchen. Two stories, slate roof, good cellar, front portico, gas and city water. Nice lot situated on a pleasant street in a good neighborhood. We would like \$1450 down, balance monthly.

roof, front portico, and city water. The rooms are large. A good frame two story slate roof carriage barn, 16x32. Two lots making 60x130. A fine view obtained and one of the prettiest locations on the Ohio river. Worth more money, but owner lives out of town and is tired of renting. Will sell for \$200 down, balance monthly.

**\$3100** This house is well located, within a few minutes walk of the business center. It is so near that you would not think of paying a street car fare to get to it even if the cars passed the door. It contains seven rooms and a finished attic; is wired for electric lights, has city water and gas, sanitary sewers, a well appointed bath room containing bath tub, wash stand and w. c., dining room, parlor and hall connected with sliding doors. All wood work is grained. The roof is slated with Pennsylvania black slate. Never has been occupied and hence is new, clean and fresh. First payment \$600, balance in easy installments.

**\$3750** A business and residence proposition. The building is two stories with finished attic; cellar under whole house. There are six large living rooms and a well arranged and equipped bath room which contains a bath tub, wash stand and w. c., hot and cold water, gas in every room. There is a high ceiling store room 20x30 with a fine glass front. It is located on the corner of two residence streets within 5 minutes walk of the Diamond; no hill to climb. Very favorably located for a residence and store. It will bring \$38 per month rent. Thus yielding 13 per cent per year and will pay for itself in 5 years. A good thing, and we ought to keep it ourselves but it is our business to sell property. \$750 cash down will give you possession, after that its income will pay us the balance and you will own it free from all claims in less than 8 years. It is easy to make money when you know how. This offer is one of the "hows."

**\$1650**

A new, not yet occupied 5 room house, just fresh from the builder. Rooms are large. Lot fronts 40 feet and is 100 feet deep. A drilled well 90 feet deep with never failing water standing 65 feet deep, equipped with pump. The house has a good cellar, front, side and rear porches and is roofed with slate. Situated 6 minutes one the north side car line, in a very pleasant locality. Terms right to a good party.

## SALEM RESOLVES ON STANDING PAT

Business Association Will Maintain Its Position On Telephone Question.

## PRESIDENT'S STATEMENT

Read at the Meeting Is a Protest Against the 50 Per Cent Advance in Rates by the Columbiana County Company.

Salem, October 8.—The Business association held its regular meeting Tuesday evening and it was indeed a rousing one, a large attendance of the membership being present when the meeting was called to order by Chairman Tomlinson.

President Tomlinson read a paper in regard to the telephone situation, setting forth the stand of the association—unanimously adopted. Some steps were taken which will make the stand more effective and binding. The members of the association were of one mind when it came to the telephone situation and will act as a unit. Mr. Tomlinson's statement is as follows:

"As chairman of the Business association of Salem, I deem it my duty to make a few statements in connection with the controversy between the association and the Columbiana County Telephone company.

"In the first place our association believes in fair play, in legitimate competition and in carrying out its convictions to the letter. Every one is familiar with the conditions under which the people of Salem were permitted to expand their telephone service with the coming of the Columbiana County Telephone company into the local field. No matter how much we valued the extended service, or how advantageous it was to our business interests and our private and personal convenience, we felt and rightly felt, that we were paying for that service full market price, paying all that was asked and all that we should be expected to pay.

"Now the Columbiana County Telephone company decides to ask us individually, 50 per cent more for the use of its system than we had been promised the service for, and then we heretofore paid. We, as an association of business men, bound together with our individual promises to work and act for the common good

of all, without the least intention of depriving of their God-given rights, our friends the public, with the idea held high above our heads that our measure of success can only be full proportionately as that of those with whom we have dealings outside the association is full.

"We arose to protest against this unreasonable advance which could not only so seriously add to the expense of each of our members, but would effect our patrons in the same way as well. We saw that if we sat quietly by and allowed the one company to charge us an exorbitant price for its product, it was reasonable to believe that the other company would follow suit and it would only be a matter of a short time until we would be paying nearly double for our telephone service and then would likely get communication with fewer people on account of many dropping their 'phones because of being charged more than they could afford to pay. We claim to have been championing the just cause of the entire public, the business men and the consumers and we assert our right to take such a stand and maintain it until doomsday if necessary to preserve our sacred rights.

"We have at no time sought to antagonize the Columbiana County Telephone company and have not until now publicly denounced their gross misstatements and misrepresentations concerning new contracts they claimed to have written with members and the large, but unpublished list of subscribers they claimed to have under the new rates. Their object seems to have been to mislead the public and their methods seem to have been so unbusinesslike that it behooves the members of our association to stand firmly on the ground they have taken and not waver one 'dot or tittle' from the support they have pledged themselves to give.

"The success and the life of our association is within the hands of its members, and for heaven's sake preserve it. If there are among our members those who have lost sight of the importance of loyalty, let them turn on their heels at once, no matter at what cost, and their financial loss will be as a grain of sand to a mountain when compared to the honor that will be given in return.

"L. TOMLINSON, President Salem Business Association."

## SOCIAL EVENTS

Boring-Hewitt.

A pretty home wedding was solemnized Wednesday at the home of James Boring, who resides one mile east of Mechanicstown, Carroll county, when their accomplished daughter, Fannie, was married to Perry Hewitt, of Mechanicstown. Rev. Mr. Haye, pastor of the Presbyterian church of Mechanicstown, officiated. Immediately after the ceremony a fine supper was served the guests, about 20 in number. The bride is the youngest daughter of James Boring and wife, and has a wide circle of friends. The groom is one of the prosperous young men of Carroll county. They will go to housekeeping at once in their own furnished home.

McGillivray-Haverfield.

Rev. F. E. Dean performed the ceremony yesterday afternoon marrying Harvey Haverfield and Miss Maud McGillivray. The contracting parties are Salineville's best young people and both are well known to society there. Only a few invited guests were present. After the ceremony the guests were seated to a dainty wedding dinner. The groom holds a responsible position with the Citizens' Banking company, of Salineville. The bride is the daughter of J. W. McGillivray, a well known grocer. The happy couple left on the evening train amid a shower of rice and old shoes, for a trip in the east and Southern Ohio.

Entertained Friends.

Miss Elizabeth Morrow pleasantly entertained a number of her friends on Tuesday evening at her home on Second street. The event was given in honor of Mr. Floyd Clark, of Monaca. The evening passed delightfully in dancing and games.

Arranging for a Social.

The McKinley Home Guards held a meeting last evening in G. A. R. hall. Following the business session it was decided to make preparations for a social which will be given in the near future.

Medical Society Meeting.

Lisbon, October 8.—(Special).—The next meeting of the Columbiana County Medical society will be held in East Palestine Tuesday, October 13, at 1 o'clock, in the Juniata club rooms. A large attendance is expected, and an invitation is extended to physicians who are not members of the organization.

## MAN GROUND TO PIECES UNDERNEATH A TRAIN

Wellsville Brakeman Mangled Beyond Recognition While On Duty Near Salineville.

### HE WAS SOON TO HAVE BEEN MARRIED

Mangled to terribly that recognition of him was almost impossible by his most intimate friends, the body of Joseph Sterisel was gathered from the main line of the C. & P. road a mile north of Salineville last evening at about 9:30 o'clock. He had been run down and instantly killed by a west bound freight train.

Sterisel was a brakeman and had been in the employ of the C. & P. company for a year, making his home at Wellsville. He went out on his regular run Tuesday and was returning to Wellsville when he met with the terrible accident. The train upon which he had been working had been ordered to side-track and Sterisel was sent back a short distance up the main track to flag a freight train closely following. It was the latter train that killed him, but just how the accident occurred is not known.

Rain was pouring in torrents, the

wind was blowing furiously and total darkness prevailed.

It is supposed that while making his way through the awful blasts he was unconscious of the approach of the train and if he saw it at all it was too late to jump and save himself. The engineer and fireman saw his form, but too late to prevent the mishap and when they got the train to a standstill the body had been ground and torn into numerous pieces. After a long search the remains were gathered into one bleeding and ghastly looking mass and taken to Wellsville, where they were turned over to Undertaker Haugh, who prepared them for shipment.

Sterisel was about 35 years of age. His former home was in Mahanoy City, Pa., where the body will be sent upon the receipt of word from his relatives. It is said that he was married once, his wife dying a few years ago and that he was to have been married again in a short time to a Cleveland girl.

Of him he was going at the rate of 40 miles an hour and that he was headed toward any other spot on earth but Lisbon. Chief Wyman heard the shuffle of Stilwell's feet as he ran from the city hall and gave chase, but the young man was too fleet of foot and left the chief in the dim distance.

All of the officers were communicated with immediately and a combined effort was made to land the fugitive, but he was not seen. Chief Wyman went to the home of Stilwell's parents this morning at 4:30 o'clock, thinking that he might find his man, but the father said he and his son were not on speaking terms and he knew better than to come around the house.

Prosecutor Brookes states that Stilwell is not needed badly, the evidence being strong enough, but that he would like to teach Stilwell a lesson. The penalty for contempt of court is severe.

### LABOR DAY PRIZE WAS DIVIDED

Teamsters and Engineers Each Get Half of the \$25 for Best Display.

After a delay of more than a month the award of the prize offered for the best appearance and largest percentage of members in the Labor Day parade was made at the meeting of Trades and Labor Council last night. There was considerable doubt in the minds of the committeemen which of the two unions, the teamsters or the engineers, was deserving of the prize of \$25 and it was finally decided to submit the decision to the two unions concerned. Their decision was to divide the purse equally.

The grievance committee made a complete report upon the settlement of the plumbers' strike and the members were congratulated over their prompt work.

### DEAR EXPERIENCE WITH THE MACHINE

Irondale's Ex-Mayor Wants Damages From a Nickel-in-the-Slot Proprietor.

### GROUND OF HIS CLAIMS

Lisbon, October 8.—(Special).—The case of Benjamin J. James, former mayor of Irondale, versus S. S. Creadon, came on for trial before the jury this morning, on appeal from the court of Justice Daniel McIntosh, of Yellow Creek township.

The plaintiff asks \$120 damages, alleged to have accrued to him through the fraudulent representations of the defendant regarding the legality of the use of a certain slot machine. On November 15, 1901, the plaintiff gave to the defendant slot machine privileges in his billiard room in Irondale, on the strength of Creadon's representations that the machine to be installed there was a lawful device; that he had machines in operation in all parts of the state and that he would stand between the owner of the property and any loss or damage.

December 5, 1901, Samuel Rush, whose minor son had lost money in trying to work Creadon's machine, began action to recover damages in the court of Justice W. P. King, in Saline township, Jefferson county. At the solicitation of Creadon, who promised to remunerate him, Mr. James a few days later settled the claim, which, with the costs, amounted to \$120. James now asks judgment for this amount.

The defendant filed an answer in which he held that the plaintiff knew that the slot machine was a gambling device. Charles Boyd, of Wellsville, and Jay S. Paisley, of Salineville, are the plaintiff's attorneys, and Judge J. G. Moore, of Lisbon, and Louis C. Moore, of Salineville, represent the defendant.

### DAUGHTERS OF REBEKAH IN ANNUAL CONVENTION

About 100 Delegates Representing the District Assemblies at Lisbon.

Lisbon, October 8.—(Special).—About 100 visiting delegates were present this morning at 10 o'clock at the opening of the annual convention of the Daughters of Rebekah of the Thirtieth district. The sessions are being held in Odd Fellows' hall. The convention opened with singing, prayer by Rev. George Fowler, of Lisbon. Addresses of welcome by Mayor George T. Farrell, for the city, and Miss Harriet Young, for Lisbon lodge. Mrs. Job Evans, of Home lodge, No. 110, Salem, responded.

The morning session included vocal and instrumental music by Misses Leah King and Daphne Springer, Mrs. C. G. Baxley and Martin Jay Force, of Lisbon. The visiting delegates are being entertained by the local W. C. T. U. Among those in attendance are Grand Master Charles C. Pavey, of Columbus, and the president, Ethel Ritchey, of Delaware, O.

### CAMPAIGN PLANS WERE DISCUSSED

Republican Central Committee Held An Enthusiastic Meeting Last Night.

### FORAKER MUCH WANTED

To Address a Rally in This City and It Is Hoped He Will Come—Other Features of Campaign Work Were Talked Over.

The inclement weather last evening was responsible for a small attendance at the city hall of members of the Republican central committee, called together for the purpose of arranging for the campaign now in progress over the state. Notwithstanding this, all business possible to attend to at the present time was given due consideration.

Chairman W. L. Smith being out of the city it was necessary to select a man to fill his place temporarily and W. M. Hill was unanimously chosen. Attorney James McGarry acted as secretary. Acting Chairman Hill announced that a Republican rally is to be held in both the central part of the city and the East End and asked for the wishes of the assemblage as to who the speakers shall be.

It was recalled that Senator J. B. Foraker had promised to make a campaign speech in the city this fall if possible, and he was the unanimous choice of the committee. There is a possibility, however, of his being unable to be present, and acting in accordance with the instructions of the state committee, four names of speakers were chosen, two of which will be appointed. The names are: Senator J. B. Foraker, Senator M. A. Hanna, Hon. J. J. Sullivan, of Warren, and Hon. Randolph Walton. The latter will be assigned to the East End.

The speakers are all eminent men and will be greatly appreciated. Senators Foraker and Hanna are well known locally. Hon. J. J. Sullivan is a self-made man and one of the most brilliant orators in the state. He is a personal friend of Senator W. V. Blake, who recommends him highly and who will do all in his power to get him to accept the invitation. Hon. Mr. Walton is private secretary to Gov. Nash and an orator of no mean ability. The date was not decided upon when the rallies are to be held, but it will occur some time during the next two weeks.

Vacancies noted in the committee were filled as follows:

Second ward, second precinct—F. E. Grosshans, vice A. W. King.

Third ward, first precinct—Gasper Metch, vice A. W. Stevenson.

Third ward, second precinct—J. N. Rose, vice L. T. Stevenson.

Secretary McGarry was instructed to prepare a circular letter for distribution among the voters of the city containing the boundaries of the precincts of the several wards. The boundaries—incomplete—are as follows:

First ward, first precinct—From the state line west to the center of Martin street. Second precinct—From center of Martin street west to Ralston's crossing.

Second ward, first precinct—From Ralston's crossing west to center of Broadway, north to Sixth street and Bradshaw avenue. Second precinct—North to Morton street and Calcutta road. Third precinct—North to corporate limits.

Third ward, first precinct—From Broadway west to Jackson street to Sixth street. Second precinct—From Sixth street and West Market street north to corporate limits.

Fourth ward, first precinct—From Jackson and Sixth streets to Carpenter's run. Second precinct—From Sixth street and West Market street to Carpenter's run. Third precinct—All west of the second precinct to the corporate limits.

The Young Ladies' Missionary society of the First Presbyterian church have decided to postpone the rubber sale until some time in the spring, but the rummage sale will be held very soon.

### DRAWING LARGE CROWDS

Hanna, Herrick and Harding Are Holding Successful Campaign Meetings.

Columbus, October 8.—(Special).—Hanna, Herrick and Harding are drawing large crowds and having very successful meetings. Harding is making a good reputation as a speaker, and according to Chairman Longworth, of the speakers' bureau at Republican headquarters, is more in demand than any other speaker. Hanna and Foraker will address a big meeting here October 29.

Foraker will make many speeches, but his itinerary is yet to be made up. Governor Nash will also take the stump. The state committee is at work on the dates and places for the meetings to be addressed by the 30 or 40 outside speakers who will enter the state.

### VETERANS HAD A FINE REUNION

Old Soldiers of the 104th Will Meet Next Year at Akron.

### THE ELECTION OF OFFICERS

The afternoon exercises yesterday at the thirty-fourth annual reunion of the 104th O. V. I., held at the Cooper opera house, Wellsville, which was prettily decorated and made comfortable for the veterans, proved very interesting and entertaining.

After the meeting was called to order by the president, Rev. Dr. J. C. Taggart, of East Liverpool, opened the ceremonies with a short invocation. The address of welcome by Mayor Fogo followed, welcoming the veterans to the city. This address was responded to by S. S. Cope, the chairman of the day and a member of the local committee.

Regular business was then taken up by the regiment and reports were received and communications read. Communications were read from members of the regiment scattered from coast to coast, expressing their regrets at being unable to attend the reunion. The report of the treasurer was then heard. He stated that at the last meeting held last year at Massillon, there was \$48 in the treasury, but said that \$20 of this had been voted to be given to the McKinley memorial fund at Canton. The treasurer of the regiment displayed a receipt for this donation from the memorial fund committee at Canton and reported a balance of \$28 in the treasury. This was all the report he had to make.

Chairman Cope volunteered the information that there would be no expense connected with the meeting in Wellsville this year, as the local committee proposed to bear all of this expense, so that the amount in the treasury will be increased this year instead of decreased.

The next matter in order was the report of deaths in the different companies during the past year. The following reports were given by each company: Co. A—James Allen; Co. B—No deaths; Co. C—Capt. Hugh Seargent, William G. Alcorn, Luther A. Paxton, Harvey Huston, Herman D. Lead and J. M. Ashburn; Co. D—No deaths; Co. E—No deaths; Co. F—No deaths; Co. G—No deaths; Co. H—No deaths; Co. I—Lloyd Heman; Co. K—Henry S. Keppel, David Smith, Charles F. Fox, James A. Bevington, George E. Farmer, James E. Tanner.

The selecting of committees and reports and other miscellaneous business was then taken up after which the meeting was adjourned for supper.

The evening session was very successful and was thoroughly enjoyed by the large crowd of survivors of the regiment who were present. The program consisted of a camp fire, which was a sort of social affair, the soldiers conversing with on another on old times and singing old war songs that were suggested. A fine musical and literary program of local talent followed the camp fire and was thoroughly enjoyed.

A short business session was held early this morning and the business of the reunion completed and the comrades allowed to bid one another farewell, perhaps for the last time.

The election of officers resulted as follows: President, Eli Smith, Akron; secretary, J. F. Whittlesey, Akron; treasurer, J. R. Lawrence, Canal Fulton. The next meeting will be held at Akron in October, next year.

## ENGINEERS PRESENT THEIR ULTIMATUM

Unless Their Proposed Scale Is Signed By Monday Next International Union Men Will Quit.

### MATTER REPORTED TO TRADES COUNCIL

An ultimatum, from International Union of Steam Engineers, No. 169, of East Liverpool, to the effect that the members would refuse to go to work on next Monday morning unless the present difficulties are settled, was sent this morning to the manufacturers and others in the city employing members of the union.

This action is said to have been found necessary after every other effort to settle the difficulty had failed. The delegates to Trades and Labor Council from the local reported at the meeting last night that a peaceful settlement had been found impossible, as the committee from the United States Pottery association persistently failed to show up at the meetings arranged on several occasions.

The determination of the engineers, reached after several months of negotiations, during which time their representatives have met with constant rebuffs, will no doubt be carried into effect on next Monday. While all the

plants in the city are not concerned the results of this action will of a very serious nature. Unless engineers can be secured to fill the places of those who will walk out a majority of the pottery plants and other manufacturing establishments in the city will be tied up and thousands of men thrown out of employment.

At a number of plants in this city and Wellsville, where union engineers are employed, the men are receiving the minimum wages demanded in the new scale, submitted July 10. Quite a number of other employers, other than manufacturing—pottery, have stated that they will accede to the demands at the proper time. In the potteries a number of the engineers have been for some time receiving the minimum wage, but the employers have refused to sign the scale, owing to objection to the first clause in the agreement, providing that none but union men be employed. The insistence of the men

### KNIGHTS TEMPLAR AT CLEVELAND

Welcome to the City Followed By a Large And Imposing Parade.

Cleveland, October 8.—Not a hiten marred the events of the Knights Templars' second day of the conclave and everything went forward according to program with flying colors. All the commanderies are now in the city, one of the largest delegations to arrive being that including Lake Erie commandery No. 20, and Hugh DePayens No. 30, both of Buffalo, which come as guests.

At 9:30 a. m., Reed commandery No. 6, of Dayton, acting as a specially chosen escort, marched with the grand commander from the Hollenden to the music temple. There in the hall, the formal opening of the grand commandery session was held at 10 o'clock. On behalf of the city, Member of the Board of Public Service Cooley welcomed the knights to Cleveland, and spoke for 10 minutes in such a vein that he was roundly applauded.

Sir William T. McClean, right eminent grand commander of Ohio, responded to the speech of welcome and the sixty-first annual conclave of the grand commandery of Ohio was declared formally opened. The session, which was of a secret nature, and for the transaction of state commandery business, lasted until 12 o'clock. None but present or past eminent grand commanders are privileged to attend this session, and of those about 750 were present. The grand parade started shortly after 2 o'clock and was a most impressive spectacle.

### WARSHIPS ENTER A COREAN HARBOR

Ninety Russian Vessels Anchor Alongside the Japanese Men of War.

Paris, October 8.—(Special).—Ninety Russian warships have arrived at Massanaphon harbor, South Korea, and anchored alongside Japanese warships. Several brigades of Russian troops are also encamped on the Korean border.

Regarding the future of Korea diplomatic proceedings are being negotiated at Tokio.

### New Industry in Operation.

Bellaire, October 8.—One more large industry in Bellaire has started, one that counts very much to the city. Yesterday morning fire was started in the Thomas L. Strong enamel works. The contract for this plant was let less than five months ago. It will employ between 200 and 300 people, male and female. This makes four plants of this kind Bellaire has, and all considered the finest. The company will be making ware in a few days.

### MUCH HEATED RIVALRY IN MARRYING BUSINESS

Squire Rose and Justice McCarron Working Hard With Honors About Even.

Two of the local justices, 'Squire Rose, the senior judge, and Justice H. P. McCarron, "the Irish judge," as he is styled by the former, are engaged in heated rivalry in an attempt to get a monopoly on the "marrying business." Both are hard workers and for the present week honors are about equally divided. 'Squire Rose having married two couples and obtained five licenses while the younger justice has actually married three couples. Both are confident of at least double the number before Saturday night.

Two of the couples for whom 'Squire McCarron tied the nuptial knot passed through the pleasant ordeal this morning, a few minutes before noon. The justice says it was a real good appetizer for his dinner. Both couples were from New Brighton. They are Grover Kincaid and Miss Mary Free; Thomas Murphy and Miss Elizabeth Lincoln. According to the 'squire they comprised about the prettiest bevy of Cupid's victims that he has seen together in many a day.

Justice Rose gives but one of his marriages for publication. William D. Teneyck and Miss Fannie E. Cramer, both of the city, called at his home last evening and asked to be married. The 'squire performed the ceremony with all the grace and dignity of an old fashioned Methodist minister and the couple went away all smiles.

### THE GUN CLUB TROPHY NOW ON EXHIBITION

Prize Offered By the News Review to Expert Marksmen Can Now Be Seen.

A handsome silver cup, the trophy offered in the shooting tournament at the News Review's annual outings, has been placed on exhibition in one of the show windows at Lewis Bros.' by the East Liverpool Gun club. The cup is of a very graceful design, handsomely gotten up and attracted a great deal of attention.

The East Liverpool club, under the conditions of the shoot, is entitled to hold the cup until next year, when it is to be contested for again at the News Review outing.

### Long Idle Mills Start.

Wheeling, October 8.—Sheet mills that have been idle since last June have been ordered to work at the Whitaker mill. The announcement was made Tuesday that sheet mills Nos. 2 and 3 would be started at once, without further delay, and that mills Nos. 1 and 4 would resume operations Monday next.

Always in the lead—the News Review.

## WITH THE WORKMEN IN THE CLAY PLANTS

### A PROGRESSIVE STEP.

East Liverpool is just at present jubilating over the settlement for another year of the wage question in the pottery industry. The matter was adjusted by a board of arbitration and thus a strike was happily averted. The board recommended that its findings be made binding for two years, which would indicate its faith in Republican triumph at the coming elections and the continuation of favorable industrial conditions.

It also marks a distinct advance in the methods applied to wage settlements, says the Youngstown Times. They are made standing and must continue binding, until proper notice for review is given by one side. Thus the relations between employer and employee become established on a self-adjusting scale and so long as candor and honesty are shown in their relations by both sides, labor troubles should be impossible.

A similar agreement has been in force between the Carnegie Steel company and its employees for the past four years and this doubtless has been a strong factor in the prosperity of the company and the welfare of its men. The company has a strong reserve and the men nearly all own their own homes and have bank accounts to tide them over a rainy day. In this case the man who is on the pay roll is as fortunate as the man who owns stock in the company, and

### BACK GIVES OUT

Plenty of East Liverpool Readers Have This Experience.

You tax the kidneys, overwork them. They can't keep up the continued strain.

The back gives out—it aches and pains.

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

East Liverpool people tell you how they act.

Mr. William Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Infantry. From the exposure during the war I attribute the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. Pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

### THE WEATHER.

Ohio—Fair, except rain in northeast portion; cooler; high, but diminishing west winds; Friday fair.

Western Pennsylvania—Cooler, with fair in south and showers followed by fair in northern portion; brisk west winds; Friday fair.

West Virginia—Cooler, with rain, followed by fair.

In many instances both are identical.

So soon as employees understand that theoretically there is an economic wage scale that represents exact justice as between them and their employer, and recognizing this, make such practical wage contracts that the actual wage being paid may be automatically raised or lowered to the theoretic level of just compensation, labor controversies will end, and as in the case of the Carnegie company, when the just level is found, business may be made to run prosperously at that level for years together.

The Carnegie company has now posted notice of its desire to open the wage question and there is no doubt but that the employees will accept the scale suggested as just by the showing of earnings under present business conditions.

East Liverpool will now make mighty poor missionary work for the Democrats, for with local conditions safeguarded by new contracts the community will desire a continuation of general conditions of confidence and prosperity in the nation.

Wage settlements are the safeguard to local conditions and the Republican protective policy is the safeguard to national conditions.

Without the demand for its products no wage contract can secure the fulfillment of its own obligations and it is no protection to the employees.

While the demand for products runs a failure to agree on wages injures only the community in which it occurs, for manufacture will proceed in other sections and the supply be kept up. But when protection is withdrawn from the manufacturer the demand itself disappears and general disaster is inevitable.

Here is illustrated the shortsightedness of the Democratic policy. It argues injury to general business, in other words, the removal of protection from what it is pleased to call "trust made" goods, as a means of benefiting consumers and the laboring people.

On the other hand the Republicans say, maintain conditions of general prosperity and then force a fair division of its fruits by just such wage settlements as the one made at East Liverpool in the pottery industry.

Instead of killing the goose, these potters have attached a good, stout string to her leg, thus insuring that the golden egg shall not get away from them.

Our advice to all laboring men is, vote the Republican ticket, and in matters of wage controversies, emulate the potters of East Liverpool.

### A NEW POTTERY.

Crooksville is to have another pottery. A new company is forming which will be capitalized at \$10,000 or \$15,000 to make specialties, flower pots, fancy ware and other articles made from common clay. It is understood white ware will not be manufactured. Enough of the capital stock has been subscribed to insure the success of the enterprise. Crooksville has two white ware potteries.

It was discovered that the sentence given Mr. Ward will amount to his serving just 30 days in jail. There is a special federal statute providing that when a convict is subjected to a fine which he cannot pay he may go before a United States commissioner after serving 30 days, show that he has no property subject to execution in excess of \$20 and obtain a legal discharge.

## WILL NOT EVACUATE

Russia Proposes Remaining in Manchuria Until Demands Are Granted.

### CHINA HAS APPEALED TO JAPAN

United States Will Not Interfere So Long as Commercial Treaty Is Observed—Is to Be Signed Today—Crisis Is Possible.

Yokohama, Oct. 8.—According to information received here the Russian minister at Peking, M. Lessar, has informed the Chinese foreign office that Russia will never evacuate Manchuria unless her latest demands are granted. China, it is added, has appealed to the Japanese minister, M. Uchida, for Japanese assistance.

Washington, Oct. 8.—The state department has not received direct confirmation of the Associated Press information from Yokohama, but officials say they would not be surprised to receive such confirmation at any time from Minister Conger. They say they are fully prepared to believe the news that Russia has served notice on China that she will not evacuate Manchuria until her latest demands are granted.

Exactly what these demands are no official of the state department is prepared to say, but the belief is strong that they are practically the same as those reported from Peking last spring and disavowed by the Russian foreign office. It was said on the highest authority that this government had reason to believe that Russia was insisting on the very demands which Count Lamondoff assured Ambassador McCormick had never been presented, and which Count Cassini, the Russian ambassador, told Secretary Hay were merely presented as bases of negotiations.

It was stated by the same authority that this government will not feel called upon to enter protest against Russia's action so long as our commercial treaty, which is to be signed today, is observed and the two ports in Manchuria promised by Russia remain open to the world's commerce.

London, Oct. 8.—The correspondent of the Daily Mail, at Kobe, Japan, telegraphs that Baron von Rosen on Oct. 4 presented a note to the Japanese government contending that Japan had no right to interfere in the question of the evacuation of Manchuria, which solely concerned Russia and China. The note further proposed the partition of Korea and suggested that Japan should take the southern half and Russia the northern provinces.

The note was discussed by a council of ministers Oct. 5, and Marquis Yamagata, commander-in-chief of the army, had consultations with the ministers of war and marine. The Japanese government, adds the correspondent, then sent a reply to Baron von Rosen rejecting the Russian proposal. A crisis is possible at any moment.

### INSIDE HISTORY.

Schwab and Morgan & Co.'s Connection With Shipbuilding Company.

New York, Oct. 8.—One of the most interesting statements in connection with the formation of the ill-fated United States Shipbuilding company, told by D. Leroy Dresser, in legal proceedings, was that after a pool of 200,000 preferred and 250,000 common stock had been placed in the hands of Harris, Gates & Co., it was agreed that none of this stock should be marketed until 25,000 preferred and 25,000 common, owned by J. P. Morgan & Co., and 75,000 of each kind, owned by C. M. Schwab, had been first sold.

Mr. Dresser told also of his original agreement with the Trust Company of the Republic to obtain the underwriting of \$3,000,000 of United States Shipbuilding company stock; how this was increased to \$4,700,000 by default of the French subscribers to pay; how Mr. Schwab came to offer his Bethlehem works to the shipbuilding company, and how Morgan & Co. then came into the transaction.

### Danger of Conflict Believed Averted.

Constantinople, Oct. 8.—Since the arrival of Natchovics, the Bulgarian diplomatic agent, there is evidence of a relaxation of the strained relations with Bulgaria. Immediately after M. The opinion prevails that all imminent danger of a Turko-Bulgarian conflict has been averted.

### Tornadoes Leave Trail of Death.

Emporia, Kan., Oct. 8.—Three persons killed outright, two fatally injured, and 14 more of less seriously hurt, with enormous property damage, is the net result of tornadoes that prevailed near Hamilton, Greenwood county, and near Alleville, in Coffey county, Kan. # Contagion! Contagion!

This is the Alarm that must be Sound Against Catarrh.

It is Contagious! It is Catching! It is Infectious!

Catarrh is a GERM disease and must be so treated henceforth. BRAZILIAN BALM is the only antidote that destroys the infectious germ and makes a radical cure.

### A Home Treatment for \$1.00 With Tonic Free

We all know that Small Pox, Typhoid, Diphtheria, Measles, Mumps, Scarlet Fever, Whooping Cough, etc., are "catching." They are "catching" or contagious because they are germ or microbe diseases. This is no theory, it is a proved fact, admitted by all scientific men. Dr. Theodore Potter, the eminent Bacteriologist, says:—"We can see bacteria, can cultivate them, can identify and grow the different varieties. We can plant them in the bodies of men and animals and reproduce at will the diseases from which the bacteria were obtained."

This is equally true of Catarrh. The carrier-like breath of the Catarrh victim is laden with these malignant germs; so is the pus. Put a drop of it under a powerful microscope and see the mwriggle. They are very minute it is true. It takes 200,000 of them laid side by side to cover an inch on the rule, but there is probably no microbe so long lived, so persistent, so voracious and so hard to kill.

### Not Climatic.

The opinion has widely prevailed that Catarrh was caused by climatic conditions. This is found to be a mistake, and has had most disastrous results, leaving the disease to spread unchecked over wide sections of the country. Possibly some localities are more favorable to its development and violence than others, but there must be the seed before you can get the harvest. Oats must be sown to produce oats, and wheat to produce wheat. The Small Pox microbe must be sown to produce Small Pox, the Mumps microbe

to produce Mumps. So the Catarrh microbe must be berathed in to produce Catarrh, climate or no climate. The Catarrh germ will produce Catarrh and nothing else will produce it.

Again, Among the Aborigines of this country Catarrh was unknown. That proves it is not "climatic." Another thing: It took 30 years for Catarrh to get a foothold among us. Forty years ago less than 5 per cent of the adult population were affected. Today there are over 20,000,000 victims, and rapidly multiplying. Has "climate" done this? Could anything do it but contagion?

### How has it Spread?

The breath! The fetid, germ-laden breath. Also by contact, as in kissing. Also from expectorations; and washing in the same bowl, using the same towels, napkins, etc., used by those afflicted with this putrid disease. It does not spring from the blood or any condition of the blood. The Catarrh microbe is never found in the "blood." It is not a "blood disease," and cannot be cured by "blood medicines." It is a germ disease and is propagated as above stated. It could not be propagated through the "blood."

### A Sanitary Problem.

So rapid have been the ravages of this putrid distemper within the last few years that it must soon come to the front as the most vital sanitary problem. The disease is everywhere, but in many localities it is a veritable pestilence. If every house were quarantined where it exists how many houses would fail to display the "Yellow Flag"? Every one must help to stamp out this plague. Every one is vitally interested. Every one who is now free from it must avoid contagion as they would Small Pox or the Cholera. Those who are afflicted with it, even in a mild form, should hasten to get cured, and the other members of the family for their

own safety, should insist on isolation. With united action the plague be stayed and stamped out.

### One Sure Cure.

Fortunately an antidote has at last been found for this filthy and infectious der. At last, after everything else failed, and even the doctors had given up in despair, Brazilian Balm was discovered. It kills the microbe instantly, it penetrates between the folds and in deepest passages of the head, heals ulcers and running sores. It is the healing balsam in the world. When you begin its use it renders breath and expectoration immune (tagious). It heals the throat. Asthma and Bronchitis. It heals the aches that have been made raw and ated by swallowing the germ-laden tarrh pus. It quickly takes Cold Grippe out of the system. It has been used 15 years and cured tens of thousands where the throat was eaten, you could put your finger into the an inch deep. It will cure you.

### A Great Offer.

Catarrh victims have run down terms and impaired vitality. It hardly be otherwise.

They need a good Tonic to help strength their lost vigor. A nerv strength builder. We have the best for this known to science: COLA TABLETS. We will from time on, for the next six months, a month's treatment of TOXICOLA LETS with every \$1.00 bottle of Brazilian Balm. A \$1.00 bottle of Brazilian contains a Month's Treatment. See the name is blown in the bottle, Jackson & Co., Indianapolis, Ind. summer is the best time to treat Catarrh as the disease is less violent then in cold weather.

## The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition. As a consequence many a workman develops some form of stomach trouble which interferes with his health and reduces his working capacity.

Where there is indigestion or any other indication of disease of the stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Smith, of Sub Station C, Columbus, O., writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. At last I had the compound at once, the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up all hope of being cured. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles, about six weeks, I was weighed and found I had gained twenty-seven (27) pounds. I am as stout and healthy today, I think, as I ever was."

## No Life, No Energy, No Ambition

These are common expressions nowadays and the finer points that point with unfailing accuracy to the nervous system robbed of its vitality by overwork, worry or excess of some kind.

That any one should allow this condition to go on to complete mental, physical or sexual ruin, as it surely must if neglected, is a positive crime when a cure is at hand in BAR-BEN, Nerve Food—a medicine designed expressly for this condition, a remedy that corrects the nervous system by increasing the blood, strengthening the kidneys, and purifying and enriching the blood, and thus building up the very essentials of life—Nerve Force. Use this great remedy and the nervous, irritable, weak and timid feelings will disappear. Your sleep will be natural, calm and restful. You will wake mornings feeling strong and vigorous instead of tired. All gloomy depression and sense of anxiety will fade from your mind; your nerves will become strong and steady as steel; your ambition will be restored and perfect health and strength will take the place of weakness and anxiety. The testimony of thousands of men and women who BAR-BEN has lifted from this hopeless condition of long suffering tells the tale of this great remedy more effectively than words can portray.

### TEARFUL FAREWELLS SAID THIS MORNING

Affecting Scene at the East End Station When Party Left for California.

There was an affecting scene at the little East End passenger station this morning when a number of well known people bid relatives and friends adieu to commence the long journey to California. Quite a number gathered at the platform to say the last farewell and in many eyes there were tears. Mrs. Pearl Martin and her children, Alberta and Caroline; Miss Maude Woodward and her sister and Thomas Atkinson composed the party. Mrs. Martin and the children will go to Los Angeles, where they will visit her brother, Frank Searight, a prominent newspaper man of that city. The Misses Woodward will locate in Los Angeles. Mr. Atkinson, who only returned from California last spring, will resume his former work on the street car lines in and around Los Angeles.

### DOING GREAT WORK FOR NEGROES OF THE SOUTH

Rev. J. E. James Lectures on "Mission Work in the Black Belt" Last Night.

Rev. J. E. James, the colored divine and educator, was greeted by a large audience at the Second U. P. church last evening and his lecture upon the subject, "Mission Work in the Black Belt," was greatly enjoyed. The work in which Rev. Mr. James is engaged is of such importance that the ministers of this presbytery have decided to have him speak throughout the presbytery.

Rev. Mr. James told of the great road that is being accomplished through the various churches by educational work in the south. The U. P. church is lending its support to the institution of which he is the principal and much good is being accomplished. Rev. Mr. James is to lecture tonight at West Beaver.

### Presbytery to Meet.

The fall meeting of the Steubenville presbytery, United Presbyterian church, is to be held Monday and Tuesday of next week at Knoxville.

The usual routine business is to be disposed. Rev. D. W. McQuiston, of the Second U. P. church, will attend.

### EAST END AFFAIRS.

Walter Young and Charles Smith went to Pittsburgh today to see the ball game.

Warren Horger, ill for several days, was taken home after the night, but this morning is able to get around as usual.

Claude Morrow, of the Bradman grocery, went to Pittsburgh today to witness the ball game between Pittsburgh and Boston.

Henry Goodballet left this morning for Marietta, where he will remain several days attending to some business matters.

Lewis Howard and wife were among the many that went to Pittsburgh to take in the exposition, the ball game and the production of "Bluebeard," at the Alvin.

### RECIPROcity PROPOSED WITH OTHER STATES

Ohio to Take Down the Barrier Against Admitting Outside Physicians.

Columbus, October 8.—At the quarterly meeting of the state board of medical registration and examination, held yesterday, a resolution was adopted providing for reciprocity in admitting physicians from other states to practice in Ohio.

Heretofore it has been the custom to require all to undergo an examination here before they could practice, no matter how much experience they had had or whether they had received certificates in other states having as high, if not a higher, standard of curriculum in medical schools and corresponding examinations.

In the future those states which require the same qualifications as Ohio and which agree to accept similar certificates of the Ohio men will be admitted to practice in this state without examination.

Ohio has been slow to adopt the

### J. P. McCORMACK CURED OF BACKACHE AND KIDNEY TROUBLE.

Aug. 4 1903. J. P. McCormack of Springfield, Mass., writes: "I shall always be ready to recommend to any sufferer from backache or kidney troubles your very effective Kidney-Wort Tablets. They are absolutely all you claim for them."

Many people suffering from headaches, dizzy feelings, rheumatism, loss of appetite or loss of strength do not think of their kidneys. Yet the kidneys are accountable for more aches and pains than any other organ of the body. They are the unsuspected cause of many serious diseases. The concentrated specific, Kidney-Wort Tablets cures all these symptoms of kidney disease.

reciprocity plan. It has been agitated for some time.

The board revoked the license of Stephen Burkham, of Nevada, a physician, against whom charges of drunkenness had been preferred by his townspeople. His accusers were, before the board yesterday, but Dr. Burkham did not appear. His only resource is to appeal to the attorney general and governor.

The board's committee which has been working on a proposed standard of curriculum to be required of medical colleges in Ohio made only a partial report yesterday. It will complete the work by the time of the January meeting.

Stark county has over 30,000 school children.

The hunting season for quail opens November 10.

Mrs. Mary Brubaker died at Alliance aged 74 years.

Hanna and Herrick speak at Youngstown October 15.

Warren grocers are now talking of the combined delivery system.

Pittsburg has had 566 cases of typhoid fever within two months.

Lieut. William P. Stoker, C. E., of Canton, has been made engineer officer of the department of Luzon, in the Philippines.

Lewis and Henry Wickline, of Salem, are in the Youngstown jail under \$1,500 bond each, on a charge of assaulting a colored man by the name of Tom Martin, of Dayton, with intent to kill.

The anti-hunters' association of Salem township has decided to allow no hunting on their farms in that township this season and no farmer will grant a permit. They did the same thing last season and were annoyed but very little.

The Columbia Fire Brick company of Canton has been incorporated with a capital stock of \$100,000 by Henry A. Wise, Edgar A. Bowman, Ernest T. Hauser, O. M. Coxen and Jacob I. Piper. It is erecting a big plant at Strasburg, Tuscarawas county.

### Go Prepared.

In preparing for your summer outing a little forethought may save you a good deal of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, Ill., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often recur. For sale by Alvin H. Bulger.

What do you think of Mrs. Austin's New Dress?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. You can get this reliable remedy at

## DECISION IS AWAITED

Result of Alaska Boundary Commission Soon to Be Announced.

### AMERICANS HOPEFUL OF RESULT

Chief Interest Centers in Action of Lord Alverstone—Both Sides Have Been Fully Discussed—Now Up to Commissioners.

London, Oct. 8.—By this evening the Alaskan boundary tribunal will probably have finished all its labors except the pronouncement of its decision. Jacob M. Dickinson, of American counsel, expects to say the last word in the controversy before the adjournment of the afternoon session, after which the commissioners will consider the arguments among themselves in private. They are not expected to take long before announcing the decision or disagreement.

So fully have both sides of the question been threshed out that there will be little left to be said when the commissioners meet in private, and it is generally believed that if the argu-

ments have had any influence they have already had their effect. Nothing which has been adduced is believed to have weakened the previously expressed views of the American and Canadian members of the tribunal.

What influence the contentions have had on Lord Alverstone is naturally the chief point of interest and surprise. Unless he sees some reason to disagree with the Canadian case the tribunal can quickly agree to disagree. If the American case has impressed his lordship some interesting private discussions are likely to occur, which may delay the decision.

In any case the best informed opinion is that some result will be reached within two or three days after Counsel Dickinson has closed his arguments. The Americans interested in the case expressed, though in a guarded manner, a more hopeful view than they have hitherto held.

### Workman Killed by Falling Wall.

Omaha, Oct. 8.—A severe wind storm, which struck the eastern portion of Omaha, blew down a brick wall at the north end of the new Union Pacific shops, burying four workmen, one of whom, A. T. Rattiff, of Lawrence, Kan., was killed. Three others were seriously injured and several slightly hurt. Several buildings in the east end were shaken considerably, among them being the five-story building of the Union Pacific headquarters.

### Many Kinds of Motive Power.

Columbus, O., Oct. 8.—Articles of incorporation filed by the Forest City Street Railway company were referred to the attorney general as to their legality. The company proposes to use every kind of power, including steam and electricity, as well as compressed air and gasoline. The secretary of state doubted whether the same company could use steam and electricity under the Ohio laws. The company has \$250,000 capital stock.

### Railroad Track Dynamited.

Sault Ste. Marie, Mich., Oct. 8.—Several feet of the Algoma Central railroad track near the Consolidated Lake Superior company's brick plant was blown up with dynamite. The dynamiters were evidently in too great a hurry to do a complete job. The track was repaired with little trouble and trains are running as usual. In some quarters the attempt is charged to disgruntled employees of the Consolidated company.

### Belt Line Around Youngstown.

Youngstown, O., Oct. 8.—A company composed of the leading manufacturers of the city, of which J. G. Butler is the head, is making preparations for the construction of a belt line about the city. A meeting of the Manufacturers' Belt Line company was held and arrangements made for its reorganization. Entrances are had to all the plants in the valley and connections arranged for with railroads.

### Forgot Name of His Bride.

Youngstown, O., Oct. 8.—John Richardson, aged 40 years, applied at the probate judge's office for a marriage license. He gave his own name, but when he came to his prospective bride's name he said he "clean forgot" it. He asked the judge to wait a few minutes and when he returned the name was neatly written on a slip of paper. The girl's name was Mamie Addie Grass.

## Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

John W. Gates, who knows something about Wall street himself, calls the stock exchange flurry a rich man's panic. Probably he is right. Shares of many sorts, particularly the industrials, dropped, but government bonds are not affected, the bank clearings remain at a high figure except as the falling off in speculation diminishes them, and the railroads of the country have all the work that they can handle, and more than they can handle conveniently. The mills, mines and factories generally are busy. The excitement is virtually unknown outside of the scope of the operators on Wall street. Moreover, even there the situation is much improved.

Campaign enthusiasm will not be found lacking in East Liverpool, no matter what campaign orators the state committee may send here. Incidentally, however, it should be remembered that such a Republican stronghold is entitled to the best.

states the size of Ohio. Its entire population is only about 2,500,000, while it is capable of sustaining twice the entire population of the United States. It has magnificent resources which remain undeveloped because of the revolutionary habit of its people.

Bryan's enthusiastic endorsement of Johnson would effectually dispose of the Cleveland mayor as a factor in Ohio politics, even if the voters of the state had not made up their minds to attend to that job.

Johnson's administrations have added \$5,000,000 to the debt of Cleveland and he is doing his best to increase the amount. Nice recommendation for a man who aspires to be governor of Ohio!

Now that T. C. Platt is to be married at the age of 70 it is recalled that he wrote sentimental poetry in his youthful days. Great men all have their weaknesses.

If the nation can entrust the president with the veto power surely the people of Ohio can do likewise with their governor. The amendment should pass.

The latest lunatic who called at the white house was evidently no crazier than a good many other visitors there. He merely wanted \$750,000 from the government.

There is never any doubt where Senator Hanna stands on a public question. He has the confidence of the people because he takes them into his confidence.

As Charles M. Schwab is credited with having made \$21,000,000 on a recent deal the fact that he had to quit his job is probably not worrying him.

Tom Johnson will get a chance for a joint debate and ought to be happy. It will be better than a press agent to advertise his circus.

## OBITUARY

Dawson W. Snowden.

Dawson W. Snowden, aged about 70 years, died at his home on Tomlinson run, south of Chester, last night after an illness of but a few hours. In the afternoon he had been cutting corn, and seemed to be enjoying his usual good health. After the evening meal he was taken suddenly ill and died in a short time thereafter. He is survived by his wife and four children.

Mr. Snowden was well known not only in Chester, but throughout Hancock county. His droll stories abounding in quaint humor won for him friends and acquaintances wherever he went. He was a painter by trade, but recently has devoted all his time to his farm.

The arrangements for the funeral have not been completed.

Everett Donaldson.

Everett Donaldson, who resided about one-half mile west of Mechanicstown, died suddenly at his home yesterday afternoon. He was one of the prominent citizens of Fox township, Carroll county, where he has lived all his life. He leaves a wife and family. The funeral services took place this afternoon at Scroggsfield, Rev. Mr. McKnight officiating.

## FRIENDS AND VISITORS

F. H. Croxall was in Pittsburg yesterday.

D. F. Triem, of Salem, was here on business yesterday.

Henry J. Abrams has gone to Lincoln, Neb., to visit M. M. Abrams for a month.

Miss Sarah Law and Miss Florence Walker, of Toronto, visited East Liverpool friends yesterday.

Mr. and Mrs. Arthur Hostetter, of Minerva, were yesterday the guests of Mr. and Mrs. William Hall.

William Calhoun left on his eastern trip today, and expects to see the Boston-Pittsburg ball game today.

President T. J. Duffy, of the N. B. of O. P., addressed the meeting of the local at Kokomo last evening.

Mrs. Sue Carson, College and Fifth streets, left this afternoon for Pittsburg, where she will visit her daughter for a week.

Fred Irven Evans, of Irondale, and Bertha May Crawford, of East Liverpool, were licensed to marry at Wheeling on Tuesday.

About 80 friends and relatives, including many from East Liverpool, attended the celebration of the sixty-seventh wedding anniversary of Mrs. Joseph Bryan, of Georgetown.

## AT THE THEATER

Those who saw the production here have talked so much about it and those who did not have expressed such a desire to see it, that Manager Norris has secured "York State Folks" for next Tuesday evening at the Grand. The seats for this engagement will be placed on sale next Friday morning, and it is expected that the advance sale will be one of the largest in the history of the theater. Already Manager Norris has received a number of requests to hold certain seats, but this will be impossible, as all will be given an equal opportunity. First come, first served.

A manager who expends thousands of dollars in order that nothing will be neglected that might add to the enjoyment of his patrons certainly deserves success, and as a rule he generally gets it. "The Quinlan & Wall Imperial Minstrels," you can rest assured that there is money and push back of it; the beautiful, artistic, pictorial lithographic work is the finest and costliest on the road. So there is no doubt that the Quinlan & Wall Minstrels will meet with the best of success. At the Grand Monday night.

**Killed Husband in Self-Defense.**  
Dayton, O., Oct. 8.—While his wife, Katharine, was waiting on a customer in their restaurant, W. H. Lane came home drunk and abused her, striking her with his hand, knocking her down. She fled to the kitchen, where he followed her and struck her to the floor a second time. In falling she grabbed a long knife and thrust it through her husband's heart, killing him instantly. Two ribs were completely severed. When she saw what she had done the woman, crazed and grief-stricken, fell upon his body and was covering it with caresses and kisses when the police came.

**Young-Hannay Nuptials.**  
Washington, Oct. 8.—A distinguished company witnessed the marriage at St. Thomas church, of Miss Elizabeth Young, daughter of Lieutenant General Samuel B. M. Young, chief of staff of the army, and Captain J. R. Hannay, of the Twenty-second Infantry. General Young escorted his daughter to the altar, where the ceremony was performed by Rev. Ernest M. Smith, the rector of the church. Among those present at the wedding were President and Mrs. Roosevelt, Miss Alice Roosevelt and Admiral Dewey.

WORK MUST BE DONE  
ALL OVER AGAIN

The Storm Filled Up the Water Works Pump Pit And Caused \$2,000 Damages.

The heavy rain storm last evening, besides causing other slight damages, caused a damage to the new water works pumping station pit aggregating about \$2,000. The entire pump pit, which had been excavated to a depth of 35 or 40 feet, was entirely destroyed and will have to be re-excavated.

The Duquesne Engineering company of Pittsburgh, contractors in charge of the work, and who bid to do the work at a rock bottom price, are the losers. They will now lose in the neighborhood of \$1,500 on the contract, it is stated that they only figured on about \$500 profit.

Cribbing has been placed all around the new pump pit when the men had been working, excepting at the bottom, for a distance of about nine feet. The cribbing should have been extended to the entire depth, but the contractors run the risk of fair weather and allowed it to remain in that condition one night. The result was that water washed out the under clay, under the cribbing, and the dirt next to the cribbing soon began to sink and finally caused the cribbing and all to cave in. The pit was nearly filled up.

It will require all the men working every day for three weeks or a month to repair the damage done, and this work will be started at once. This delay will prove a serious one, as it is rapidly approaching the time for cold weather and the exterior work ought to be completed before that time. The contractors will work night and day to complete the job.

## Promised to Pay \$5.

Thomas Madden, a young man who resides in the West End and who has not figured in the mayor's court for some time, was again taken in the toils yesterday by Chief Houser on a charge of being drunk and disorderly and fighting. He was brought before the mayor last evening and pleaded guilty. He was released upon his promise to pay a fine of \$5 to the mayor as soon as he could earn that amount.

## SIMPLY BREATH IT

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1, and if after using you can say that it has not helped you Will Reed will return your money. What other treatment for catarrh is sold under a guarantee like this?

## Bed Bugs

The meanest, the vilest of all household plagues or pests is the bed bug. It comes soonest, stops longest, is the hardest to get rid of. At least it was until the introduction of Death Dust. This is an infallible means of ridding beds, couches, lounges, easy chairs and cracks and crevices of this disgusting insect nuisance.

## FIERCE FIGHT

At Tin Mill Results Unhappily for Two Italian Laborers.

A fierce fight in which two Italians were worsted by a full fledged American citizen occurred at the tin mill this morning. But for prompt and vigorous action on the part of Mill Officer Crosser the fight might have resulted in a tragedy. As it was one of the Italians received several painful scap wounds, which were dressed by Dr. W. P. Donechoo.

It is understood that the Italians resented the remarks concerning them made by some of their fellow workmen. A quarrel ensued which soon developed into a rough and tumble fight. Officer Crosser chanced to be near and arrested the trio before they had time to knock out each other.

When taken before Mayor Mercer, all pleaded guilty and were fined \$9.50 each. Thereupon the Italians filed charges against three boys, employees of the mill, for provoking a breach of the peace by taunting and insulting them. The boys were arrested but no evidence worthy of consideration being offered, they were promptly released.

## Drowned the Chickens.

Samuel Mack, of New Cumberland, has moved to Wellsville. He took his effects a part of the way by skiff, the other part they floated. En route they had a mishap. The load consisted of about three wagon loads of furniture, etc. Every thing went lovely and the chickens were high and dry until Mingo was reached, when the skiff struck a stone, sinking the whole outfit. The three sailors managed to escape, but succeeded in drowning 75 out of the 100 chickens.

INDEPENDENT TEAM  
IN HIGH SCHOOL

Boys Form a New Football Organization and Elect Coach and Officers.

The prophecy of the News Review that greater interest would be manifested in football this season than ever before in the history of the city is certainly being realized. In this issue are the announcements of two new teams and the end is not yet. A number of the alumni of the local high school have organized a team and have named it "The Independent High School Team."

Dr. Roy Haverfield, who played last year with the Ohio Medical University eleven, has been selected as coach and the following officers have been elected: Blaine Cochran, manager; Joe Grannan, captain and Ernest Thompson, treasurer. The team colors are green and white.

Practice will be commenced at once and it is expected to be in condition to play in a short time. Games will be arranged with high school and college teams from surrounding cities.

The lineup is as follows:

Ernest Thompson, left end; Frank Gardner, left tackle; George Eckhardt, left guard; John Evans, center; Nicholas Fleisch, right guard; Blaine Cochran, right tackle; Floyd Miller or Will Smith, right end; Will Davidson, quarter back; Alfred Cartwright or Harold Hoskins, left half; Joe Grannan, right half; Fred Mountford, full back.

## The Ancient Girdle.

In Rome a man's investiture of his girdle showed that he was intent on work of some nature. When he took it off and let his tunic fall it was patent to all that business was over and that he was free to speak to his friends at his and their leisure. Thus the girdle served a purpose—negative in its character, of course, but a purpose nevertheless. Its sphere of usefulness did not end here. It was figurative of property. When a man or woman put off his or her girdle it was a token of renunciation of some right or privilege.

The widow of Philip L. duke of Burghley, for instance, renounced her right of succession by "putting off her girdle on the duke's tomb." Per contra, the princes of Ireland in taking the oath of fealty to King John, laid aside their girdles, their spears and their caps. "In the ceremony of excommunication," says a writer, "the bishop cut or tore away from the culprit the girdle that was about him and the newly made husband in Rome took from his wife the maiden girdle of sheep's wool in which she was bound up to the day of her marriage."

Another Crank at White House. Washington, Oct. 8.—John Decker, of Norwich, Conn., who evidently is a mechanic, about 44 years old, entered the White House soon after the doors were opened. The official's thought from his actions that he was a crank and arrested him. He was not armed and made no resistance when placed under arrest. He was turned over to the police authorities. Decker was examined later in the day, pronounced insane and removed to the government insane asylum.

Barber Killed by Bartender. Vincennes, Ind., Oct. 8.—George McAndrew, white, shot Roy Beard, colored, killing him instantly. Beard, who is a barber, went into Martin's saloon, where McAndrew is bartender, began a quarrel and started toward McAndrew with a razor. McAndrew then drew his revolver from his hip pocket and shot Beard. The negroes are greatly excited, and trouble is feared. McAndrew was immediately placed in jail.

Dies of Injuries in Football Game. Chicago, Oct. 8.—Gustave Julius Becker, the 16-year-old boy who was injured in football practice at Lake Forest academy, is dead. Becker's back was broken Sept. 18, in a collision with another boy. The body will be taken to Belen, N. M., where the boy's parents live.

W. C. T. U. Shows Big Gain. Canton, O., Oct. 8.—The state convention of the W. C. T. U. was occupied with reports from the county presidents. The reports show a total membership of 12,094 in 604 local unions. This is a gain of 93 unions and 500 members for the year.

Four Deaths from Yellow Fever. Laredo, Tex., Oct. 8.—There has been one additional death from yellow fever, the latest victim being Thomas W. Hutton, 28 years old, a machinist employed by the Mexican National Railroad company. The situation in Nuevo Laredo does not show any improvement. Reports received from that city show three deaths and a great number of new cases. No new cases are reported from Monterey.

ENGINEERS PRESENT  
THEIR ULTIMATUM

Continued from First Page.

on this demand has greatly complicated the situation, as several of the engineers of the city are members of the N. A. S. E., another organization. The N. A. S. E. is an educational society and it is not concerned in the demands of No. 169.

It will be remembered that in order to settle the dispute, which has been in existence since July 10, the date of presenting the new scale, H. B. Erdhaus, an international officer of the union, was sent here to conduct the negotiations. Upon his arrival he withdrew the demand in the form presented by the men and substituted the form used and sanctioned by the international body. The difference in the two sets of demands is very slight.

Mr. Erdhaus called upon a number of employers and arranged for a meeting with the committee from the United States Pottery association. The committee failed to appear at the appointed place and at the appointed hour. In the midst of these difficulties and disappointments Mr. Erdhaus was called to Columbus by the alleged defalcations of George M. Collier, state examiner of steam engineers. The settlement of the difficulty then reverted to local unionists, but they did not succeed in having the scale adopted.

While the failure of local No. 189 to have the new wage agreement adopted was reported to Trades and Labor Council last night, no help was asked of that body except that moral support be given.

Mr. Erdhaus upon leaving the city stated that the question of a settlement was now up to the local and the international association, and it is figured that the decision of the men to walk out has been sanctioned at headquarters.

The committee appointed some time ago from the Potters' association to deal with the engineers' demands is composed of Messrs. H. A. Kaffer, of the Severs, H. P. Knoblock, of the Dresden, and J. T. Smith, of the Smith & Phillips. The committee will no doubt hold a meeting some time before Saturday to determine a course of action.

Automobiles Reach Pine Hill. Pine Hill, N. Y., Oct. 8.—The automobiles which are making the endurance test of the National Association of Automobile Manufacturers to Pittsburgh, made the run from Weehawkin to Pine Hill in exceptionally good time, considering the heavy roads encountered. All the cars have so far escaped without serious accident, and several have made a clean record. The innovation of spreading confetti at the curves of the roads proved effective and only two operators reported losing their way. The first of the cars in the contest reached Pine Hill in a driving storm at 3 o'clock in the afternoon. By 6 o'clock 27 out of the 34 competing cars had arrived. At 8 o'clock all but four reached the carriage and were quartered for the night.

Big Bequest to University. Irvington, N. Y., Oct. 8.—The will of Frederick Guiteau bequeaths \$100,000 outright to Cornell university. The income of \$40,000 and the use of the Irvington estate is bequeathed to his sister, Mary G. Howe, during her life. After disposing of amounts ranging from \$500 to \$5,000 to 20 relatives, the residue, in addition to the \$100,000 gift, is left to Cornell university. The value of the estate is estimated at more than \$1,000,000.

On Trial for Brutal Crime. Berlin, Oct. 8.—The trial of Andreas Dippold, a private tutor, who tied Heinz Koch, the 14-year-old son of Director Koch, of the Deutsche bank, to a bed and whipped him to death, began at Bayreuth. Heinz, with a younger brother, who was also fearfully punished, lived with the tutor in a secluded house. A medical board has decided that Dippold is sane. He alleges that he whipped the boys on the authority of their parents.

Four Deaths from Yellow Fever. Laredo, Tex., Oct. 8.—There has been one additional death from yellow fever, the latest victim being Thomas W. Hutton, 28 years old, a machinist employed by the Mexican National Railroad company. The situation in Nuevo Laredo does not show any improvement. ## REALM OF SPORTS

### FAMOUS ROYAL TIGERS

#### AGAIN IN THE FIELD

SEVEN OF THE OLD MEN IN THE LINEUP.

Practicing Hard And May Play the First Game With Lisbon on the 17th.

A name once famous in local foot ball circles has been revived and will once more be used to designate a team. Four years ago the Royal Tigers gained fame by winning some great games, but in the end met a crushing defeat and finally passed out of existence. Some of the players quit the game, while others have continued with other teams. Whether or not the team can win back the lost laurels remains to be seen, but they are starting out in a way to make themselves felt. They have secured the grounds near the Laughlin potteries, hands for all the players and will put in the evenings at hard practice. They expect to be ready to play by a week from Saturday, and the first game will likely be with Lisbon.

In the lineup are seven of the old Tiger players, some of whom later played with the Oaklands. The two guards, Fetty and Goodball, will average 200 pounds, the former weighing about 214 and the latter about 186. Both were fine players in the old days and can soon get into condition again. Searight had the reputation of being the best center in town when he was playing the game. The team will also be strong on the ends if "China" Welkert and Nelson are placed there. Bulger, who will likely play tackle, is another heavy man and a good player. Allison is getting lots of praise for his work at quarter and from Morrow, Angle and Mountford can be selected two great backs. Altogether the Tigers number 16.

Claude Morrow, the Grove City college player, will coach the team. He is an experienced and handy player and will soon have the men working together with precision. Harry Herbert has been selected manager and his successful guidance of the East End Grays under very trying conditions is enough to warrant the statement that a better man could not have been selected.

The Tigers have announced that they will tackle the oyster proposition, first of all, having arranged for an oyster supper at Larkins' hall on the night of October 13. Oysters will be served in every style and a fine musical program will be provided.

## WORLD'S CHAMPIONSHIP.

Young's Pitching Puzzles Pittsburghers—Almost a Shutout.

Pittsburg, Oct. 8.—A crowd that occupied every seat in the grand stand and bleachers and every available foot of standing room and then overflowed into the field three or four deep turned out to witness the second game of the championship series. Except for high winds it was an ideal day for baseball. Ground rules were adopted and three bases allowed on a ball going in the crowd.

Young's pitching was too much for the Pittsburghers. He had them completely at his mercy, and it was only through an error by Parent in the eighth inning that prevented a shutout.

Kennedy, for Pittsburgh, was hit in the sixth and seventh innings, although errors were responsible for most of the runs scored. Thompson relieved Kennedy at the end of the eighth and did well. Aside from Young's pitching the batting of Dougherty and Collins were the only features. Score:

## PAY FOR THE RACE.

Democrats Decline to Be Candidates For Cash.

Stark and Richland Counties Report Similar Cases—"Curative Act" Precedence Thrown Aside—Is Johnson or Clarke the Senate Candidate?

Two thoughts arise at once and naturally in connection with the report by reputable and responsible newspapers that Mr. Johnson has been offering to provide money for Democratic candidates for the legislature to encourage them to make the race. One is, as to the effect of these revelations upon Mr. Johnson's reputation for keen political honor. The other is, as to Mr. Clarke's chances in case Johnson provides the cash and captures the legislature. Is John H. Clarke really running for the United States senatorship, or is he only permitted to think that he is a candidate?

The Richland county case, as stated by the Mansfield News, is somewhat complicated. The News names the men who were asked by Johnson but declined to be the Democratic candidate for the legislature in that Democratic county. First was C. N. Gaumer, the Democratic editor and former representative. Burr Gongwer, Johnson's private secretary, urged Gaumer to run against Representative Earhart, who was entitled to the second term by party usage. Gaumer declined and said that he agreed with Earhart that the curative act was a good thing. Gongwer told Gaumer that did not matter, as all Johnson wanted was to make his word good that Earhart would not be re-elected. What magnificent statesmanship and splendid devotion to principle that did show in Johnson.

Colonel T. T. Dill, Robert Hutchison, R. B. McCrory and T. Y. McCray of Mansfield, and Riley Blocker of Shelby all declined when asked. Hutchison was called to Cleveland by Johnson, and in the latter's house was offered the "sinecure of political warfare," besides pay of all campaign expenses, but told Johnson that the Richland Democrats wanted Earhart re-elected. Not until all the availabilities had refused Johnson's overtures did he take up with the present candidate, Hershey. These are the men who are against Johnson in Richland county, and Johnson's approval of them discounts all his denunciations of them since they turned him down.

No name is given by the Alliance Review in a statement by it along the same line, but the Review says that it is "in good standing financially and if the charge is not true, recourse and recompense to the injured party can be had through the courts." This charge is "that recently a prominent Democrat of Alliance" asked a personal friend for help and advice because "Tom L. Johnson had offered to give said Democrat his, Tom L. Johnson's, personal check for \$2,000, if said Democrat would become a Democratic candidate for the state legislature and use the money in an effort to secure his election." No more need scarcely be said at this time on this subject. Until these charges shall be cleared up in both the Richland and Stark county cases, any citizens of Ohio, who may have been presuming upon the spotless purity as a politician of the reformed franchise-procurer, at present in control of the Democratic machine, may as well withhold their judgment.

## IT HELPED IN RUSSIA.

"Noble and Heroic Attitude of Roosevelt and Hay."

Mr. J. B. Greenhut of Peoria, Ill., who has been abroad investigating the cause of the massacre at Kishenev and the present condition of the Jews under Russian despotism, in his official report, gives this splendid praise for all who know the facts:

"However, what impressed and gratified me most was the statement and consensus of opinion of all these men—namely, that while the relief funds which were so generously forwarded from all parts of the world were indeed welcome, as it enabled them to give material assistance to those poor creatures whose all had been destroyed and who, if the early assistance had not been received, would have starved to death, but above all they said what they prized and welcomed most was the noble and heroic attitude taken by President Roosevelt and Secretary Hay in their behalf. They said over and over again that the moral influence exerted through the action taken by our Administration could not be enforced officially. It nevertheless had immediate effect on the Russian government, and resulted in a change of the governor and the officials generally in Kishenev, who are said to be less harsh to the Jewish population than their predecessors had been."

## PERTINENT POINTS.

The papers have to talk about Cleveland until election because that city is a living example of Johnsonism. One little local incident was the Johnson raid to drive the bootblacks and newsboys off the streets to prevent the little chaps from earning a living.

Just as free trade's breakdown begins to be acknowledged in Great Britain is no time for Ohio voters to boost free trade.

Calamity Clarke he will be called.

## TESTIFY FOR TILLMAN

State Finishes Its Side of Case  
and Defense Is Now 1

Heard.

EDITORIALS USED AS EVIDENCE

According to a Witness Gonzales  
Threatened to Fill Tillman Full of  
Lead—Members of Colonel's Regi-  
ment Testify in His Behalf.

Lexington, S. C., Oct. 8.—The de-  
fense in the case of J. H. Tillman en-  
tered upon the presentation of its tes-  
timony. Solicitor Thurmond announced  
that the state had no further evidence  
and would rest. Nine witnesses for  
the defense were heard. It is esti-  
mated that the defense will consume  
the remainder of the week with its  
witnesses. Juror Sharpe, who has  
been sick for the past three days, was  
able to take his seat, although court  
was adjourned an hour earlier on his  
account.

The defense first renewed the mo-  
tion to have the jury instructed to dis-  
regard all testimony relatives to the  
possession of a weapon by the defend-  
ant a day or two prior to the shoot-  
ing, contending that no connection  
had been shown between that and the  
shooting. The court ruled that the  
testimony was competent in view of  
other testimony given by witnesses  
for the state.

Editorials from the Columbia State  
relating to J. H. Tillman were then  
read and offered in evidence by the  
defense.

In ruling on a point in controversy  
affecting the introduction of editorials  
the court stated that the purpose for  
which the editorials was submitted  
was to show the feeling existing be-  
tween the defendant and N. G. Gon-  
zales.

Gonzales Made Threats.  
The first witness called was T. D.  
Mitchell, who was a resident of Col-  
umbia in 1902. He was asked if he  
had had any conversation with N. G.  
Gonzales in 1902, in which the name  
of J. H. Tillman was mentioned. He  
replied in the affirmative, saying he  
met Gonzales in the street, and asked  
him if he did not "think it about time  
to let up" on old Jim. Witness said  
Gonzales replied, "I can slap his face  
and he wouldn't resent it."

The witness further stated that  
Gonzales said:  
"If he ever bats his eyes at me I'll  
fill him so full of lead he can't tote it  
off."

The witness said he told Tillman  
of the conversation. On cross-examina-  
tion witness said he forced the con-  
versation on Gonzales; also that he  
knew Gonzales by sight, but never  
was introduced to him, and further,  
that he had told a few days after the  
shooting that the conversation would  
be good evidence for the defendant.

A. J. Flowers, a street railway con-  
ductor, testified that he overheard a  
conversation on his street car in Col-  
umbia in 1902, in which Gonzales said  
that "if he did not succeed in defeat-  
ing Tillman in the governor's office  
he would never be seated, because he  
would kill the rascal!"

Said Gonzales Carried a Gun.  
N. B. Cheshire, a printer on an An-  
derson, S. C., newspaper, was asked  
to state what he told Tillman at a  
campaign meeting in Anderson in 1900.  
Objection was raised by counsel for

BRIGHT'S DISEASE AND  
DIABETES NEWSOffice German Democrat,  
San Francisco, Oct. 1, 1903.

To the Editors of Ohio:  
Dear Sir:—For many years an edi-  
tor myself, I address you by request  
and as a simple duty. A great dis-  
covery has been made in this city.  
It is fraught with so much importance  
and yet is so hard to believe, that  
those who are personally cognizant  
should add the weight of their influ-  
ence, be it great or small.

I not only know by contact with  
many of the beneficiaries but was my-  
self rescued from Bright's Disease by  
it. The cure has been found, and the  
difficulty in believing it is costing  
many lives. It is astounding how far  
our prejudices carry us. But the  
great fact is here, and acceptance  
means recovery.

After my own unexpected release I  
wouldn't let my friends rest and sev-  
eral took the treatment and recov-  
ered. One was Charles F. Wacker,  
the Sixth street merchant. He had  
diabetes and thought he was going to  
die. He got well and passed for a  
\$2,000 policy.

I say to you as a brother editor that  
those of your friends who have dia-  
betes or Bright's Disease, and every  
one knows of some, that they can re-  
cover. I will be glad as one of many  
survivors out here to give you further  
information.

Yours, etc.,

CHAS. H. ENGELKE.

We sent for the Fulton Compounds  
to which the above refers and now  
have them in stock. They are the  
best cures the world has ever seen  
of chronic Bright's disease and dia-  
betes. We are sole agents. Free

the state on the ground that the state-  
ment was not made by Gonzales, and  
consequently heresay. The jury was  
sent out, when the witness said:

"I told him a representative of the  
State (newspaper) told me that Gon-  
zales carried a gun for him and that  
he had better not jump on him with a  
stick, for if he did he would get h—  
shot out of him."

After a lengthy argument by coun-  
sel extending beyond the dinner recess  
the court ruled that the testimony was  
competent, and the witness made the  
statement before the jury.

The witness was in Colonel Till-  
man's regiment, and on cross-examina-  
tion said he paid particular atten-  
tion to the statement as he wanted to  
tell Tillman what was said. He said  
when he told the defendant the latter  
looked as if it hurt him, but made no  
reply.

James Davis, the last witness called,  
had begun his testimony when  
Judge Gary ordered an adjournment,  
that the sick juror might not be over-  
taxed.

## AIRSHIP A FAILURE.

Prof. Langley's "Buzzard" Dives Into  
Potomac River.

Wilde Water, Va., Oct. 8.—The 60-  
foot steel-built flying machine, the cli-  
max of years of exhaustive study in  
the efforts of Prof. Samuel F. Lang-  
ley, secretary of the Smithsonian in-  
stitute, to solve the problem of me-  
chanical flight in midair, was again  
launched, and the experiment, care-  
fully planned and delayed for months,  
proved a complete failure.

The immense airship sped rapidly  
along its 70-foot track, was carried by  
its own momentum for 100 yards and  
then fell gradually into the Potomac  
river, whence it emerged a total wreck.  
Prof. Charles S. Manley, who has been  
Prof. Langley's chief assistant in the  
work preliminary to the attempted  
flight, made the ascent in the aero-  
drome and escaped with a ducking.

At no time was there any semblance  
of flight, the initial momentum, the  
lightness of the machine and the sus-  
taining surface of the wings furnish-  
ing the conditions which account for  
the 100-yard transit of the air bird  
from its 60-foot elevation to the water.

## Just Like a Happy Family.

New York, Oct. 8.—Mayor Low,  
Comptroller Grout and President  
Furness, of the board of aldermen, cen-  
tral figures in the complicated politi-  
cal situation in greater New York,  
met at a session of the board of esti-  
mate and their personal attitude was  
strangely true to their political atti-  
tude. The mayor shook hands rather  
cordially with Furness, but his only  
greeting to Grout was a formal in-  
clination of the head. Grout's acknowl-  
edgment was a nod that was short  
and quick. Grout and Furness clasped  
hands across the table in warm and  
effusive welcome and their extended  
arms made an arch on a line with the  
face of the mayor, who sat quietly at  
the head of the table. Officially they  
all talked, but the proceedings were  
formal and frigid.

## River Barges for Freight Traffic.

Kansas City, Oct. 8.—A proposition  
to start a line of river barges on the  
Missouri river to relieve the freight  
congestion and to provide a weapon  
to force the railways to grant lower  
freight charges has been made. It  
is proposed to run the line between  
Kansas City and St. Louis, where a  
connection can be had with the river  
service from New Orleans, Pittsburg  
and other points, and eventually the  
service may be extended to St. Jose-  
ph. The freight system of this part  
of the country has, it is stated, out-  
grown the present railway facilities.  
The names of those back of the pro-  
ject are withheld.

## Prairie Fire Raging.

Quinter, Kan., Oct. 8.—A great prairie  
fire which started three miles north  
of Grainfield is now raging in the ter-  
ritory north of the Salina river.  
Farmers and residents of Grainfield  
on the south, and Hoxie, on the north,  
have kept it out of their towns, and  
it is traveling east toward Hill City.  
The wind has been blowing from the  
northwest and the smoke from the  
fire can be seen from this place, which  
is 15 miles distant.

## Woman Lawyer Admitted to Bar.

New York, Oct. 8.—Miss Gabrielle  
Townsend Stewart, lawyer, after three  
years' practice in Cleveland, has been  
admitted to the bar of New York.  
Unlike man women lawyers, Miss  
Stewart refuses to confine her prac-  
tice to so-called office work. She fights  
a criminal case in open court. Miss  
Stewart has come from Cleveland to  
make her home with her mother and  
brothers on the Hudson near this city.  
She will take a downtown office in a  
few days.

## Royal Marriage Consummated.

Darmstadt, Oct. 8.—Princess Alice  
of Battenberg and Prince Andrew of  
Greece were married Evangelically at  
the court church. The bridal pair  
and all the royal and princely guests  
then proceeded to the Russian chapel,  
some streets distant, where the Greek  
service, far more imposing than the  
first one, took place.

## CHALLENGE ACCEPTED.

Tom Johnson Will Debate Taxation  
With Prohibitionist.

Columbus, O., Oct. 8.—The Pro-  
hibition state committee issued a chal-  
lenge for a joint debate between Tom  
L. Johnson, Democratic candidate for  
governor, and Rev. L. S. Creamer, the  
Prohibition candidate. They propose  
Mr. Johnson's favorite subject, taxa-  
tion, as the theme for the debate. As  
Johnson on the stump here said when  
talking about Hanna that a candidate  
who would not meet his opponent in  
debate was not entitled to the votes  
of the people, it is thought he will  
accept.

Columbus, O., Oct. 8.—Charles P.

Salen, chairman of the state Demo-  
cratic committee, accepted the chal-  
lenge of the Rev. Nelson D. Creamer,  
Prohibition candidate for governor, for  
a debate with Tom L. Johnson, Demo-  
cratic candidate, on the question of  
taxation, agreeing to have Mr. John-  
son discuss it with him Oct. 19, at  
Cleveland.

In his letter, however, Mr. Salen  
points out that he thinks the debate  
useless, as the Prohibition platform  
takes no stand on taxation, and be-  
cause the issue of the campaign is  
really "To determine whether what  
Senator Hanna stands for or what  
Mayor Johnson stands for is favored  
by the voters."

## Doctor Shot by Italian.

inmate of the institution until a few  
days ago, when she escaped from that  
place and her present whereabouts  
are unknown to her husband.

diate ticket stations on the Southwest  
System.

The round trip fare from East Liverpool  
will be \$1.25 on the above dates. Excursion  
tickets will include an admission coupon  
to the Exposition, and will be good return-  
ing three days, until the Saturday follow-  
ing the date of sale.  
The Pittsburg Exposition for 1904 will be  
a marked improvement on the Exposition of  
previous seasons. The musical programs  
are particularly noteworthy and include  
famous organizations. Contractors of the  
Royal Italian Band will give afternoon and

evening concert from September 30 to 15th  
inclusive; the Fiedettes Woman's Orchestra

**\$1450**

A nice, well ordered and well kept house of 4 rooms and a kitchen. Two stories, slate roof, good cellar, front portico, gas and city water. Nice lot situated on a pleasant street in a good neighborhood. We would like \$150 down, balance monthly.

**\$1650**

A new, not yet occupied 5 room house, just fresh from the builder. Rooms are large. Lot fronts 40 feet and is 100 feet deep. A drilled well 90 feet deep with never failing water standing 65 feet deep, equipped with pump. The house has a good cellar, front, side and rear porches and is roofed with slate. Situated 6 minutes out the north side car line, in a very pleasant locality. Terms right to a good party.

**\$950**

A three room, one story and basement house on Lisbon street, water and gas, paved street and sidewalk. Three minutes walk from street car line. \$200 down, balance monthly.

**\$2650**

House of seven rooms and bath, pantry, cellar and furnace. Two stories, slate

roof, front portico, and city water. The rooms are large. A good frame two story slate roof carriage barn, 16x32. Two lots making 60x120. A fine view obtained and one of the prettiest locations on the Ohio river. Worth more money, but owner lives out of town and is tired of renting. Will sell for \$200 down, balance monthly.

month. You can live comfortably in it and be in touch with the conveniences of the city without paying car fare or going up or down hill. We ask \$500 down, the balance you can pay at \$20 per month.

**\$3100**

This house is well located, within a few minutes walk of the business center. It is so near that you would

work is grained. The roof is slated with Pennsylvania black slate. Never has been occupied and hence is new, clean and fresh. First payment \$600, balance in easy installments.

**\$3750**

A business and residence proposition. The building is two stories with finished attic; cellar under whole house. There are six large living rooms and a well arranged and equipped bath room which contains a bath tub, wash stand and w. c., hot and cold water, gas in every room. There is a high ceiling store room 20x30 with a fine glass front. It is located on the corner of two residence streets within 5 minutes walk of the Diamond; no hill to climb. Very favorably located for a residence and store. It will bring \$38 per month rent. Thus yielding 13 per cent per year and will pay for itself in 8 years. A good thing, and we ought to keep it ourselves but it is our business to sell property. \$750 cash down will give you possession, after that its income will pay us the balance and you will own it free from all claims in less than 8 years. It is easy to make money when you know how. This offer is one of the "hows."

### SALEM RESOLVES ON STANDING PAT

Business Association Will Maintain Its Position On Telephone Question.

#### PRESIDENT'S STATEMENT

Read at the Meeting Is a Protest Against the 50 Per Cent Advance in Rates by the Columbiana County Telephone Company.

Salem, October 8.—The Business association held its regular meeting Tuesday evening and it was indeed a rousing one, a large attendance of the membership being present when the meeting was called to order by Chairman Tomlinson.

President Tomlinson read a paper in regard to the telephone situation, setting forth the stand of the association—unanimously adopted. Some steps were taken which will make the stand more effective and binding. The members of the association were of one mind when it came to the telephone situation and will act as a unit. Mr. Tomlinson's statement is as follows:

"As chairman of the Business association of Salem, I deem it my duty to make a few statements in connection with the controversy between the association and the Columbiana County Telephone company.

"In the first place our association believes in fair play, in legitimate competition and in carrying out its convictions to the letter. Every one is familiar with the conditions under which the people of Salem were permitted to expand their telephone service with the coming of the Columbiana County Telephone company into the local field. No matter how much we valued the extended service, or how advantageous it was to our business interests and our private and personal convenience, we felt and rightly felt, that we were paying for that service full market price, paying all that was asked and all that we should be expected to pay.

"Now the Columbiana County Telephone company decides to ask us individually, 50 per cent more for the use of its system than we had been promised the service for, and then we heretofore paid. We, as an association of business men, bound together with our individual promises to work and act for the common good

of all, without the least intention of depriving of their God-given rights, our friends the public, with the idea held high above our heads that our measure of success can only be full proportionately as that of those with whom we have dealings outside the association is full.

"We arose to protest against this unreasonable advance which could not only so seriously add to the expense of each of our members, but would effect our patrons in the same way as well. We saw that if we sat quietly by and allowed the one company to charge us an exorbitant price for its product, it was reasonable to believe that the other company would follow suit and it would only be a matter of a short time until we would be paying nearly double for our telephone service and then would likely get communication with fewer people on account of many dropping their 'phones because of being charged more than they could afford to pay. We claim to have been championing the just cause of the entire public, the business men and the consumers and we assert our right to take such a stand and maintain it until doomsday if necessary to preserve our sacred rights.

"We have at no time sought to antagonize the Columbiana County Telephone company and have not until now publicly denounced their gross misstatements and misrepresentations concerning new contracts they claimed to have written with members and the large, but unpublished list of subscribers they claimed to have under the new rates. Their object seems to have been to mislead the public and their methods seem to have been so unbusinesslike that it behooves the members of our association to stand firmly on the ground they have taken and not waver one 'jot or tittle' from the support they have pledged themselves to give.

"The success and the life of our association is within the hands of its members, and for heaven's sake preserve it. If there are among our members those who have lost sight of the importance of loyalty, let them turn on their heels at once, no matter at what cost, and their financial loss will be as a grain of sand to a mountain when compared to the honor that will be given in return.

"L. TOMLINSON,  
President Salem Business Association."

### SOCIAL EVENTS

Boring-Hewitt.

A pretty home wedding was solemnized Wednesday at the home of James Boring, who resides one mile east of Mechanicstown, Carroll county, when their accomplished daughter, Fannie, was married to Perry Hewitt, of Mechanicstown. Rev. Mr. Hays, pastor of the Presbyterian church of Mechanicstown, officiated. Immediately after the ceremony a fine supper was served the guests, about 20 in number. The bride is the youngest daughter of James Boring and wife, and has a wide circle of friends. The groom is one of the prosperous young men of Carroll county. They will go to housekeeping at once in their own furnished home.

McGillivray-Haverfield.

Rev. F. E. Dean performed the ceremony yesterday afternoon marrying Harvey Haverfield and Miss Maud McGillivray. The contracting parties are Sallenville's best young people and both are well known to society there. Only a few invited guests were present. After the ceremony the guests were seated to a dainty wedding dinner. The groom holds a responsible position with the Citizens' Banking company, of Sallenville. The bride is the daughter of J. W. McGillivray, a well known grocer. The happy couple left on the evening train amid a shower of rice and old shoes, for a trip in the east and Southern Ohio.

Entertained Friends.

Miss Elizabeth Morrow pleasantly entertained a number of her friends on Tuesday evening at her home on Second street. The event was given in honor of Mr. Floyd Clark, of Mecca. The evening passed delightfully in dancing and games.

Arranging for a Social.

The McKinley Home Guards held a meeting last evening in G. A. R. hall. Following the business session it was decided to make preparations for a social which will be given in the near future.

Medical Society Meeting.

Lisbon, October 8.—(Special.)—The next meeting of the Columbiana County Medical society will be held in East Palestine Tuesday, October 13, at 1 o'clock, in the Juniata club rooms. A large attendance is expected, and an invitation is extended to physicians who are not members of the organization.

## MAN GROUND TO PIECES UNDERNEATH A TRAIN

Wellsville Brakeman Mangled Beyond Recognition While On Duty Near Salineville.

HE WAS SOON TO HAVE BEEN MARRIED

Mangled to terribly that recognition of him was almost impossible by his most intimate friends, the body of Joseph Stierel was gathered from the main line of the C. & P. road a mile north of Salineville last evening at about 9:30 o'clock. He had been run down and instantly killed by a west bound freight train.

Stierel was a brakeman and had been in the employ of the C. & P. company for a year, making his home at Wellsville. He went out on his regular run Tuesday and was returning to Wellsville when he met with the terrible accident. The train upon which he had been working had been ordered to side-track and Stierel was sent back a short distance up the main track to flag a freight train closely following. It was the latter train that killed him, but just how the accident occurred is not known.

Rain was pouring in torrents, the

wind was blowing furiously and total darkness prevailed.

It is supposed that while making his way through the awful blasts he was unconscious of the approach of the train and if he saw it at all it was too late to jump and save himself. The engineer and fireman saw his form, but too late to prevent the mishap and when they got the train to a standstill the body had been ground and torn into numerous pieces. After a long search the remains were gathered into one blood-stained and ghastly looking mass and taken to Wellsville, where they were turned over to Undertaker Haugh, who prepared them for shipment.

Stierel was about 35 years of age. His former home was in Mahanoy City, Pa., where the body will be sent upon the receipt of word from his relatives. It is said that he was married once, his wife dying a few years ago and that he was to have been married again in a short time to a Cleveland girl.

Of him he was going at the rate of 40 miles an hour and that he was headed toward any other spot on earth but Lisbon. Chief Wyman heard the shuffle of Stierel's feet as he ran from the city hall and gave chase, but the young man was too fleet of foot and left the chief in the dim distance.

All of the officers were communicated with immediately and a combined effort was made to land the fugitive, but he was not seen. Chief Wyman went to the home of Stierel's parents this morning at 4:30 o'clock, thinking that he might find his man, but the father said he and his son were not on speaking terms and he knew better than to come around the house.

Prosecutor Brookes states that Stierel is not needed badly, the evidence being strong enough, but that he would like to teach Stierel a lesson. The penalty for contempt of court is severe.

## LABOR DAY PRIZE WAS DIVIDED

Teamsters and Engineers Each Get Half of the \$25 for Best Display.

After a delay of more than a month the award of the prize offered for the best appearance and largest percentage of members in the Labor Day parade was made at the meeting of Trades and Labor Council last night. There was considerable doubt in the minds of the committeemen which of the two unions, the teamsters or the engineers, was deserving of the prize of \$25 and it was finally decided to submit the decision to the two unions concerned. Their decision was to divide the purse equally.

The grievance committee made a complete report upon the settlement of the plumbers' strike and the members were, congratulated over their prompt work.

Three new delegates, John Phillips, Local No. 49; N. G. Sayres, Local No. 57 and R. A. Webber, Local No. 4.

**The Oldest Knight Templar.**  
Cleveland, October 8.—B. N. Shaw, of Chardon, is the oldest Knight Templar in Ohio. He is 82 years old, and has been a member of Eagle commandery 40 years. Sir Knight Shaw is a resident of Chardon, was once sheriff of Geauga county and is as hale and hearty as the youngest member of his commandery. This Nestor of the conclave is receiving, with his commandery, at the Forest City house.

## ADDITIONAL INDICTMENTS HAVE BEEN MADE PUBLIC

Two East Liverpool Cases Among the Batch of True Bills Reported.

Lisbon, October 8.—(Special).—The following additional indictments returned by the recent grand jury have been given out:

Peter Wollam, charged with interfering with electric light wires in Wellsville.

Cyrus, John and George Newhouse, of Newhouse, a hamlet east of Elkton; assault and battery committed on Charles Harriott May 9, last.

Thomas Dorsey, East Liverpool; selling liquor to a minor.

Barbara Barth, East Liverpool; assault and battery committed on Johann Stebner May 24, last.

## DEAR EXPERIENCE WITH THE MACHINE

Irontale's ex-Mayor Wants Damages From a Nickel-in-the-Slot Proprietor.

GROUND OF HIS CLAIMS

Lisbon, October 8.—(Special).—The case of Benjamin J. James, former mayor of Irontale, versus S. S. Creadon, came on for trial before the jury this morning, on appeal from the court of Justice Daniel McIntosh, of Yellow Creek township.

The plaintiff asks \$120 damages, alleged to have accrued to him through the fraudulent representations of the defendant regarding the legality of the use of a certain slot machine. On November 15, 1901, the plaintiff gave to the defendant slot machine privileges in his billiard room in Irontale, on the strength of Creadon's representations that the machine to be installed there was a lawful device; that he had machines in operation in all parts of the state and that he would stand between the owner of the property and any loss or damage.

December 5, 1901, Samuel Rush, whose minor son had lost money in trying to work Creadon's machine, began action to recover damages in the court of Justice W. P. King, in Saline township, Jefferson county. At the solicitation of Creadon, who promised to remunerate him, Mr. James a few days later settled the claim, which, with the costs, amounted to \$120. James now asks judgment for this amount.

The defendant filed an answer in which he held that the plaintiff knew that the slot machine was a gambling device. Charles Boyd, of Wellsville, and Jay S. Paisley, of Salineville, are the plaintiff's attorneys, and Judge J. G. Moore, of Lisbon, and Louis C. Moore, of Salineville, represent the defendant.

## DAUGHTERS OF REBEKAH IN ANNUAL CONVENTION

About 100 Delegates Representing the District Assemble at Lisbon.

Lisbon, October 8.—(Special).—About 100 visiting delegates were present this morning at 10 o'clock at the opening of the annual convention of the Daughters of Rebekah of the Thirtieth district. The sessions are being held in Odd Fellows' hall. The convention opened with singing, prayer by Rev. George Fowler, of Lisbon. Addresses of welcome by Mayor George T. Farrell, for the city, and Miss Harriet Young, for Lisbon lodge. Mrs. Job Evans, of Home lodge, No. 119, Salem, responded.

The morning session included vocal and instrumental music by Misses Leah King and Daphne Springer, Mrs. C. G. Baxley and Martin Jay Force, of Lisbon. The visiting delegates are being entertained by the local W. C. T. U. Among those in attendance are Grand Master Charles C. Payey, of Columbus, and the president, Ethel Ritchey, of Delaware, O.

## CONSULS ARE INVOLVED IN SMUGGLING SCANDAL

American Diplomats Alleged to Be Concerned in a Scheme to Get Chinese Into Philippines.

Manila, October 8.—(Special).—Consul McQuade, stationed at Canton, and other American consuls, are charged with having been involved in a scheme to smuggle Chinese into the Philippines.

## CAMPAIGN PLANS WERE DISCUSSED

Republican Central Committee Held An Enthusiastic Meeting Last Night.

FORAKER MUCH WANTED

To Address a Rally in This City and It Is Hoped He Will Come—Other Features of Campaign Work Were Talked Over.

The inclement weather last evening was responsible for a small attendance at the city hall of members of the Republican central committee, called together for the purpose of arranging for the campaign now in progress over the state. Notwithstanding this, all business possible to attend to at the present time was given due consideration.

Chairman W. L. Smith being out of the city it was necessary to select a man to fill his place temporarily and W. M. Hill was unanimously chosen. Attorney James McGarry acted as secretary. Acting Chairman Hill announced that a Republican rally is to be held in both the central part of the city and the East End and asked for the wishes of the assemblage as to who the speakers shall be.

It was recalled that Senator J. B. Foraker had promised to make a campaign speech in the city this fall if possible, and he was the unanimous choice of the committee. There is a possibility, however, of his being unable to be present, and acting in accordance with the instructions of the state committee, four names of speakers were chosen, two of which will be appointed. The names are: Senator J. B. Foraker, Senator M. A. Hanna, Hon. J. J. Sullivan, of Warren, and Hon. Randolph Walton. The latter will be assigned to the East End.

The speakers are all eminent men and will be greatly appreciated. Senators Foraker and Hanna are well known locally. Hon. J. J. Sullivan is a self-made man and one of the most brilliant orators in the state. He is a personal friend of Senator W. V. Blake, who recommends him highly and who will do all in his power to get him to accept the invitation. Hon. Mr. Walton is private secretary to Gov. Nash and an orator of no mean ability. The date was not decided upon when the rally is to be held, but it will occur some time during the next two weeks.

Vacancies noted in the committee were filled as follows:

Second ward, second precinct—F. E. Grosshans, vice A. W. King.

Third ward, first precinct—Gasper Mettsch, vice A. W. Stevenson.

Third ward, second precinct—J. N. Rose, vice L. T. Stevenson.

Secretary McGarry was instructed to prepare a circular letter for distribution among the voters of the city containing the boundaries of the precincts of the several wards. The boundaries—complete—are as follows:

First ward, first precinct—From the state line west to the center of Martin street. Second precinct—From center of Martin street west to Ralston's crossing.

Second ward, first precinct—From Ralston's crossing west to center of Broadway, north to Sixth street and Bradshaw avenue. Second precinct—North to Morton street and Calcutta road. Third precinct—North to corporate limits.

Third ward, first precinct—From Broadway west to Jackson street to Sixth street. Second precinct—From Sixth street and West Market street north to corporate limits.

Fourth ward, first precinct—From Jackson and Sixth streets to Carpenter's run. Second precinct—From Sixth street and West Market street to Carpenter's run. Third precinct—All west of the second precinct to the corporate limits.

Agreement Between Uncle Sam And China Put in Effect By Official Action.

Washington, October 8.—(Special).—The Chinese-American treaty was signed at Shanghai today.

Rummage Sale Soon.

The Young Ladies' Missionary society of the First Presbyterian church have decided to postpone the rummage sale until some time in the spring, but the rummage sale will be held very soon.

## DRAWING LARGE CROWDS

Hanna, Herrick and Harding Are Holding Successful Campaign Meetings.

Columbus, October 8.—(Special).—Hanna, Herrick and Harding are drawing large crowds and having very successful meetings. Harding is making a good reputation as a speaker, and according to Chairman Longworth, of the speakers' bureau at Republican headquarters, is more in demand than any other speaker. Hanna and Foraker will address a big meeting here October 29.

Foraker will make many speeches, but his itinerary is yet to be made up. Governor Nash will also take the stump. The state committee is at work on the dates and places for the meetings to be addressed by the 30 or 40 outside speakers who will enter the state.

## VETERANS HAD A FINE REUNION

Old Soldiers of the 104th Will Meet Next Year at Akron.

THE ELECTION OF OFFICERS

The afternoon exercises yesterday at the thirty-fourth annual reunion of the 104th O. V. L., held at the Cooper opera house, Wellsville, which was prettily decorated and made comfortable for the veterans, proved very interesting and entertaining.

After the meeting was called to order by the president, Rev. Dr. J. C. Taggart, of East Liverpool, opened the ceremonies with a short invocation. The address of welcome by Mayor Fogo followed, welcoming the veterans to the city. This address was responded to by S. S. Cope, the chairman of the day and a member of the local committee.

Regular business was then taken up by the regiment and reports were received and communications read. Communications were read from members of the regiment scattered from coast to coast, expressing their regrets at being unable to attend the reunion. The report of the treasurer was then heard. He stated that at the last meeting held last year at Massillon, there was \$18 in the treasury, but said that \$20 of this had been voted to be given to the McKinley memorial fund at Canton. The treasurer of the regiment displayed a receipt for this donation from the memorial fund committee at Canton and reported a balance of \$28 in the treasury. This was all the report he had to make.

Chairman Cope volunteered the information that there would be no expense connected with the meeting in Wellsville this year, as the local committee proposed to bear all of this expense, so that the amount in the treasury will be increased this year instead of decreased.

The next matter in order was the report of deaths in the different companies during the past year. The following reports were given by each company: Co. A—James Allen; Co. B—No deaths; Co. C—Capt. Hugh Seargent, William G. Alcorn, Luther A. Paxton, Harvey Huston, Herman D. Lead and J. M. Ashburn; Co. D—No deaths; Co. E—No deaths; Co. F—No deaths; Co. G—No deaths; Co. H—No deaths; Co. I—Lloyd Heman; Co. K—Henry S. Keppel, David Smith, Charles F. Fox, James A. Bevington, George E. Farmer, James E. Tanner.

The selecting of committees and reports and other miscellaneous business was then taken up after which the meeting was adjourned for supper.

The evening session was very successful and was thoroughly enjoyed by the large crowd of survivors of the regiment who were present. The program consisted of a camp fire, which was a sort of social affair, the soldiers conversing with one another on old times and singing old war songs that were suggested. A fine musical and literary program of local talent followed the camp fire and was thoroughly enjoyed.

A short business session was held early this morning and the business of the reunion completed and the comrades allowed to bid one another farewell, perhaps for the last time. The election of officers resulted as follows: President, Eli Smith, Akron; secretary, J. F. Whittlesey, Akron; treasurer, J. R. Lawrence, Canal Fulton. The next meeting will be held at Akron in October, next year.

## ENGINEERS PRESENT THEIR ULTIMATUM

Unless Their Proposed Scale Is Signed By Monday Next International Union Men Will Quit.

MATTER REPORTED TO TRADES COUNCIL

An ultimatum, from International Union of Steam Engineers, No. 169, of East Liverpool, to the effect that the members would refuse to go to work on next Monday morning unless the present difficulties are settled, was sent this morning to the manufacturers and others in the city employing members of the union.

This action is said to have been found necessary after every other effort to settle the difficulty had failed. The delegates to Trades and Labor Council from the local reported at the meeting last night that a peaceful settlement had been found impossible, as the committee from the United States Pottery association persistently failed to show up at the meetings arranged on several occasions.

The determination of the engineers, reached after several months of negotiations, during which time their representatives have met with constant rebuffs, will no doubt be carried into effect on next Monday. While all the

plants in the city are not concerned the results of this action will of a very serious nature. Unless engineers can be secured to fill the places of those who will walk out a majority of the pottery plants and other manufacturing establishments in the city will be tied up and thousands of men thrown out of employment.

At a number of plants in this city and Wellsville, where union engineers are employed, the men are receiving the minimum wages demanded in the new scale, submitted July 10. Quite a number of other employers, other than manufacturing potteries, have stated that they will accede to the demands at the proper time. In the potteries a number of the engineers have been for some time receiving the minimum wage, but the employers have refused to sign the scale, owing to objection to the first clause in the agreement, providing that none but union men be employed. The insistence of the men

## KNIGHTS TEMPLAR AT CLEVELAND

Welcome to the City Followed By a Large And Imposing Parade.

Cleveland, October 8.—Not a hiten marred the events of the Knights Templars' second day of the conclave and everything went forward according to program with flying colors. All the commanderies are now in the city, one of the largest delegations to arrive being that including Lake Erie commandery No. 20, and Hugh DePayens No. 30, both of Buffalo, which come as guests.

At 9:30 a. m., Reed commandery No. 6, of Dayton, acting as a specially chosen escort, marched with the grand commander from the Hollenden to the music temple. There in the hall, the formal opening of the grand commandery session was held at 10 o'clock. On behalf of the city, Member of the Board of Public Service Cooley welcomed the knights to Cleveland, and spoke for 10 minutes in such a vein that he was roundly applauded.

Sir William T. McClean, right eminent grand commander of Ohio, responded to the speech of welcome and the sixty-first annual conclave of the grand commandery of Ohio was declared formally opened. The session, which was of a secret nature, and for the transaction of state commandery business, lasted until 12 o'clock. None but present or past eminent grand commanders are privileged to attend this session, and of those about 750 were present. The grand parade started shortly after 2 o'clock and was a most impressive spectacle.

## WARSHIPS ENTER A COREAN HARBOR

Ninety Russian Vessels Anchor Alongside the Japanese Men of War.

Paris, October 8.—(Special).—Ninety Russian warships have arrived at Massanphong harbor, South Korea, and anchored alongside Japanese warships. Several brigades of Russian troops are also encamped on the Korean border.

Regarding the future of Korea diplomatic proceedings are being negotiated at Tokio.

New Industry in Operation.

Bellaire, October 8.—One more large industry in Bellaire has started, one that counts very much to the city. Yesterday morning fire was started in the Thomas L. Strong enamel works. The contract for this plant was let less than five months ago. It will employ between 200 and 300 people, male and female. This makes four plants of this kind Bellaire has, and all considered the finest. The company will be making ware in a few days.

## MUCH HEATED RIVALRY IN MARRYING BUSINESS

'Squire Rose and Justice McCarron Working Hard With Honors About Even.

Two of the local justices, 'Squire Rose, the senior judge, and Justice H. P. McCarron, "the Irish judge," as he is styled by the former, are engaged in heated rivalry in an attempt to get a monopoly on the "marrying business." Both are hard workers and for the present week honors are about equally divided. 'Squire Rose having married two couples and obtained five licenses while the younger justice has actually married three couples. Both are confident of at least double the number before Saturday night.

Two of the couples for whom 'Squire McCarron tied the nuptial knot passed through the pleasant ordeal this morning, a few minutes before noon. The justice says it was a real good appetizer for his dinner. Both couples were from New Brighton. They are Grover Kincaid and Miss Mary Free; Thomas Murphy and Miss Elizabeth Lincoln. According to the 'squire they comprised about the prettiest bevy of Cupid's victims that he has seen together in many a day.

Justice Rose gives but one of his marriages for publication. William D. Teneyck and Miss Fannie E. Cramer, both of the city, called at his home last evening and asked to be married. The 'squire performed the ceremony with all the grace and dignity of an old fashioned Methodist minister and the couple went away all smiles.

## THE GUN CLUB TROPHY NOW ON EXHIBITION

Prize Offered By the News Review to Expert Marksmen Can Now Be Seen.

A handsome silver cup, the trophy offered in the shooting tournament at the News Review's annual outings, has been placed on exhibition in one of the show windows at Lewis Bros' by the East Liverpool Gun club. The cup is of a very graceful design, handsomely gotten up and attracted a great deal of attention.

The East Liverpool club, under the conditions of the shoot, is entitled to hold the cup until next year, when it is to be contested for again at the News Review outing.

Long Idle Mills Start.

Wheeling, October 8.—Sheet mills that have been idle since last June have been ordered to work at the Whitaker mill. The announcement was made Tuesday that sheet mills Nos. 2 and 3 would be started at once, without further delay, and that mills Nos. 1 and 4 would resume operations Monday next.

John W. Gates, who knows something about Wall street himself, calls the stock exchange flurry a rich man's panic. Probably he is right. Shares of many sorts, particularly the industrials, dropped, but government bonds are not affected, the bank clearings remain at a high figure except as the falling off in speculation diminishes them, and the railroads of the country have all the work that they can handle, and more than they can handle conveniently. The mills, mines and factories generally are busy. The excitement is virtually unknown outside of the scope of the operators on Wall street. Moreover, even there the situation is much improved.

Campaign enthusiasm will not be found lacking in East Liverpool, no matter what campaign orators the state committee may send here. Incidentally, however, it should be remembered that such a Republican stronghold is entitled to the best.

states the size of Ohio. Its entire population is only about 2,500,000, while it is capable of sustaining twice the entire population of the United States. It has magnificent resources which remain undeveloped because of the revolutionary habit of its people.

Bryan's enthusiastic endorsement of Johnson would effectually dispose of the Cleveland mayor as a factor in Ohio politics, even if the voters of the state had not made up their minds to attend to that job.

Johnson's administrations have added \$5,000,000 to the debt of Cleveland and he is doing his best to increase the amount. Nice recommendation for a man who aspires to be governor of Ohio!

Now that T. C. Platt is to be married at the age of 70 it is recalled that he wrote sentimental poetry in his youthful days. Great men all have their weaknesses.

If the nation can entrust the president with the veto power surely the people of Ohio can do likewise with their governor. The amendment should pass.

The latest lunatic who called at the white house was evidently no crazier than a good many other visitors there. He merely wanted \$750,000 from the government.

There is never any doubt where Senator Hanna stands on a public question. He has the confidence of the people because he takes them into his confidence.

As Charles M. Schwab is credited with having made \$21,000,000 on a recent deal the fact that he had to quit his job is probably not worrying him.

Tom Johnson will get a chance for a joint debate and ought to be happy. It will be better than a press agent to advertise his circus.

## OBITUARY

Dawson W. Snowden.

Dawson W. Snowden, aged about 70 years, died at his home on Tomlinson run, south of Chester, last night after an illness of but a few hours. In the afternoon he had been cutting corn, and seemed to be enjoying his usual good health. After the evening meal he was taken suddenly ill and died in a short time thereafter. He is survived by his wife and four children.

Mr. Snowden was well known not only in Chester, but throughout Hancock county. His droll stories abounding in quaint humor won for him friends and acquaintances wherever he went. He was a painter by trade, but recently has devoted all his time to his farm.

The arrangements for the funeral have not been completed.

Everett Donaldson.

Everett Donaldson, who resided about one-half mile west of Mechanicstown, died suddenly at his home yesterday afternoon. He was one of the prominent citizens of Fox township, Carroll county, where he has lived all his life. He leaves a wife and family. The funeral services took place this afternoon at Scroggsfield, Rev. Mr. McKnight officiating.

## FRIENDS AND VISITORS

F. H. Croxall was in Pittsburg yesterday.

D. F. Triem, of Salem, was here on business yesterday.

Henry J. Abrams has gone to Lincoln, Neb., to visit M. M. Abrams for a month.

Miss Sarah Law and Miss Florence Walker, of Toronto, visited East Liverpool friends yesterday.

Mr. and Mrs. Arthur Hostetter, of Minerva, were yesterday the guests of Mr. and Mrs. William Hall.

William Calhoun left on his eastern trip today, and expects to see the Boston-Pittsburg ball game today.

President T. J. Duffy, of the N. B. of O. P., addressed the meeting of the local at Kokomo last evening.

Mrs. Sue Carson, College and Fifth streets, left this afternoon for Pittsburg, where she will visit her daughter for a week.

Fred Irven Evans, of Irondale, and Bertha May Crawford, of East Liverpool, were licensed to marry at Wheeling on Tuesday.

About 80 friends and relatives, including many from East Liverpool, attended the celebration of the sixty-seventh wedding anniversary of Mrs. Joseph Bryan, of Georgetown.

## AT THE THEATER

Those who saw the production here have talked so much about it and those who did not have expressed such a desire to see it, that Manager Norris has secured "York State Folks" for next Tuesday evening at the Grand. The seats for this engagement will be placed on sale next Friday morning, and it is expected that the advance sale will be one of the largest in the history of the theater. Already Manager Norris has received a number of requests to hold certain seats, but this will be impossible, as all will be given an equal opportunity. First come, first served.

A manager who expends thousands of dollars in order that nothing will be neglected that might add to the enjoyment of his patrons certainly deserves success, and as a rule he generally gets it. "The Quinlan & Wall Imperial Minstrels" you can rest assured that there is money and push back of it; the beautiful, artistic, pictorial lithographic work is the finest and costliest on the road. So there is no doubt that the Quinlan & Wall Minstrels will meet with the best of success. At the Grand Monday night.

Killed Husband in Self-Defense.

Dayton, O., Oct. 8.—While his wife, Katharine, was waiting on a customer in their restaurant, W. H. Lane came home drunk and abused her, striking her with his hand, knocking her down. She fled to the kitchen, where he followed her and struck her to the floor a second time. In falling she grabbed a long knife and thrust it through her husband's heart, killing him instantly. Two ribs were completely severed. When she saw what she had done the woman, crazed and grief-stricken, fell upon his body and was covering it with caresses and kisses when the police came.

Young-Hannay Nuptials.

Washington, Oct. 8.—A distinguished company witnessed the marriage at St. Thomas church, of Miss Elizabeth Young, daughter of Lieutenant General Samuel B. M. Young, chief of staff of the army, and Captain J. R. Hannay, of the Twenty-second infantry. General Young escorted his daughter to the altar, where the ceremony was performed by Rev. Ernest M. Smith, the rector of the church. Among those present at the wedding were President and Mrs. Roosevelt, Miss Alice Roosevelt and Admiral Dewey.

### WORK MUST BE DONE ALL OVER AGAIN

The Storm Filled Up the Water Works Pump Pit And Caused \$2,000 Damages.

The heavy rain storm last evening, besides causing other slight damages, caused a damage to the new water works pumping station pit aggregating about \$2,000. The entire pump pit, which had been excavated to a depth of 35 or 40 feet, was entirely destroyed and will have to be re-excavated.

The Duquesne Engineering company of Pittsburgh, contractors in charge of the work, and who bid to do the work at a rock bottom price, are the losers. They will now lose in the neighborhood of \$1,500 on the contract, as it is stated that they only figured about \$500 profit.

Cribbing has been placed all around the new pump pit when the men had been working, excepting at the bottom for a distance of about nine feet. The cribbing should have been extended to the entire depth, but the contractors run the risk of fair weather and allowed it to remain in that condition one night. The result was that water washed out the under clay, under the cribbing, and the dirt next to the cribbing soon began to sink and finally caused the cribbing and all to cave in. The pit was nearly filled up.

It will require all the men working every day for three weeks or a month to repair the damage done, and this work will be started at once. This delay will prove a serious one, as it is rapidly approaching the time for cold weather and the exterior work ought to be completed before that time. The contractors will work night and day to complete the job.

#### Promised to Pay \$5.

Thomas Madden, a young man who resides in the West End and who has not figured in the mayor's court for some time, was again taken in the toils yesterday by Chief Houser on a charge of being drunk and disorderly and fighting. He was brought before the mayor last evening and pleaded guilty. He was released upon his promise to pay a fine of \$5 to the mayor as soon as he could earn that amount.

### SIMPLY BREATH IT

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation. The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1. and if after using you can say that it has not helped you Will Reed will return your money. What other treatment for catarrh is sold under a guarantee like this?

### FIERCE FIGHT

At Tin Mill Results Unhappily for Two Italian Laborers.

A fierce fight in which two Italians were worsted by a full fledged American citizen occurred at the tin mill this morning. But for prompt and vigorous action on the part of Mill Officer Crosser the fight might have resulted in a tragedy. As it was one of the Italians received several painful scap wounds, which were dressed by Dr. W. P. Donohoo.

It is understood that the Italians resented the remarks concerning them made by some of their fellow workmen. A quarrel ensued which soon developed into a rough and tumble fight. Officer Crosser clanced to be near and arrested the trio before they had time to knock out each other.

When taken before Mayor Mercer, all pleaded guilty and were fined \$50 each. Thereupon the Italians filed charges against three boys, employees of the mill, for provoking a breach of the peace by taunting and insulting them. The boys were arrested but no evidence worthy of consideration being offered, they were promptly released.

#### Drowned the Chickens.

Samuel Mack, of New Cumberland, has moved to Wellsburg. He took his effects a part of the way by skiff, the other part they floated. En route they had a mishap. The load consisted of about three wagon loads of furniture, etc. Every thing went lovely and the chickens were high and dry until Mr. Mack was reached, when the skiff struck a stone, sinking the whole outfit. The three sailors managed to escape, but succeeded in drowning 75 out of the 100 chickens.

#### Entertains Junior League.

## INDEPENDENT TEAM IN HIGH SCHOOL

Boys Form a New Football Organization and Elect Coach and Officers.

The prophecy of the News Review that greater interest would be manifested in football this season than ever before in the history of the city is certainly being realized. In this issue are the announcements of two new teams and the end is not yet. A number of the alumni of the local high school have organized a team and have named it "The Independent High School Team."

Dr. Roy Haverfield, who played last year with the Ohio Medical University eleven, has been selected as coach and the following officers have been elected: Blaine Cochran, manager; Joe Grannan, captain and Ernest Thompson, treasurer. The team colors are green and white.

Practice will be commenced at once and it is expected to be in condition to play in a short time. Games will be arranged with high school and college teams from surrounding cities.

The lineup is as follows:

Ernest Thompson, left end; Frank Gardner, left tackle; George Eckhardt, left guard; John Evans, center; Nicholas Flesch, right guard; Blaine Cochran, right tackle; Floyd Miller or Will Smith, right end; Will Davidson, quarter back; Alfred Cartwright or Harold Hoskins, left half; Joe Grannan, right half; Fred Mountford, full back.

#### The Ancient Girdle.

In Rome a man's investiture of his girdle showed that he was intent on work of some nature. When he took it off and let his tunic fall it was patent to all that business was over and that he was free to speak to his friends at his and their leisure. Thus the girdle served a purpose—negative in its character, of course, but a purpose nevertheless. Its sphere of usefulness did not end here. It was figurative of property. When a man or woman put off his or her girdle it was a token of renunciation of some right or privilege. The widow of Philip I., duke of Burgundy, for instance, renounced her right of succession by "putting off her girdle on the duke's tomb." Per contra, the princes of Ireland in taking the oath of fealty to King John, laid aside their girdles, their skeans and their caps. "In the ceremony of excommunication," says a writer, "the bishop cut or tore away from the culprit the girdle that was about him and the newly made husband in Rome took from his wife the maiden girdle of sheep's wool in which she was bound up to the day of her marriage."

Another Crank at White House.

Washington, Oct. 8.—John Decker, of Norwich, Conn., who evidently is a mechanic, about 44 years old, entered the White House soon after the doors were opened. The official's thought from his actions that he was a crank and arrested him. He was not armed and made no resistance when placed under arrest. He was turned over to the police authorities. Decker was examined later in the day, pronounced insane and removed to the government insane asylum.

Barber Killed by Bartender.

Vincennes, Ind., Oct. 8.—George McAndrew, white, shot Roy Beard, colored, killing him instantly. Beard, who is a barber, went into Martin's saloon, where McAndrew is bartender, began a quarrel and started toward McAndrew with a razor. McAndrew then drew his revolver from his hip pocket and shot Beard. The negroes are greatly excited, and trouble is feared. McAndrew was immediately placed in jail.

Dies of Injuries in Football Game.

Chicago, Oct. 8.—Gustave Julius Becker, the 16-year-old boy who was injured in football practice at Lake Forest academy, is dead. Becker's back was broken Sept. 18, in a collision with another boy. The body will be taken to Belen, N. M., where the boy's parents live.

W. C. T. U. Shows Big Gain.

Canton, O., Oct. 8.—The state convention of the W. C. T. U. was occupied with reports from the county presidents. The reports show a total membership of 12,994 in 604 local unions. This is a gain of 93 unions and 500 members for the year.

## ENGINEERS PRESENT THEIR ULTIMATUM

Continued from First Page.

on this demand has greatly complicated the situation, as several of the engineers of the city are members of the N. A. S. E., another organization. The N. A. S. E. is an educational society and it is not concerned in the demands of No. 169.

It will be remembered that in order to settle the dispute, which has been in existence since July 10, the date of presenting the new scale, H. B. Erdhaus, an international officer of the union, was sent here to conduct the negotiations. Upon his arrival he withdrew the demand in the form presented by the men and substituted the form used and sanctioned by the international body. The difference in the two sets of demands is very slight.

Mr. Erdhaus called upon a number of employers and arranged for a meeting with the committee from the United States Potters' association. The committee failed to appear at the appointed place and at the appointed hour. In the midst of these difficulties and disappointments Mr. Erdhaus was called to Columbus by the alleged defalcations of George M. Collier, state examiner of steam engineers. The settlement of the difficulty then reverted to local unionists, but they did not succeed in having the scale adopted.

While the failure of local No. 189 to have the new wage agreement adopted was reported to Trades and Labor Council last night, no help was asked of that body except that moral support be given.

Mr. Erdhaus upon leaving the city stated that the question of a settlement was now up to the local and the international association, and it is figured that the decision of the men to walk out has been sanctioned at headquarters.

The committee appointed some time ago from the Potters' association to deal with the engineers' demands is composed of Messrs. H. A. Keffer, of the Severs, H. P. Knoblock, of the Dresden, and J. T. Smith, of the Smith & Phillips. The committee will not hold a meeting some time before Saturday to determine a course of action.

#### Automobiles Reach Pine Hill.

Pine Hill, N. Y., Oct. 8.—The automobiles which are making the endurance test of the National Association of Automobile Manufacturers to Pittsburgh, made the run from Weehawkin to Pine Hill in exceptionally good time, considering the heavy roads encountered. All the cars have so far escaped without serious accident, and several have made a clean record. The innovation of spreading confetti at the curves of the roads proved effective and only two operators reported losing their way. The first of the cars in the contest reached Pine Hill in a driving storm at 3 o'clock in the afternoon. By 6 o'clock 27 out of the 34 competing cars had arrived. At 8 o'clock all but four reached the carriage and were quartered for the night.

#### Big Bequest to University.

Irvine, N. Y., Oct. 8.—The will of Frederick Guiteau bequeaths \$100,000 outright to Cornell university. The income of \$40,000 and the use of the Irvine estate is bequeathed to his sister, Mary G. Howe, during her life. After disposing of amounts ranging from \$500 to \$5,000 to 20 relatives, the residue, in addition to the \$100,000 gift, is left to Cornell university. The value of the estate is estimated at more than \$1,000,000.

#### On Trial for Brutal Crime.

Berlin, Oct. 8.—The trial of Andreas Dippold, a private tutor, who tied Heinz Koch, the 14-year-old son of Director Koch, of the Deutsche bank, to a bed and whipped him to death, began at Bayreuth. Heinz, with a younger brother, who was also fearfully punished, lived with the tutor in a secluded house. A medical board has decided that Dippold is sane. He alleges that he whipped the boys on the authority of their parents.

#### Four Deaths from Yellow Fever.

Laredo, Tex., Oct. 8.—There has been one additional death from yellow fever, the latest victim being Thomas W. Hutton, 28 years old, a machinist employed by the Mexican National Railroad company. The situation in Nuevo Laredo does not show any improvement. Reports received from that city show three deaths and a great number of new cases. No new cases are reported from Monterey.

# TESTIFY FOR TILLMAN

State Finishes Its Side of Case  
and Defense Is Now Heard.

## EDITORIALS USED AS EVIDENCE

According to a Witness Gonzales Threatened to Fill Tillman Full of Lead—Members of Colonel's Regiment Testify in His Behalf.

Lexington, S. C., Oct. 8.—The defense in the case of J. H. Tillman entered upon the presentation of its testimony. Solicitor Thurmond announced that the state had no further evidence and would rest. Nine witnesses for the defense were heard. It is estimated that the defense will consume the remainder of the week with its witnesses. Juror Sharpe, who has been sick for the past three days, was able to take his seat, although court was adjourned an hour earlier on his account.

The defense first renewed the motion to have the jury instructed to disregard all testimony relative to the possession of a weapon by the defendant, contending that no connection had been shown between that and the shooting. The court ruled that the testimony was competent in view of other testimony given by witnesses for the state.

Editorials from the Columbia State relating to J. H. Tillman were then read and offered in evidence by the defense.

In ruling on a point in controversy affecting the introduction of editorials the court stated that the purpose for which the editorials was submitted was to show the feeling existing between the defendant and N. G. Gonzales.

**Gonzales Made Threats.**

The first witness called was T. D. Mitchell, who was a resident of Columbia in 1902. He was asked if he had any conversation with N. G. Gonzales in 1902, in which the name of J. H. Tillman was mentioned. He replied in the affirmative, saying he met Gonzales in the street, and asked him if he did not "think it about time to let up" on old Jim. Witness said Gonzales replied, "I can slap his face and he wouldn't resent it."

The witness further stated that Gonzales said:

"If he ever bats his eyes at me I'll fill him so full of lead he can't tote it off."

The witness said he told Tillman of the conversation. On cross-examination witness said he forced the conversation on Gonzales; also that he knew Gonzales by sight, but never was introduced to him, and further, that he had told a few days after the shooting that the conversation would be good evidence for the defendant.

A. J. Flowers, a street railway conductor, testified that he overheard a conversation on his street car in Columbia in 1902, in which Gonzales said that if he did not succeed in defeating Tillman in the governor's office he would never be seated, because he would kill the rascal!"

**Said Gonzales Carried a Gun.**

N. B. Cheshire, a printer on an Anderson, S. C., newspaper, was asked to state what he told Tillman at a campaign meeting in Anderson in 1900. Objection was raised by counsel for

## BRIGHT'S DISEASE AND DIABETES NEWS

Office German Democrat.

San Francisco, Oct. 1, 1903.

To the Editors of Ohio:

Dear Sir:—For many years an editor myself, I address you by request and as a simple duty. A great discovery has been made in this city. It is fraught with so much importance and yet is so hard to believe, that those who are personally cognizant should add the weight of their influence, be it great or small.

I not only know by contact with many of the beneficiaries but was myself rescued from Bright's Disease by it. The cure has been found, and the difficulty in believing it is costing many lives. It is astounding how far our prejudices carry us. But the great fact is here, and acceptance means recovery.

After my own unexpected release I wouldn't let my friends rest and several took the treatment and recovered. One was Charles F. Wacker, the Sixth street merchant. He had diabetes and thought he was going to die. He got well and passed for a \$5,000 policy.

I say to you as a brother editor that those of your friends who have diabetes or Bright's Disease, and every one knows of some, that they can recover. I will be glad as one of many survivors out here to give you further information.

Yours, etc.,

CHAS. H. ENGELKE.

We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's disease and diabetes. We are sole agents. Free pamphlet.

the state on the ground that the statement was not made by Gonzales, and consequently heresay. The jury was sent out, when the witness said:

"I told him a representative of the State (newspaper) told me that Gonzales carried a gun for him and that he had better not jump on him with a stick, for it he did he would get h— shot out of him."

After a lengthy argument by counsel extending beyond the dinner recess the court ruled that the testimony was competent, and the witness made the statement before the jury.

The witness was in Colonel Tillman's regiment, and on cross-examination said he paid particular attention to the statement as he wanted to tell Tillman what was said. He said when he told the defendant the latter looked as if it hurt him, but made no reply.

James Davis, the last witness called, had but begun his testimony when Judge Gary ordered an adjournment, that the sick juror might not be overtaxed.

### AIRSHIP A FAILURE.

Prof. Langley's "Buzzard" Dives Into Potomac River.

Wide Water, Va., Oct. 8.—The 60-foot steel-built flying machine, the climax of years of exhaustive study in the efforts of Prof. Samuel P. Langley, secretary of the Smithsonian institute, to solve the problem of mechanical flight in midair, was again launched, and the experiment, carefully planned and delayed for months, proved a complete failure.

The immense airship sped rapidly along its 70-foot track, was carried by its own momentum for 100 yards and then fell gradually into the Potomac river, whence it emerged a total wreck. Prof. Charles S. Manley, who has been Prof. Langley's chief assistant in the work preliminary to the attempted flight, made the ascent in the aerodrome and escaped with a ducking.

At no time was there any semblance of flight, the initial momentum, the lightness of the machine and the sustaining surface of the wings furnishing the conditions which account for the 100-yard transit of the air bird from its 60-foot elevation to the water.

### Just Like a Happy Family.

New York, Oct. 8.—Mayor Low, Comptroller Grout and President Forney, of the board of aldermen, central figures in the complicated political situation in greater New York, met at a session of the board of estimate and their personal attitude was strangely true to their political attitude. The mayor shook hands rather cordially with Forney, but his only greeting to Grout was a formal inclination of the head. Grout's acknowledgment was a nod that was short and quick. Grout and Forney clasped hands across the table in warm and effusive welcome and their extended arms made an arch on a line with the face of the mayor, who sat quietly at the head of the table. Officially they all talked, but the proceedings were formal and frigid.

**River Barges for Freight Traffic.**

Kansas City, Oct. 8.—A proposition to start a line of river barges on the Missouri river to relieve the freight congestion and to provide a weapon to force the railroads to grant lower freight charges has been made. It is proposed to run the line between Kansas City and St. Louis, where a connection can be had with the river service from New Orleans, Pittsburg and other points, and eventually the service may be extended to St. Joseph. The freight system of this part of the country has, it is stated, outgrown the present railway facilities. The names of those back of the project are withheld.

**Prairie Fire Raging.**

Quinter, Kan., Oct. 8.—A great prairie fire which started three miles north of Grainfield is now raging in the territory north of the Salina river. Farmers and residents of Grainfield, on the south, and Hoxie, on the north, have kept it out of their towns, and it is traveling east toward Hill City, along the north side of the Salina. The wind has been blowing from the northwest and the smoke from the fire can be seen from this place, which is 15 miles distant.

**Woman Lawyer Admitted to Bar.**

New York, Oct. 8.—Miss Gabrielle Townsend Stewart, lawyer, after three years' practice in Cleveland, has been admitted to the bar of New York. Unlike man women lawyers, Miss Stewart refuses to confine her practice to so-called office work. She fights a criminal case in open court. Miss Stewart has come from Cleveland to make her home with her mother and brothers on the Hudson near this city. She will take a downtown office in a few days.

**Royal Marriage Consummated.**

Darmstadt, Oct. 8.—Princess Alice of Battenberg and Prince Andrew of Greece were married Evangelically at the court church. The bridal pair and all the royal and princely guests then proceeded to the Russian chapel, some streets distant, where the Greek service, far more imposing than the first one, took place.

<b>CHALLENGE ACCEPTED.</b>  <b>Tom Johnson Will Debate Taxation</b> With Prohibitionist. Columbus, O., Oct. 8.—The Prohibition state committee issued a challenge for a joint debate between Tom L. Johnson, Democratic candidate for governor, and Rev. L. S. Creamer, the Prohibition candidate. They propose Mr. Johnson's favorite subject, taxation, as the theme for the debate. As Johnson on the stump here said when talking about Hanna that a candidate who would not meet his opponent in debate was not entitled to the votes of the people, it is thought he will accept.	<b>Salon, chairman of the state Democratic committee, accepted the challenge of the Rev. Nelson D. Creamer, Prohibition candidate for governor, for a debate with Tom L. Johnson, Democratic candidate, on the question of taxation, agreeing to have Mr. Johnson discuss it with him Oct. 19, at Cleveland.</b> In his letter, however, Mr. Salen points out that he thinks the debate useless, as the Prohibition platform takes no stand on taxation, and because the issue of the campaign is really "To determine whether what Senator Hanna stands for or what Mayor Johnson stands for is favored by the voters."	<b>Doctor Shot by Italian.</b> Corone, L. ### SALEM RESOLVES ON STANDING PAT

Business Association Will Maintain Its Position On Telephone Question.

#### PRESIDENT'S STATEMENT

Read at the Meeting Is a Protest Against the 50 Per Cent Advance in Rates by the Columbiana County Company.

Salem, October 8.—The Business association held its regular meeting Tuesday evening and it was indeed a rousing one, a large attendance of the membership being present when the meeting was called to order by Chairman Tomlinson.

President Tomlinson read a paper in regard to the telephone situation, setting forth the stand of the association—unanimously adopted. Some steps were taken which will make the stand more effective and binding. The members of the association were of one mind when it came to the telephone situation and will act as a unit. Mr. Tomlinson's statement is as follows:

"As chairman of the Business association of Salem, I deem it my duty to make a few statements in connection with the controversy between the association and the Columbiana County Telephone company.

"In the first place our association believes in fair play, in legitimate competition and in carrying out its convictions to the letter. Every one is familiar with the conditions under which the people of Salem were permitted to expand their telephone service with the coming of the Columbiana County Telephone company into the local field. No matter how much we valued the extended service, or how advantageous it was to our business interests and our private and personal convenience, we felt and rightly felt, that we were paying for that service full market price, paying all that was asked and all that we should be expected to pay.

"Now the Columbiana County Telephone company decides to ask us individually, 50 per cent more for the use of its system than we had been promised the service for, and they have heretofore paid. We, as an association of business men, bound together with our individual promises to work and act for the common good

of all, without the least intention of depriving of their God-given rights, our friends the public, with the idea held high above our heads that our measure of success can only be full proportionately as that of those with whom we have dealings outside the association is full.

"We arose to protest against this unreasonable advance which could not only so seriously add to the expense of each of our members, but would effect our patrons in the same way as well. We saw that if we sat quietly by and allowed the one company to charge us an exorbitant price for its product, it was reasonable to believe that the other company would follow suit and it would only be a matter of a short time until we would be paying nearly double for our telephone service and then would likely get communication with fewer people on account of many dropping their phones because of being charged more than they could afford to pay. We claim to have been championing the just cause of the entire public, the business men and the consumers and we assert our right to take such a stand and maintain it until doomsday if necessary to preserve our sacred rights.

"We have at no time sought to antagonize the Columbiana County Telephone company and have not until now publicly denounced their gross misstatements and misrepresentations concerning new contracts they claimed to have written with members and the large, but unpublished list of subscribers they claimed to have under the new rates. Their object seems to have been to mislead the public and their methods seem to have been so unbusinesslike that it behooves the members of our association to stand firmly on the ground they have taken and not waver one jot or tittle from the support they have pledged themselves to give.

"The success and the life of our association is within the hands of its members, and for heaven's sake preserve it. If there are among our members those who have lost sight of the importance of loyalty, let them turn on their heels at once, no matter at what cost, and their financial loss will be as a grain of sand to a mountain when compared to the honor that will be given in return.

"L. TOMLINSON,  
President Salem Business Association."

### SOCIAL EVENTS

#### Boring-Hewitt.

A pretty home wedding was solemnized Wednesday at the home of James Boring, who resides one mile east of Mechanicstown, Carroll county, when their accomplished daughter, Fannie, was married to Perry Hewitt, of Mechanicstown. Rev. Mr. Haye, pastor of the Presbyterian church of Mechanicstown, officiated. Immediately after the ceremony a fine supper was served the guests, about 20 in number. The bride is the youngest daughter of James Boring and wife, and has a wide circle of friends. The groom is one of the prosperous young men of Carroll county. They will go to housekeeping at once in their own furnished home.

#### McGillivray-Haverfield.

Rev. P. E. Dean performed the ceremony yesterday afternoon marrying Harvey Haverfield and Miss Maud McGillivray. The contracting parties are Salineville's best young people and both are well known to society there. Only a few invited guests were present. After the ceremony the guests were seated to a dainty wedding dinner. The groom holds a responsible position with the Citizens' Banking company, of Salineville. The bride is the daughter of J. W. McGillivray, a well known grocer. The happy couple left on the evening train amid a shower of rice and old shoes, for a trip in the east and Southern Ohio.

#### Entertained Friends.

Miss Elizabeth Morrow pleasantly entertained a number of her friends on Tuesday evening at her home on Second street. The event was given in honor of Mr. Floyd Clark, of Monaca. The evening passed delightfully in dancing and games.

#### Arranging for a Social.

The McKinley Home Guards held a meeting last evening in G. A. R. hall. Following the business session it was decided to make preparations for a social which will be given in the near future.

#### Medical Society Meeting.

Lisbon, October 8.—(Special.)—The next meeting of the Columbiana County Medical society will be held in East Palestine Tuesday, October 13, at 1 o'clock, in the Juniata club rooms. A large attendance is expected, and an invitation is extended to physicians who are not members of the organization.

### Fine Millinery.

Doing a nice business in our millinery department these days, busy is scarcely strong enough term to use in this connection. The business being done is pretty good evidence that the prices, styles and workmanship are correct, but suppose you investigate the matter for yourself if interested in millinery. We know if you do it will be to your interest.
